

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. OF THE

Proceedings of the Convention.

The Thirty-seventh Annual Convention of the Diocese of California assembled at the Church of the Advent, San Francisco, the place designated by the Ecclesiastical Authority, on Wednesday, May 11th, 1887, in accordance with the Canon.

Morning Prayer and Litany were said by the Rev. Messrs. Chetwood, Foute, and Gray. The Holy Communion was celebrated for the Bishop of the Diocese by the Right Rev. J. H. D. Wingfield, D.D., Missionary Bishop of Northern California, assisted by the Rev. Drs. Beers, Abercrombie, and Lathrop, and Messrs. Easton, Spalding, and Trew.

The Sermon was preached by Rev. J. B. Wakefield, D.D., from Galatians, 4th chapter, 31st verse.

The Convention assembled for the transaction of business in the Sunday-school Room at 2:30 p. m., the Right Rev. the Bishop of the Diocese, being in the Chair.

The Rev. W. S. Neales, Secretary, called the roll of Clergymen, members of the Convention, and more than one-third of those entitled to vote in Convention answered to their names.

The Committee on Credentials made their report, which was accepted; and upon the roll of parishes and missions in

union with Convention being called, lay delegates from onefourth of such parishes were found to be present; whereupon a quorum was declared to be constituted.

The President then invited the Right Rev. Bishop Wingfield to a seat upon the platform.

On motion of Rev. Dr. Beers, all clergymen canonically resident in the Diocese were admitted to seats, with all the privileges of the Convention.

On motion of Rev. D. O. Kelley-

Resolved, That all Clergymen of the Church, not canonically connected with the Diocese, be, and they are hereby offered, the hospitalities of this Convention, and invited to occupy seats upon its floor.

The Convention then took a recess for luncheon.

Upon reassembling the roll of lay delegates was called.

Mr. A. M. Lawver moved that—

"A Committee of five, three laymen and two clergymen be appointed to examine into and determine the indebtedness of the Diocese on account of arrears of salary to the Bishop, and report the same to this Convention.

The resolution was adopted, and the Chair appointed the Rev. Dr. Bakewell, the Rev. J. A. Emery, Mr. C. V. S. Gibbs, Mr. A. M. Lawver and Mr. John Wigmore as the Committee.

The Rev. R. C. Foute presented the report of the Committee on Incorporation of the Diocese, as follows:

"The Committee on Incorporation appointed at last Convention, beg leave to report, that they have succeeded in getting an act passed by the Legislature of this State of California, for the incorporation of the Church in this Diocese.

"They desire to make public acknowledgment of their indebtedness to Judge T. P. Stoney for his most valuable services in the accomplishment of this object.

"At a meeting of the Committee held on May 10, 1887, the following resolution, Articles of Incorporation and By-laws were adopted, and are hereby submitted to the Convention, with the recommendation that they be adopted for the government of the Corporation." (See Appendix G.)

On the motion of Rev. R. C. Foute, the Rules of Order of business contained in Regulation 8, were suspended, three-fourths of each order voting in the affirmative. After that he then reported the Resolutions of Incorporation to the Convention. (Appendix G.)

The Rev. Mr. Foute moved —

"That the restrictions of Canon XX. be suspended in order that the resolutions may be immediately considered by the Convention."

This resolution was carried, three-fourths of each order voting in the affirmative.

The Convention then went into a Committee of the whole to consider the resolutions providing for the Incorporation of the Diocese presented by the Committee on Incorporation, and, after some time spent therein, reported the resolutions to Convention without amendment, whereupon each of the said resolutions was adopted by the Convention, and then the whole series was also adopted by a vote of three-fourths of each order voting in the affirmative.

The Convention then proceeded to ballot for seven Directors of the Corporation.

The Chair appointed as Tellers for the clerical vote, the Rev. C. L. Miel and Rev. E. B. Spalding; for the laity, Mr. C. V. S. Gibbs and Mr. R. B. Sanchez..

The ballots having been collected, the Tellers retired, and during their absence the following business was transacted by consent.

Mr. A. M. Lawver presented the report of the Committee on Indebtedness to the Bishop, with Resolution, as follows:

"Your Committee appointed to determine the indebtedness of the Diocese for arrears of salary due the Bishop, report, that there is due to May 2, 1886, the sum of \$11,668.20. This does not include interest, which, if considered, would very materially increase the same.

"Your Committee therefore offer the following resolution:

Resolved, That this Diocese acknowledges its indebtedness to the Right Rev. W. I. Kip, D.D., Bishop of the Diocese of California, in the sum of eleven thousand, six hundred and sixty-eight dollars, and twenty cents (\$11,668.20.), as being due on the 2nd day of May, 1886.

We hereby recommend the appointment of a Committee of five, to confer with the Bishop upon this subject, and to devise some plan by which the indebtedness may be liquidated, and to report to this Convention.

Respectfully submitted,

(Signed:) JOHN BAKEWELL.
JOHN A EMERY.
JOHN WIGMORE.
C. V. S. GIBBS.
A. M. LAWVER.

The Report of the Committee was adopted, and the Chairman appointed the same Committee with power to act.

The Rev. R. C. Foute moved that the Rule requiring the daily sessions of the Convention to begin at 10 A. M., be suspended. Carried.

Mr. Foute then moved that the sessions of this Convention begin with Morning Prayer at 9 A. M., and continue until 12:30 P. M., and from 2 to 5 P. M. Carried.

Mr. Wm. M. Cubery presented and read the report of the Registrar of the Diocese. The report was accepted—as follows:

OAKLAND, CALIFORNIA, May 11th, 1887.

The Registrar of the Diocese respectfully reports to the Thirty-seventh Annual Convention of the Diocese of California now in council assembled—

That the Journals of the several Diocesan Conventions of the Protestant Episcopal Church in these United States, together with much other printed matter bearing upon its history—as reported in full to the Contion of 1886—are still in good order and safe keeping.

During the past year the usual courtesies to this office have been placed upon file, each in its appropriate place.

Other Journals, necessary to complete our sets, have probably been received by the Secretary of Convention, which in due time will be forwarded to the Registrar.

A Convention Journal of this Diocese for the year 1886, intended for preservation among our Archives, is most remarkable, as being signed by the Presiding Officer, and attested by the Secretary in manuscript.

(Signed), Benj. Akerly, Registrar.

The Tellers reported—

"That it appeared that the following persons were elected—both orders concurring: The Right Rev. W. I. Kip. D.D., Rev. D. O. Kelley, Mr. C. V. Gillespie, Mr. Geo. W. Gibbs, and Mr. A. N. Drown, as Directors of the Corporation of the Protestant Episcopal Church in the Diocese of California."

There being no choice for the other two, before proceeding to another ballot, the Convention adjourned to meet in General Missionary Society at St. Luke's Church, at 7:30 p. m.

MISSIONARY SOCIETY.

The Convention assembled as the General Missionary Society at St. Luke's Church, at 7:30 P. M. The Bishop of the Diocese presided.

After Evening Prayer, the report of the Board of Diocesan Missions was read by the Rev. W. H. Stoy, the Secretary. (Appendix D.)

Addresses were made on the missionary work of the Diocese by the Revs. Dr. Abercrombie, and Messrs. Trew, Kelley, Mynard, Jefferys, and McGowan.

The Rev. J. D. H. Browne read a paper on the work in the Redlands and Colton Mission, prepared by Rev. A. Fletcher.

On motion of Rev. Mr. Browne, duly seconded, the following resolution was unanimously adopted:

Resolved, That the Board of Missions be instructed to take such action as shall make of practical utility the Canon which contemplates that there shall be a Brauch of the Diocesan Board of Missions in every parish and mission of the Diocese; and further, that Canon 16, section 1, be strictly followed."

SECOND DAY.

THURSDAY, May 12th.

After Morning Prayer the Convention assembled in the School-room at 10 A. M. The Rev. W. H. Hill in the Chair.

The Minutes of the previous day were read and approved. The Rev. D. O. Kelley moved—

"That the action of the Convention yesterday on the resolutions of the Incorporation of the Diocese be reconsidered and rescinded."

This was adopted, by a vote of three-fourths of each order voting in the affirmative.

Whereupon the Rev. Mr. Foute made the same report as yesterday, and, on motion, the resolutions were adopted by a vote of three-fourths of each order voting in the affirmative. (See Appendix G.)

The Convention then proceeded to ballot for seven Directors of the Incorporation.

The Chair appointed Rev. E. B. Spalding and Rev. C. L. Miel tellers for the clerical vote, and Messrs. C. V. S. Gibbs and R. B. Sanchez for the lay vote.

The ballots having been collected, the tellers retired, and

during their absence the Rev. E. J. Lion, by request of the Bishop, read the Annual Address. (Appendix A.)

The Secretary also read the balance sheet of the *Pacific Churchman*, which was ordered printed in the Journal. (Appendix C.)

The Rev. R. C. Foute gave notice of proposed amendments in Canons and Regulations as follows:

- 1. Canon II., Section 3, Subsection 3, strike out "incorporated," and substitute "organized."

Pending the adoption of the report, the Convention took a recess for lunch.

After recess, on motion, the special order of the day (the elections of Standing Committee and Board of Missions) was suspended, to enable the Committee on the Indebtedness to the Bishop to make their report.

Mr. A. M. Lawver presented the report, with a Resolution, as follows:

"Your committee, appointed to devise ways and means by which the indebtedness of the Diocese to the Bishop may be liquidated, beg leave to say that they have every assurance that, provided seven thousand five hundred dollars be raised and paid into the treasury of the Diocese on or before December 31st next, a release in full will be secured for such indebtedness. Your committee would therefore offer the following:

Resolved That each Rector and Missionary in the Diocese be requested to appoint two or more laymen to solicit voluntary subscriptions within their jurisdiction for the payment of the indebtedness, and to report the result on or before December 31st, 1887, to the Treasurer of the Diocese."

Your committee further request to be continued, and to make their report to the next Annual Convention."

The Rev. E. B. Spalding presented and read the Annual Report of the Board of Managers of St. Luke's Hospital, as follows: The report was adopted.

ANNUAL REPORT OF ST. LUKE'S HOSPITAL.

We have now been in operation two years, and the recurrence of another annual meeting reminds us of the many blessings we have had in our work, as well as the discouragements we have met with.

The Board have met nineteen times during the year, with an average attendance of eight members. All have shown a deep interest in the

work.

The hospital is under the direction of the Protestant Episcopal Church, but members of any other church are always at liberty to be visited by their own ministers if they wish.

The Rev. E. B. Spalding is our Chaplain, and is ready at all times to administer to the sick and dying in spiritual things. To him our warmest

thanks are due.

Dr. Walter E. Bates, our former resident physician, was obliged to resign in consequence of failing health, feeling the care of the hospital

was too much, combined with his increasing practice; we accepted his resignation with regret. Our present resident physician, Dr. Patten, is always available in case of emergency, and has charge of all cases in the absence of the attending physicians and surgeons.

The attending and consulting physicians and surgeons are among the most prominent in the profession in the city, and to them we extend our grateful thanks for their gatuitous services.

We have to acknowledge the kindness of Mr. Clay Green and Mr. McKean Rankin for a benefit given us at the California Theatre, netting us about \$300.

To our friends in Saucelito we also give thanks for an entertainment given by them, yielding about \$210. Also to a concert given by Prof. Haymanson and his pupils, from which we realized about \$60. We also received, during the year, a legacy of \$500 from Mr. Crane, the executor of Mr. Edward Cotter.

We have had two additional free beds added during the year; the Laidley bed, from St. Luke's Church, and a bed from St Paul's. The Ministering Children from St. Paul's, furnished their room very nicely, which we gratefully acknowledge.

The boys of Mr. Bates' school, finding they could not keep up their "Taliaferro Bed," have combined with St. Margaret's Bed, of St. Steph-

en's, and with that aid are doing well.

We regret to have to record the death of Dr. E. L. Grattan, one of our attending physicans, a young man of great promise, cut down in the

our attending physicans, a young man of great promise, cut down in the flower of youth, when just entering upon a life of usefulness. He was succeeded by Dr. Winslow Anderson.

We have received from April 30, 1886, to April 1, 1887, 101 patients. Died, 17; discharged, cured, 68; sent to the Napa Asylum, 1; remaining in Hospital, April 4, 1887, 22.

To Miss Springer we are indebted for the faithful management of the Hospital during the past year. The lady managers have been earnest in their work, and to all who have assisted in the Hospital and outside, we give our sincere thanks, giving praise to Him who has blessed our work abundantly.

Very respectfully,

Mrs. J. G. Clark,

President Board of Managers.

On motion of the Rev. D. O. Kellev,—

On motion, the Rev. D. O. Kelley was called to the Chair. The Rev. R. C. Foute moved the following Resolutions, which were seconded by the Rev. Dr. Beers, and adopted unanimously by a standing vote.

WHEREAS, This Convention has been officially informed through the Annual Address of our Right Rev. Father in God, the Bishop of California, that he has been a sufferer from nervous prostration for some months past, and

WHEREAS, It is a well known fact, that such indisposition is chiefly, if not entirely, attributable to overwork in the faithful discharge of his Episcopal duties, continuously, for the long period of seven years without any respite from his exhaustive labors, therefore, be it

Resolved. That it is the judgment of this Convention, that the Bishop should accept a leave of absence and entire cessation from work for a period of not less than three months, which is hereby most cheerfully

Resolved further, That in the event of the Bishop's accepting the leavethe Standing Committee be requested to invite the Bishop of Northern California to officiate in this Diocese at such time, and in such places as Episcopal services may be required during the Bishop's absence.

Resolved further, That it is the earnest prayer of this Convention that our beloved Bishop may speedily be restored to health, and returned to his post of duty with renewed vigor and strength.

The Rev. Mr. Foute made the report of the Special Committee on Amendments to the Constitution, as follows:

AMENDMENTS TO THE CONSTITUTION OF THE DIOCESE OF CALIFORNIA. Proposed in open Convention May 27th, 1886.

Amend Article II. by striking out "as the Ecclesiastical Authority may designate," and insert in lieu thereof "as the Convention shall determine by vote," the Bishop reserving the right to designate the particular church—when there is more than one in any given place. Strike out the sword "same" in third line, and insert "Ecclesiastical" in lieu thereof.

(Proposed Substitute for Article III. of the Constitution of the Diocese of California.) Article III - Members of Convention.

Sec. 1. The Convention shall be composed of the Bishop, the Assist-

ant Bishop (if there be one), and Clergymen and Laymen, as follows: Sec. 2. Every Clergyman of the Church, of whatever order, being a settled minister of some parish in union with the Convention of this Diocese; or being engaged in some educational work established by this Convention or under its control; or being a Missionary under the direc-

tion of the Ecclesiastical Authority of this Diocese; or being a Chaplain in the army or navy of the United States, canonically connected with this Diocese, and on duty at some station within its limits; or being otherwise employed in the work of the ministry, according to the order of the Protestant Episcopal Church, and with the sanction of the Ecclesiastical Authority of this Diocese, shall be entitled to a seat and vote in Convention, if he has been actually and personally, as well as canonically, resident within this Diocese for the space of six calendar months next before the meeting of the Convention, and has for the same period been continuously employed in performing the duties of his station; provided that no Clergyman shall forfeit his right to said seat and vote by reason of disability from duty because of advanced age or other continned physical infirmity.

Sec. 3. The Lay Delegates shall consist of Laymen, not more than five from each Mission or Parish in union with the Convention, who shall be elected by the members of the Mission, or the vestry of the Parish, at or after the annual meeting of the Mission or Parish in Easter week of each

year.

Amendment to Article VII.

Strike out all after "elected" in sixth line, and insert as follows: "The committee shall meet for organization as soon as practicable after their election. Regular stated meetings shall be held quarterly, on Mondays in the Ember weeks. Special meetings may be called by the president, or whenever requested by three members of the committee. Of the time and place of these meetings, at least three days' notice, in writing, shall be given to every member of the same; provided that a meeting may be held at any time and place, by unanimous consent, without such notice."

Proposed Substitute for Article IX,—Election of a Bishop,

Sec. 1. When the Episcopate of this Diocese becomes vacant, the Standing Committee shall meet within a fortnight thereafter, and, if it be within six months of the next regular annual meeting of the Convention, they may call a special Convention for the purpose of electing a

Bishop; if not within six months, they shall call one.

Sec. 2. The election of a Bishop, or Assistant Bishop, shall be in the following manner: The Convention having been duly organized, the president shall formally announce the object for which the Convention is assembled, and then call for nominations for the Episcopate, which can be made only by the clerical order. After all the nominations have been made and recorded by the secretary, the president shall then solemnly bid the Convention to prayer, saying: "Let us pray- Our Father," etc. (And then he shall say, after the manner of the Holy Apostles in the election of St. Matthias):—"Thou, Lord, which knowest the hearts of all men, show whether of these Thou hast chosen, that he may take a part of this ministry and Apostleship." Amen. (Then he shall say the Apostolic Benediction.) "The Grace of our Lord."

Sec. 3. The president shall then forthwith order the ballot, and shall appoint two clerical tellers to receive and count the votes of the order of the clergy, and two lay tellers to receive and count the votes of the lay order. The clerical tellers shall take their places on the right of the president, and shall receive the votes of the clerical order as their names are called by the Secretary. The lay tellers shall take their places on

the left of the president, and shall receive the votes of the Parishes entitled to representation, each Parish having one vote and no more. A blank ballot shall be counted as a vote. When the tellers of the two orders are ready to report, their reports shall be presented to the president—first that of the clerical order, and then that of the lay order. If it shall then appear that a majority of the votes of both orders have been cast for the same person, that person shall be declared elected. If no person has received such concurrent majority, the ballot of each order shall be accounted a nullity. The balloting shall then continue, under the same rule and after the same manner, until some person has received a concurrent majority.

Sec. 4. Immediately after the election, the Convention shall proceed to sign the canonical testimonial of the Bishop elect, and the president shall appoint a committee of three elergymen to notify the person chosen

of his election.

These Amendments were adopted by a majority of both orders voting separately, and passed over to the next Convention for final adoption.

The Rev. A. G. L. Trew proposed the following Amendment to Canon 7, Section 1:

"Delegates to represent a parish or mission in the Convention of this Diocese, shall be elected by the members of the parish or mission at the annual meeting in Easter Week, or as soon thereafter as possible.

"The election shall be by ballot, and any person of twenty-one years of age, who for the previous sixty days shall have been registered a Communicant, and any person of like age who shall have been a member of the congregation for a like period, and is a registered contributor to the support of the parish or mission, shall be entitled to vote."

Referred to the Committee on Canons.

The Rev. J. F. Holmes, by permission, read a statement by the lady managers of the Church Orphanage. This was referred to the Committee on Church Charities.

The Secretary was instructed to read the list of delinquent parishes and missions, which being done, the Treasurer was requested to notify these parishes and missions of their delinquency, and to call their attention to the provision of Canon 6, Section 5, upon their cases in respect to representation in Convention.

The Rev. E. J. Lion then read the report of the Committee on Church Charities; the report was adopted, and ordered published in the Journal. (Appendix F.)

The following report of the Committee on the fund for the relief of the widows and orphans of deceased clergymen in

the Diocese of California, was read by the Rev. W. W. Davis:

- "At the close of the last Convention Mr. George W. Gibbs placed in the hands of this Committee the sum of two hundred and fifty dollars (\$250) as a nucleus for this fund.
- "By the consent of Mr. Gibbs, the Committee were empowered to distribute this sum among the proper beneficiaries as might be deemed necessary. During the past year one hundred and twenty-five dollars (\$125) have been drawn and paid over to widows of clergymen in this Diocese.
- "Your Committee ask that they be continued another year, by which time they expect to have formulated plans for the vigorous prosecution of the matter under their control. In the meantime your Committee ask for contributions from those disposed to assist this most worthy object.

"Respectfully submitted, (Signed): WM. W. DAVIS.
E. B. SPALDING.
HOBBET CHETWOOD."

The report was accepted, and the Committee continued as requested.

The Convention then adjourned sine die, after singing the Gloria in Excelsis, with closing prayer and benediction.

Personal Reports.

REPORT OF THE REV. WM. H. HILL.

I respectfully report, that I have been actively engaged during the year in my duties as Chaplain at the State Prison at San Quentin. The Religious services performed there have been as follows: Preached 29 times; baptized 6 adults: marriage, 1; funerals, 26; Holy Communion celebrated 5 times. Besides these services at the Prison, I have preached 17 times, and celebrated the Holy Communion once, elsewhere. In October, 1896, I preached for five Sundays in Grace Church, San Francisco, while the Rector was absent as a Deputy at the General Convention.

Respectfully, WM. H. HILL.

THE REV. HAMILTON LEE REPORTS AS FOLLOWS:

Subsequent to my last report, and until September last, I acted as "Assistant" in St. John's Ghurch, Oakland. At that time, being appointed "Missionary for Alameda County," I took charge of the Mission work at Temescal, and also held service at Haywards. At the latter place a Mission was organized (under the name of Trinity Mission) in the November following. Grace Mission, Temescal, was organized in October. Both Missions have prospered. At Haywards Mr. William Pearce has given land for the erection of a church edifice. Sufficient money has been subscribed to warrant a commencement. Services up to this date have been held in the Congregational place of worship. The condition of Grace Mission, Temescal, will be seen from the tabulated report. In addition to the work above mentioned, I have made a number of pastoral visits in various parts of the county.

REPORT OF THE REV. JOHN ACWORTH, DEACON.

The Right Rev. William Ingraham Kip, D.D., LL.D.:

Reverend Sir—During the past year for about nine months I have been assisting the Rev. D. O. Kelley at Fresno, and the remaining three months the Rev. H. H. Clapham at Bakersfield, so that any work I have done will be included in their reports. I have been pursuing a course of study during a part of the year under the direction of the Rev. D. O. Kelley and the Rev. H. H. Clapham.

Yours, very sincerely,

John Acworth, Deacon.

Personal Reports.

REPORT OF THE CHINESE MISSION, FROM MAY, 1886, TO MAY, 1887, Received from the Rev. H. W. Beers, is as follows:

The Rev. A. C. Yung, Deacon, Missionary among the Chinese under

my charge, reports as follows:
"The average attendance at the evening Sunday-schools and Divine

service is twenty-five.

"The instruction is given five nights in a week. At the closing of each week-day school, the "Ten Commandments," the "Creed," and the "Lord's Prayer," are repeated.

"The Divine service is held every Sunday P. M. at 6 o'clock in the Sun-

day-school room of Trinity Church. One of the communicants died in the faith a few months ago. Present communicants are six, who com-municate regularly at Trinity Church.

"The monthly expense is about \$23. The monthly subscriptions from outside are about \$13, and the collection from the Scholars at every month

is about \$4. The Easter offering from the Scholars was \$25."

I send his report *verbatim*, but beg to add, that while no baptisms or confirmations are reported for the year just ending, it is not for lack of diligence on the part of the Missionary, but partly from the migratory habits of his countrymen, partly from the renewed and intensified agi-tations about Chinese immigration, but most of all from the fact that no provision of capable men, or outlay of means has been made for the the Christianization of the forty thousand Mongolians who have their dwellings among us. (Signed), H. W. Beers,

Priest in Charge Chinese Mission.

REPORT OF THE REV. A. A. MCALISTER.

Washington, D. C., May 1st, 1887.

Right Rev. Juther: I respectfully report that during the past year I was on duty at the United States Naval Academy, at Annapolis, Maryland, until September. The Secretary of the Navy then granted me four months' leave of absence, and I spent most of this time in England. On my return to the United States I was ordered to duty, and have been temporarily residing in Washington. For the last three months, at the request of the Bishop of Maryland, I have been officiating at Emmanuel Church, Anacostia, (Washington) D. C., while that church has been without a rector. All official acts performed by me in the Diocese of Maryland have been reported to the Bishop of that Diocese.

Very respectfully, ADAM A. MCALISTER. Chaplain U. S. Navy.

To the Bishop of California, San Francisco, Cal.

APPENDIX A.

THE BISHOP'S ADDRESS.

My Brethren of the Clergy and Laity:

Another year has passed and we have come up from the toils and labors of our homes to report the results of our work as it affects the interests and prospects of our Lord's Kingdom. In accordance, then, with the requirements of the Canon, I would report to you my official duties

of the past year.

May 29, 1886, Saturday.—Immediately after the adjournment of the Convention, I took part in the services before the Woman's Auxiliary Society, in Church of the Advent, the Sermon being preached by the Rev. E. Birdsall of Los Angeles.

In the afternoon, the Annual Meeting of the Society took place, when addresses were made by the Missionaries, and the yearly Reports were handed in, which showed how wide-spread had been the benefits conferred.

May 30, Sunday.—At St. Stephen's, San Francisco, in the morning, when service was read by the Rector, Rev. E. J. Lion and Rev. D. O. Kelley and the sermon was preached by Rev. J. F. Holmes of Salinas.

In the evening, a united Missionary service was held in Grace Church by all the City Churches, which was crowded, and liberal collections were made for the Missionary Board.

In the afternoon, drove with Messrs. Restarick and Trew to Old San Diego (3 miles). This is the place where I held my first service, on landing here 32 years ago. San Diego is just six hundred miles from San

"The Grand Army of the Potomac," some thousands in number, were visiting the State and had secured every ticket on the visit to San Francisco. After finding it was impossible to obtain passage by the steamer from Santa Barbara, I determined to return down the Coast to San Pedro, and cross the country to Los Angeles to take the Southern Rail Road.

Providentially the Bishop of Northern California arrived next day, on his way home from San Diego, where he had been to officiate at a marriage service. He at once assumed my duties and officiated. Besides a confirmation of six candidates, at San Diego, he confirmed fourteen at Pasadena; at Epiphany Chapel, twelve; Santa Monica, thirteen—in all, forty-five candidates.

When he resigned, two years and a half afterwards, there were 120 communicants. Two confirmation classes were presented at St. Paul's Church in that time. April 3.—Held a confirmation in the Church of the Advent, San Francisco, when thirty-seven candidates received that rite.

At this time, I was obliged by illness to suspend further official duties. The deficiency, however, was more than made up by the kindness of the Bishop (Wingfield) of Northern California, who took the services of Passion Week, in my place, and held the confirmations, of which public notice had been given.

A confirmation was held in Trinity Church, on Holy Thursday, when twenty-seven candidates received that rite; another confirmation in St. John's Church, Rev. E. B. Spalding, Rector, when sixty-nine were confirmed, being the largest confirmation ever held in this Diocese; and on the following day a private confirmation, when one candidate (being ill) was confirmed.

REPORT OF THE SECRETARY OF THE BOARD OF MISSIONS.

Rt. Rev. Father in God and Dear Brethren of the Clergy and Laity:

In presenting our annual report, the Board of Diocesan Missions have reason to thank God for the earnest co-operation on your part, which has sustained us and enabled us to bring through successfully the work which was undertaken at the beginning of the year. The opening of the year just closed found us under the burden of a debt of nearly \$1,000. The larger part of this burden was happily removed by the extraordinary effort of the Churches of this City and its suburbs, which culminated in the grand missionary meeting held in Grace Church on the first Sunday evening after the Convention of 1886. Even then we had no balance in the treasury; and as a consequence, we were forced to adopt a timid policy. The field was contracted by dropping certain stations heretofore aided, and by discriminating against others, which sought for recognition on the Diocesan list, but which were supposed to be better able than some others to work their way unaided.

We began the year with nine missionaries and sixteen stations; and

We began the year with nine missionaries and sixteen stations; and this number has not been added to during the year. Results have justified the cautious policy of the Board; even with this limited number, there have been times of great discouragement, when we were without a cent to make up the salaries of the missionaries. But in the hour of greatest need relief came, and the Church showed herself equal to the emergency. Our earnest appeals were not disregarded by you, Brethren: the funds were placed in our hands to meet all obligations. And now, at the close of the year, we are happily free from debt, and have a balance in the treasury. The credit of this happy state of things is shared by all the Churches in the diocese; but the thanks of all are due especially to the rectors of the Churches in San Francisco for their earnest and successful efforts on behalf of Diocesan Missions during the last Lenten Season. Hundreds of dollars have been added to our treasury by those union meetings and services of the City Churches, and they have been as a reserve force to a victorious army.

Within the present contracted field of the Diocesan Board, good work has been done, and fair progress made. But beyond the limits of that field there has also been done much good work, which ought to have had the aid and encouragement of the Board. Instances of such work may be pointed out in Alameda, Santa Clara, Tuolumne, Monterey, Los Angeles and San Bernardino Counties. A full statement of the facts and results of this independent missionary work we are unable to give, although it will appear in the general summary of the annual statistics of the diocese. The facts which have come to us from the missions connected with the Board and making annual reports, are as follows: Missionaries nine; stations 16; families 882; individuals 1442; average attendance 43 per cent; communicants 421; increase 104; decrease 33, net gain 71; Baptisms,

Report of the Secretary of the Board of Missions.

adults 38, infants 84; total 122. Confirmed 38; Candidates for Confirmation 58; married 2; buried 49; Sunday School teachers 44; scholars 334; Pastoral Visits 2515; Visitations of Sick 94; Private Communions 7; Sunday Services 792; Week Day Services 277; Public Celebrations of Holy Communion 158; Public Catechisings 110. These facts are to be regarded rather as indications than as measures of the proper work and influence of our missionary clergy: First, because of the impossibility of including everything in a written report expressed in figures. Second, because only a part of the missionary effort of the Diocese comes under the observation

The property of the missions now on our list, is represented by thirtythree town lots; thirteen church buildings-mostly furnished with all requisites for the proper conduct of the Holy services; thanks to the Women's Auxiliary of California! And, there are four parsonages.

The monied income of the missions for the year is as follows: Sub-

scriptions \$5,559.20; Offerings \$1,852.98; Donations and Rents \$1,667.39;

Total \$9.079.57.

The missions have paid out, in pledges to the Board \$3,442.60; to the Diocesan and Convention Funds \$168.30; to the Disabled Clergy Fund \$31.30; to Diocesan Missions beyond their pledges \$54.50; to Domestic and Foreign Missions \$81.57; to the American Church Building Fund \$10.80; to St. Luke's Hospital \$5.00; to the Church Orphanage \$15.50; Sunday Schools \$171.:0; to Charity \$41.00; for Current Expenses of Servces \$704.42; for Repairs and Insurances \$100.00. Paid on Church propces \$704.42; for Repairs and Insurances \$100.00. Paid on Univer property and Improvements \$3,557.60; in Taxes \$141.95; Other objects \$344.26; Total \$8,870.20. These matters of property, Income, and Outgo,—like numbers ministered to, and the items of official work—are only indications on a sliding scale which vary from year to year. If we would appreciate the real progress of the missionary work in this diocese, we must look at the list of churches which, during a few years past, have been missions, sided by the Board and which are now self-sustaining parishes. There aided by the Board, and which are now self-sustaining parishes. There are those which were missions only one year since, and which now need the aid of the Board no longer. And so, while, one year, we may seem, from the reports, to have a greater number of missions, and missionaries, and another year fewer, this does not indicate any failure or falling off in the steady growth of the Church. The work of Christ and His Church goes on whether we give largely or sparingly for that work; although it is still true that our rifts are none the less needed and much more might is still true that our gifts are none the less needed, and much more might be accomplished by your greater liberality.

The facts, then, as always, point to encouragement, not to despondency; they favor a deepening of Faith, an expansion of Christian love and sympathy, an enlargement of Churchly interest and liberality and a stronger grasp of Godly energy for the work of the Son of God among men.
For the Board of Diocesan Missions,

WM. H STOY, Secretary.

REPORT OF COMMITTEE ON CHRISTIAN EDUCATION.

The Committee upon Christian Education would report that, so far as they have been able to learn, the schools in this diocese which are either

directly or indirectly under Church influences, are prospering.

Trinity School, San Francisco, has had a successful year. Its numbers have increased, the roll of students being between 70 and 80. The boarding department of this institution is growing steadily, so much so that hand-some dormitories have been provided the past year, adding to other and rather exceptional advantages which the school possesses by its position and surroundings in the heart of a great city.

St. Matthew's Hall, San Mateo, has also had a prosperous year. During the year an important improvement has been made by the addition of a large wing to the preparatory department—Tyler Hall—for a school-room, and additional dormitory accommodations. The campus, also, has been enlarged, and an adjacent gymnasium shed erected. The accommodations and advantages of the school have steadily been improved

Irving Institute, San Francisco, a school for girls, which has a Priest of

the Church at its head, has increased its numbers and been compelled to

add to its accommodations.

We are informed that a school for girls has been begun in St. Stephen's Parish, in this city, also that schools for both sexes are in operation in Christ Church Parish, Alameda, and in St. Paul's Parish, Los Angeles. From these enterprises your committee has received no report, and there fore is unable to inform this Convention of their present and future pros-

Your committee feel it a duty to call the attention of this convention to the fact that while other dioceses, and even missionary jurisdictions of our Church, almost without exception, are pressing forward the educational work of the Church, realizing that this work is one of the most powerful, if not the most powerful agent in the future growth and extension of our communion, while they are building, incorporating, endowing institutions of learning for the young of both sexes; while the General Convention in 1883, by unanimous resolution, urged upon the Church at large the necessity of pressing forward this work, and appointed a Sunday upon which it advised calling the attention of every congregation in the land to this apparent duty, yet the Diocese of California is doing little or nothing in this line of Church work. Little in the present, nothing for the future. Individual Churchmen, indeed, have patronized in the past, and are in the present patronizing to some degree, though not by any means to the extent they should, such schools as we have. But this diocese, as a diocese, has done nothing of late years to assist these enterprises; has not even vouchsafed so much as the moral support of a hearty endorsement by resolution, of the work going on for Christian education.

Meanwhile it is well to remember that we have but two professedly

Church schools, not parochial, in this large diocese. Both of these are

Report of Committee on Christian Education.

for boys, both unendowed and unincorporated, both in all probability to die with the failing strength of individual priests who have hoped and prayed for years that the work which they have undertaken for the Master might be made permanent, to the future good of the Church on this coast. We also do well to bear in mind that, sad as this state of things is, it is even sadder to think that we have not one Church School for girls in our diocese; and those who are to be the future wives and mothers in our communion must seek their learning and culture either in a public system of education which (however thorough intellectually) must of necessity be devoid of any religious influence, or are Romanist or denominational schools, amid religious teachings differing from the faith we profess.

These things ought not so to be While in all true liberty parents and rhese things ought not so to be While in all true liberty parents and guardians should most certainly be left free to choose for their children the kind of education they may prefer, a church like ours, that professes to be a branch of the Holy Catholic Church, should have zeal enough, and earnestness enough, and liberality enough, to at least offer to her members the opportunity to have their children trained and educated "in the nurture and admonition of the Lord," as this church understands and holds

the truth.

There should be at this present time, to meet the immediate and pressing needs of California, at the very least, two incorporated, liberally endowed, and thoroughly equipped schools for boys; one in the Northern part, another in the Southern part of this diocese. The same is true of part, another in the southern part of this diocese. The same is true of schools for girls. These schools should be liberally endowed, that while the educational advantages offered by skilled teachers and full courses of study should be second to none in the land, yet the expense to the student might be merely nominal. These are pressing claims upon us as we think of a future growth, and our church appeals to those who have means to help her in this great need. If she is to do her work here as she should, her schools must not be wanting. E B. SPALDING,

A. L. BREWER, W. BABCOCK, JOS. POWNING.

APPENDIX F.

REPORT OF COMMITTEE ON CHURCH CHARITIES.

Your Committee beg leave to report that there are at present in the Diocese of California three regularly organized church charities, viz., St. Luke's Hospital, and the Old Ladies' Home, San Francisco, and the

Orphanage, at San Mateo.

1. These Institutions are all working well and faithfully, carrying out their several objects. St. Luke's Hospital is at present occupying the Mills Building, and its ability is therefore necessarily circumscribed, although the Keene Building is also used, and has been a relief to the growing work of the Institution. Is is, however, much to be desired that the main building now rented to another charity should be available for hospital purposes, and it is hoped that the building, ere another year has passed, may be so used.

The large and valuable property of the corporation is held by Trustees who are elected by the Standing Committee of the Diocese; and therefore, we may briefly add, is safely held for the Church.

2. The Old Ladies' Home is still occupying the principal building of the St. Luke's Hospital property. It has now under its care twenty-nine aged women. The house is well ordered, and the comfort of the inmates carefully considered, the "Home" idea being far more prominent than the "Institution." Religious services are held once a week by the Chapthe "Institution." Religious services are held once a week by the Chaplain of the Home. The internal management of this institution is under the care of a Sister of Mercy. A Board of Lady Managers render efficient aid in providing for the necessities of the house. By comparison with printed reports of other institutions of a similar character, the expense of maintaining the Home is as low as would be consistent with the comfort of the inmates, and the care which elderly and infirm people require. It is hoped that, during the next few months, the long-deferred

project of building a permanent house for this charity will be carried out.

The property of the corporation consists of real estate valued at about \$20,000, located partly in the Western Addition of this city, and partly in South San Francisco; also of funds in the hands of the Trustees and of the Board of Lady Managers. The title to the real estate was examined several months ago by competent persons, and pronounced to be

unquestionable and perfect.

3. The Orphanage at San Mateo is at present in its infancy, but has, no doubt, a future before it. Its existence is due to the generosity of Rev. A. L. and Mrs. Brewer, aided by contributions to the building its remodeling, etc., from outside friends in the Diocese. The cosy home for these little ones of the flock of Christ at present contains seventeen children, under the care of two Sisters of Mercy.

The property is secured to the Church by deed, etc., to five Trustees, and, in all, is valued at about \$2,500. Upon this there remains at present a small debt of about \$400. The situation is a very pleasant one, and the

Report of Committee on Church Charities.

locality has great advantages in the way of climate, etc., for the purposes of this charity

Your Committee, however, beg leave to point out that the Church itself should show more definite interest in these three institutions. They are all obliged to appeal to the general public to grant them the aid which should come from the "household of faith." The young, the old, the sick, are given to us by our Lord Himself, to be cared for and ministered unto. Let Hospital Sunday and Thanksgiving Day be kept as our Convention has determined that they shall be, by generous offerings to God for these Christian works. Let the orphan children be remembered by those whose homes are unbroken, or by those whose little ones are safe beyond the flood.

Opportunities are not lacking. Twenty dollars a month will support a bed in the Hospital; ten dollars a month would support an old woman in the Home, or a child in the Orphanage. Will not the Church bear this in mind, and also what the Lord said: "Inasmuch as ye have done it unto the least of these, my brethren, ye have done it unto me"?

the Convention stood, as a mark of respect for the subject of it.

The Rev. A. G. L. Trew presented and read a memorial to the Convention from the Convocation of Southern California, setting forth the growth of the Church there, and the needs of the work, and asking for the appointment of one or more missionaries at large. On motion the memorial was referred to the Committee on Canons.

TO THE ANNUAL CONVENTION OF THE DIOCESE OF CALIFORNIA: Your Memorialists humbly show:

In the providence of God a permanent population of at least 200,000 now occupies the lower tier of counties known as Southern California, a population which is increasing so rapidly that it can hardly be correctly estimated. These people, among whom is the usual percentage of members of our Communion, are not settling in a few large centres of population where the facilities for worship and other ministrations of the Church are already provided, but are being distributed all over these valleys in new towns and colonies along the water courses and lines of railway, and upon the great ranches now broken up into small holdings of five or ten acres each. We are convinced, from the character of this population, their thrift and capital, together with the enormous investments being made, and the permanent improvements already undertaken by railways, and public expenditures of various kinds, added to the marvelous climatic and productive advantages, that this growtli, though phenomenal and most extraordinary in the history of our country, is permanent and intelligent, whatever fluctuations may occur in the present extraordinary nominal increase in land values.

The clergy of the Church ministering to these people have increased in the last five years from four to twenty-three; this increase, though large, is not equal to the growth of the country, and we feel justified in saying, not equal even to the increase of Church immigration. Their duties in the chief centres of population make it impossible for them to care for the flock scattered abroad in the outlying towns, or to attend to matters necessarily pertaining to organizing Missions.

It therefore becomes our bounden duty, as Clergy and Laity of the Church in this section, to call the attention of the constituted authorities, Diocesan and Missionary, to this portion of the field, and ask that some and speedy action be taken to meet the demand.

In our judgment, Southern California should have the undivided labors of one or more Missionaries at large, to be paid in full by the Missionary Board. This would compass, in a measure, the duty now lying at the door of the Church—the present duty of ministering to those to whom we are pledged, as well as by seizing opportunities for establishing the Church in this section of the country, which, neglected now, can never be recovered.

The additional income to be depended upon by the adoption of such

a method (to say nothing of the real growth of the Church thus fostered) would go far towards paying the salary or salaries of the Missionary or Missionaries.

All of which is respectfully submitted.

For the Convocation of Southern California.

JOHN D. H. BROWNE, Secretary.

Pasadena, Cal., 28th April, 1888.

THE BISHOP'S ADDRESS

My Brethren of the Clergy and Laity:

A year has rolled around and we meet once more to consult for the interests of our Church. In accordance with the Canon I would therefore bring you a record of my official acts since the adjournment of the last Convention.

May 14. Gave letters of transfer to the Rev. A. B. Spaight, to the Bishop of Northern California. This week was occupied by the Diocesan Convention.

May 15, Sunday.—In the morning took part in the services of St. Stephen's Church (Rev. E. J. Lion), the sermon being preached by Rev. A. G. L. Trew.

May 17, Monday.—The day for the annual meeting of the Woman's Auxiliary Society I took part, in the morning, in the Holy Celebration, and in the afternoon attended the various speeches that were made.

May 18. Attended the annual meeting of the Missionary Committee of the Diocese, where the missionaries are appointed for the coming year.

May 19. United a couple in marriage. Met the Committee of Trustees of the Eastman Fund for the transaction of business, for the selection of students, and the arrangements of the coming year.

May 20.—Attended the meeting to organize Trustees for the Incorporation of the Diocese.

May 22, Sunday.— In the morning took part in the services at Trinity Church. In the evening took part in St. Luke's Church in a special service where the rector (Rev. W. W. Davis) consecrated the altar and other parts of the chancel furniture.

May 22.--Received the transfer of the Rev. Pliny B. Morgan, M.D., from the Bishop of Indiana, to this diocese.

May 26, Thursday.—Took part in the commencement services in Trinity School (Rev. E. B. Spalding) and in the evening attended the closing exercises of the Irving Institute (under Rev. Edward B. Church).

May 29, Sunday. -Took part in the Whit-sunday services in Trinity Church, San Francisco.

May 30.—Received the application from Church members at Redlands, to be organized into a Mission, by the name of "Trinity Mission, Redlands and Lugonia," to which canonical assent was given.

At the request of the Convocation of San Francisco and Marin

County, I appointed Rev. A. B. Andrews City Missionary under the said Convocation.

June 5.—Held a confirmation in the Mission Church at Temescal, Alameda County. After service by the Missionary of this county, (Rev. Hamilton Lee) I confirmed nine candidates and addressed them.

This was the first fruit of Mr. Lee's labors as Missionary in this county. He has done a good work here which promises more in the future, besides his work at Haywards and other points.

June 7.—Gave letters of commendation to the Bishop of Fond du Lac, to Rev. Geo. S. Mead, deacon, requesting him to admit Mr. Mead to the Priesthood.

June 9.—Attended the meeting of the Board of Diocesan Missions. Also of the trustees of the Eastman Fund.

June 12, Sunday. Took part in the services at St. Luke's, San Francisco, the sermon being preached by the Rector, Rev. W. W. Davis.

June 13.—Attended the business meeting of the society for aged and infirm clergy.

June 13. -Received from the Bishop of Northern California, letters transferring Rev. Thomas G. Williams to this diocese.

June 15.—Attended the business meeting of the Missionary Committee of the Diocese.

June 19.—At Church of the Advent, Oakland, united with the Rector, (Rev. Dr. Lathrop) in the Morning Service, and delivered an address to the congregation. I also licensed a lay reader for this parish.

June 23 Gave canonical consent to the election of the Right Rev. James Forbes Adams, D.D., as Bishop of the Diocese of Easton.

June 26. At Trinity, San Francisco, united with the Rector, Dr. Beers, and Rev. J. G. Gassman, in the Morning Service.

July 3.—In St. Paul's, San Francisco, united with the Rector, Mr. Neales, in the service.

During the month of June in consequence of a sudden attack of illness, I was obliged to discontinue my visitation. By the kindness of the Bishop of Northern California, by whom the services were taken, every appointment was fulfilled. I give the list as furnished by Bishop Wingfield Fresno City, confirmations, 13; St. Paul's, Los Angeles, 21; San Bernardino, 15; Redlands, 2; Colton, 5; Riverside, 8; San Gabriel, 2; Santa Monica, 3; on eight occasions, 68.

Corner-stones laid: Riverside, Santa Monica, San Bernardino.

July 9.— Went to Pacific Grove, Monterey County. Here the Rev. J. F. Holmes has been acting as Missionary, and during the last year has erected one of the most beautiful churches in the diocese. It has cost about \$9,600. Everything about it, in the architecture and ornaments, is perfectly churchlike.

July 10. Sunday.—Service was held for the first time in the "St. Mary by the Sea." Besides the Bi-hop of California, there were present the Missionary Bishop (Wingfield) of Northern California, the Rev. Drs. Lathrop and E. B. Spalding, and Messrs. Church, Chetwood and Neales, who all took part in the services.

An address was delivered by the Bishop of California, giving a picture

of the first service he held in Monterey 32 years ago. The sermon was preached by the Bishop of Northern California. About 60 came forward to the Holy Communion, and the collection (morning and evening) amounted to \$115.

Services were held again in the evening, when the Rev. Dr. Lathrop preached.

July 20, Wednesday.—Left San Francisco in the Santa Rosa, reaching San Diego the following Friday evening. Here we were met by the Rev. Mr. Restarick, the Rector of St. Paul's Church.

July 24, Sunday.—After service by the Rector, I confirmed three candidates. I also delivered an address, narrating the historial facts connected with the first service in this place which I held thirty-two years ago.

July 28, Tuesday.—In the evening attended a meeting of the St. Andrew's Brotherhood, and by request of the Rector, I delivered a lecture on "The Church of Rome."

On Wednesday morning, the Southern Convocation met in St. Paul's Church, and continued in session for the next two days. Fourteen clergy were present, so that the Convocation had the number and the dignity of a Diocesan Convention. The sermon was preached by the Rev. T. W. Haskins, of Los Angeles. Two days were devoted to the business of the Convocation.

Thursday evening there was a reception at the Rectory, during which the senior warden, in the name of the parish, presented Mr. and Mrs. Restarick, each, with an elegant gold watch. It was the fifth anniversary of Mr. Restarick's Rectorship.

On Sunday, after service, addresses were delivered by Rev. J. D. H. Browne, Rev. H. S. Jefferys and myself.

The progress of the Church in this region has been most remarkable. By the rise in value of the Church property, the parish has been able to erect one of the most beautiful church edifices in the diocese, costing \$20,000, and also has built a handsome Rectory. It will soon be necessary to erect another church to supply the wants of the community.

Three miles distant, at National City, another beautiful church has been erected, by the energies of the Rev. Mr. Wilcox, during his disconate. It will soon be ready for consecration.

The following Sunday evening we left in the steamer, reaching Santa Barbara on the following night, where we were met by Rev. Dr. Bakewell, the Rector.

August 7.—After service by Dr. Bakewell, I confirmed five candidates and delivered an address.

Here also a beautiful Church edifice is in progress of building. Adjoining it is a handsome chapel to be used for a Sunday School room but is extensive enough to hold a small congregation.

August 14.—Sunday evening left Santa Barbara in the steamer for Port Harford, reaching there the next morning, thence by railroad to San Luis Obispo. Here I was met by the Rev. Dr. Morgan, the Rector. On Wednesday evening, after service by Dr. Morgan, I lectured. On Sunday morning, after service by Dr. Morgan and Mr. Summers (the

late Rector) I delivered an address and confirmed eight candidates. I also delivered an address on Missions.

Everything in this parish, since the coming of Dr. Morgan, promises prosperity. The congregation has steadily increased, and it will soon be necessary to enlarge the church edifice.

August 18. We left by the railroad for Port Harford, reaching San Francisco next morning. On this visitation I have been absent just a month, and on the coast steamer had 1,200 miles of sea voyaging. I have visited three parishes: San Diego, Santa Barbara and San Luis Obispo. It shows the difficulties of a visitation on the Pacific Coast.

August 19, Saturday.—Held a special confirmation in the Church of the Advent, San Francisco, when three candidates received that rite, being presented by the Rector, Rev. John Gray.

August 20, Sunday...-Took part in the services at the Advent, in the consecration of the altar presented by a member of the parish.

August 24.—Special confirmation at Grace Church, when one person was presented for that rite by the Rev. R. C. Foute.

August 27.—Took part with the Rector, Mr. Foute, in the services at Grace Church.

September 3.—Went to San Jose to the hospitable house of the Rector, Rev. Dr. Lewis.

September 4, Sunday.—Drove with the Rector nine miles to Los Gatos. Held service in the church, when, after morning service by the Rector, I delivered a lecture and confirmed six candidates. In the afternoon, went with the Rector to the residence of a parishioner, who is near his end, and confirmed him in his bed.

Since my last visit to this parish the church edifice has been entirely renewed, and about doubled in size. Ninety sittings have been added, and by the zeal of the Kector, everything in the ornamentation has been added in the best and most churchly taste. Spiritually, too, the congregation has been built up, and at the Holy Communion on this occasion, more than fifty came forward to the chancel.

September 11.—At Calvary Church, Santa Cruz, after service by the Rector, Rev. C. O. Tillotson, I preached and confirmed five candidates. In the afternoon went to the residence of a parishioner, hopelessly ill, and administered to her the rite of confirmation.

In the evening preached again.

The collection for the Diocesan Missions was \$24.50.

September 17.—At St. Luke's, San Francisco, united with Mr. Davis in the service.

September 18.—At St. John's, Oakland, notice had been given of Confirmation on that morning, but the wife of the Rector, Mrs. Akerly, having died on the previous day, it was generally supposed by the Congregation that there would be no service. The service, however, at the request of the Rector, was read by the Rev. Alfred Perkins of Alameda, when notice was given for confirmation, and ten came forward and received that rite.

I delivered an address to them, and also a missionary address at the offertory.

September 19.—Took part in the services at Trinity, San Francisco, at the burial of the late Governor, Washington Bartlett.

September 19, Monday.—Again at St. John's, Oakland, at the funeral of Mrs. Akerly. The burial service was read by the Rev. Messrs W. H. Hill and Hobart Chetwood.

September 20.—Confirmed privately a sick member of St. John's Church, presented by Rev. E. B. Spalding.

September 23.—In the evening attended the festival at Grace Church, to celebrate the twenty-fifth year since their entrance in the present edifice. The Church was crowded, most of the city clergy being present. A service was read by the Rector, Mr. Foute, when, by request, I delivered an address, giving an historical sketch of the early days of the Church. The evening concluded with a social gathering in the school rooms, where the Warden, Mr. Phelps, gave a short address of welcome, and the Rev. Giles A. Easton, who had been the first assistant Minister of this Parish, gave some of his recollections of those days.

October 1, Saturday.—Went to San Rafael.

There is one subject more which I would bring before you.

During the early part of the Convention year, I was at times troubled with illness, which prevented my visitations being carried out as fully as I should have wished. In such cases, however, I was always aided by the Bishop of Northern California, who was ready, so that there was no failure in any of my appointments.

For the last three months I have been able myself to perform my duties, so that I have not been obliged to ask for the services of my Brother of Northern California.

Should I need any aid for the future, I can depend upon his kindness to fill any appointments which either for distance, or other causes, were beyond my power.

I feel therefore that (Providence permitting) I shall be able to meet all the requirements of my office.

The following clergy have been received into the Diocese by transfer: P. B. Morgan, M. D., Thos. G. Williams, F. R. Starr, T. W. Haskins, H. Howitt, A. D. Drummond, W. J. O'Brien, H. G. Judd, A. D. Heffern.

The following clergy have been transferred: C. L. Fitchett and C. S. Fackenthall, to Northern California.

CHURCH BUILDING.

A remarkable fact connected with the last year is the number of Church edifices, either erected or begun during that time. Of those which are finished and occupied, I would mention the Church at Riverside (Rev. Mr. Tayler), one of the most beautiful on the Pacific Coast, and that at West Oakland, erected by the zeal and enterprise of Rev. Dr. Lathrop. The latter parish had a small edifice, which was suffered to remain as a lecture room, while a beautiful new edifice was erected by its side, for the worship of the congregation.

REPORT OF THE SECRETARY OF THE BOARD OF MISSIONS.

Rt. Rev. Father in God and Brethren of the Clergy and Laity:

The Board of Diocesan Missions comes before you this year with words of encouragement and cheer. Deeply thankful to Almighty God for the rich graces and paternal favor extended to His Church we are able to say: 1st, That the Churches of the Diocese have responded generously for the extension of Christ's Kingdom; so that, we come to the close of the Convention year without debt. There is at least nothing chargeable against the Missionary Fund for the support of the regular staff of missions and missionaries which were assumed by the Board at the beginning and during the first half of the year. The small balance against our funds, of possibly \$80, was something which the Board felt bound in Christian faith and charity to assume in the last quarter of our administration; but it is hoped that the offerings of the present meeting of our Diocesan Missionary Society will make up what is wanting, and leave us with out a cent of debt. The Treasurer's Report will show the parishes and missions contributing during the year, and the amounts contributed by each; and, if we mistake not, the showing will prove that all have been alive to the great work of Church extension.

And 2nd. That the missionaries, as a whole, have made a great advance, and accomplished a wonderful success. The history of the year reveals unusual activity and faithfulness in work on all lines and in all districts; and the tabulated facts will show that they have been followed by abundant rewards.

During the year, the missions which have Modesto for a centre, have become vacant, and are now without a missionary. The mission at Centerville is also vacant. But, on the other hand, the great central mission of the San Joaquin Valley, St. James', Fresno, has become a self supporting parish; and missions which were once connected with it and dependent on it are now new centres of work; and that which has Hanford for its centre has lately been again subdivided by the setting off of Tulare and Visalia as a separate mission, under the charge of a missionary only lately appointed by the Bicken.

pointed by the Bishop.

The missions at Salinas, Monterey, and Pacific Grove, which were assumed nine months since, have already sprung into self-support, and will no longer need aid from the Board. Within the limits of the Southern Convocation, the most marvellous transformations are constantly taking place; missions rapidly change to self-supporting parishes; and some seem to spring into full-grown parochial life from the start. Of the three missions under the charge of Rev. H. S. Jefferys, and organized by him but two years since, St. Augustine's, Santa Monica, has become a parish; Ascension, Boyle Heights, is building a church, preparatory to assuming parochial responsibilities; and Epiphany, East Los Angeles, has organized as a parish, and

Report of the Secretary of the Board of Missions.

called a rector. In addition to these, the new parish of Christ Church has been organized by its first rector, Rev. Thos. W. Haskins, in the same city. Four months since, an entirely new mission was organized in San Buenaventura, and marks the first work of the Church in Ventura County, and from present appearances, it will soon be a self-supporting parish. The Rev. F. R. Sanford, who entered upon that work in January is greatly en-

couraged with the prospect.

Nearer home, important missionary work has been begun by the Rev. Hamilton Lee, in Alameda and Contra Costa Counties, which already requires an assistant missionary, and to which, the Board ventured to vote \$25 per month during this last quarter of the year. The mission at Martinez, under Rev. Dr. Abercrombie, and that at Santa Clara, under Rev. J. G. Gasmann, have both re-awakened to new life and have marked a commendable progress. There are at present on the list of the Diocesan Board, twelve missionaries, and twenty-two stations. There have been built, or are now in process of construction, six churches, with, not to exceed one thousand dollars debt.

The following tabulated facts represent the summary of official work of the missionaries, and the expenditures and income, during the year, or such

parts of it as has been reported on:

The figures represent: Families, 472; Individuals, 1803; Average Attendance, 52 per cent; Communicants, 512; Baptized, Infants, 75; Adults 16; Total 91; Confirmed, 29; Candidates for Confirmation, 86; Marriages, 85; Burials, 50; Sunday School Teachers, 50—Scholars, 468; Parochial Visits, 2083; Visitations of Sick and Private Communions, 130; Public Sunday Services, 1121; Week Day Services, 293; Public Celebrations of Holy Communion, 203; Public Catechisings, 207.

The expenditures of the missions are as follows: Pledged to the Board, \$3977; Diocesan and Convention Funds, \$211.35; Disabled Clergy Fund, \$39.30, Diocesan Missions, \$118.65; Domestic and Foreign Missions, \$61.85; Sunday Schools, \$282.70; Charity, \$160.45; Running expenses, \$1,189.50; Paid on Church Property, \$22,106.45; American Church Building Fund, \$7: Taxes and Insurance, \$817.83; Other Purposes, \$828.15. Total,

\$29,800.23.

The Income, from Subscriptions \$4249.85; Offerings \$4574.40; Donations

\$20,795.98. Total \$29,800.23.

These figures place the official acts, the number of families and individuals, the number of communicants, and Sunday School teachers and scholars much ahead of last year, while the expenditures and income are more than three times the amount of last report, and the debts are not increased. There is therefore no cause for discouragement; there is every evidence that the work of the Church has been steadily and successfully prosecuted in every part of the mission field of the diocese. It needs then, only continued faithfulness in working, and liberality in giving, to make both the Diocese of California and its missionary extension a praise and a glory in all the churches.

For the Board of Diocesan Missions,

WM. II. STOY, Secretary.

REPORT OF COMMITTEE ON CHRISTIAN EDUCATION.

It is the pleasing duty of your committee to report to this Convention a year of marked prosperity for the Church Schools in this diocese, as the

following reports from their principals will show:

Trinity School, San Francisco, the present year, has been unable to meet the demands made upon it, and applications for admission have been declined. There have been over 80 students in regular attendance, and its roll for the year will number nearly 100. Its boarding scholars have increased from sixteen to twenty-seven. The school graduates a class of nine young gentlemen in May, most of whom enter examinations for college or

university.

St. Matthew's, San Mateo, has had a year of unusual prosperity, the attendance being larger than for several past years. The pupils have been very stisfactory in character and scholarship. A surpliced choir for the Church of St. Matthew has been formed from among them, and trained under the excellent management of Rev. H. D. Robinson, the mathematical instructor and assistant of the rector. Very favorable reports, from all directions of former pupils of the school, who are now at work in practical life, justify the belief that the moral as well as mental training given here is bearing excellent fruit. As this is mainly a boarding school, this observation is of additional importance. The total attendance for the year has been 114, of whom 97 were boarders.

The schools for girls also report:

Irving Institute, San Francisco, has passed the most prosperous year since its opening, eleven years ago. To meet the increased needs of this school for girls an addition of three stories, 28 feet by 63, on the corner of Valencia and Hill Streets, has just been erected, and will be ready for occupancy by the opening of the Christmas session, July 30th. The pupils are regularly instructed in the Catechism and principles of the Church, and a large number of them are faithful communicants. The rector, with the approval of the Bishop of the Diocese, has compiled and published an "office" for the opening of the daily school session, mostly from the Prayer Book and Hymnal, and finds its use highly conducive to the interest and devotion of the school. The attendance during the past year has aggregated 111, of which 39 were boarding pupils. Its faculty is composed of six resident and ten visiting teachers.

St. Katharine's School, San Francisco, for young ladies and little children, was organized in St. Stephen's school-room, in January, 1887. For the first two months there was only one pupil, but before the June vacation the number had increased to eight. The second term there was a greater increase, closing at Christmas time with fifteen young ladies, and little children ot both sexes. January 3d, 1888 found St. Katharine's with fourteen names on the roll, one pupil having withdrawn on account of ill health. All the Eng-

lish branches, Church History, Catechism, French, Latin, Embroidery, and Plain Sewing are taught. All of the pupils are required to learn plain sewing, embroidery lessons being optional. When the boarding department is opened, lessons will be given in practical household economy. While St. Katharine's was begun in St. Stephen's parish, it is not intended to limit its work to any one parish, but hopes are entertained of its becoming a useful adjunct to the Church at large, so that it may become a Church work in its widest sense, and be of general interest.

The Rev. Mr. Mynard, of Tustin, reports a Parish School begun by him in his parish in September last, and now transferred to a competent teacher, he retaining its supervision, and assisting in the teaching. It now

numbers 24 pupils.

This report would be incomplete without mention of the important and promising steps that have been taken for a strong Church school of a high grade in Los Angeles, which will doubtless be reported fully in the parochial reports from that city. Its details we have only seen in newspaper items. Its forma tion and plans are doubtless as yet incomplete. But it suggests an important text for your committee, inasmuch as such plans have been rendered possible only through securing land at an early day and profiting by its appreciation in value. This was done fourteen or more years ago and the land is now in the heart of the city and has become very valuable.

Your committee have so repeatedly urged endowments for Church schools that it seems vain to do so again. But this is a feasible plan, securing by purchase or gift, land for schools in central localities, when new towns are laid out; or buying when cheap; and this land would furnish endowments or foundations in time. If this were acted upon generally, this year, throughout the diocese (and a like opportunity will never again occur, with the probable influx of population) it would mark a step forward in our diocesan educational work. We repeat finally what has been said often before, that Church schools are essential and necessary to the deep-rooting and full growth of our Church on this continent.

REPORT OF COMMITTEE ON CHURCH CHARITIES.

The Committee on Charities beg leave to make the following report: The Committee on Cuartices organized charities, under the care of the Church, viz.: St. Luke's Hospital, The Home for Old Ladies, (both of which case situated in San Francisco), and the Orphanage, at San Mateo We are able to report that each of these institutions is flourishing, and that in each the specific work is faithfully carried out.

St. Luke's Hospital is an important work, and under its new auspices bids fair to obtain a measure of success not heretofore known in its history; having now possession of all its buildings, certain of which have been recently vacated, it will be very soon in a position to command a large patronage from those, who in sickness, need a home, where the advantages of good nursing and careful medical attendance can be provided. The charitable side of the Hospital, however belongs more properly to this report, and we beg leave to call to the attention of the diocese, the fact that beds for the accommodation of the sick poor can be supported for a comparatively small sum annually, by churches or individuals. That several beds are already so supported, and that many others should be. We therefore recommend to the churches in the diocese that they endeavor to aid in the support of these free beds, than which there can be no greater charity. We are glad to note that the management were able to report that at the close of the fiscal year, they were free from debt, and had nearly one thousand dollars in hand. We understand that there is an incumbrance upon the real estate, small in proportion to the value of the property, but which will be, we hope, removed within a reasonable time.

Turning our attention from this noble charitable work of our Church to another of which the same words may be used, we are most happy to report to the Diocese that the long contemplated building for the use of the Old Ladies Home Association, has been erected during the year. By the disposal of certain valuable real estate, the trustees have been able to purchase land on Golden Gate Avenue, and to erect a very handsome and suitable building for the purposes of the charity. Accommodation is provided in the Home for thirty three inmates; the chapel is a beautiful little building, seating about fifty, and is completely and properly furnished for the celebration of all the offices of the church. The property is entirely free from debt, and the careful and economical management of the institution promises a successful future. The diocese is to be congratulated upon the

possession of such a handsome and excellent institution

We are able also to report that the Orphanage at San Mateo is increasing its work from year to year. Already increased accommodation has been found necessary, and the number of inmates has reached thirty-five boys

Report of Committee on Church Charities.

and girls. The property of the Orphanage is pleasantly situated, but at present is somewhat incumbered by indebtedness.

The charitable work of the Church, then, provides for the children who need shelter, the old women who need a home, the sick who need healing. We are glad to be able to report that these, our heritage, have not been forgotten by those who have been blessed in worldly store. One gentleman of this city, whose praise is in all the churches, for many acts of openhanded kindness, has given to St.Luke's Hospital the means to put the buildings in proper order, a noble and a generous action. At the building of the Old Ladies' Home several of the City churches furnished rooms, and gifts of many kinds were made to the institution, all of which were of great use, and many of great beauty. The Orphanage too has not been forgotten. But while this is true, the great difficulty in each charity is, to meet the current expenses, and the managers of each beg most earnestly of the Church to remember the work in which they are engaged by generous and constant offerings. Charity is said to begin at home, and your committee feel that they have the right to ask of Churchmen to remember the poor of our own household of faith, and to provide for them, so well, that all of these charities may widen their scope and extend their work to all in need. We hope, therefore, that in so presenting these claims to the Church we have been able to show that the diocese of California has works to prove its faith. All of which is respectfully submitted.

R. C. FOUTE, W. W. DAVIS, E. J. LION, G. W. GIBBS, JOHN WIGMORE.

REPORT OF DIRECTORS OF "THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF CALIFORNIA"

(A CORPORATION).

TO THE 38TH CONVENTION OF THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF CALIFORNIA:

The Directors of "The Protestant Episcopal Church in the Diocese of California"—the corporation formed pursuant to the resolutions adopted at the last Annual Convention—respectfully report:

That on the 13th day of May, 1887, the Secretary of State duly issued his certificate to said corporation, by which act its due incorporation was fully accomplished.

Thereafter, to wit: on the 14th day of May, 1887, the Directors who were elected by the last Annual Convention, were duly notified by the Secretary of the Convention of their election, and also that a meeting would be held at the residence of the Right Rev. Bishop of the Diocese in the City and County of San Francisco, on Monday, the 16th day of May, 1887, to effect an organization of the Board and to transact such other business as might come before them.

The first regular meeting of the Board was held at the time and place so appointed and mentioned by the Secretary in his said notice, and at such meeting, Right Rev. William Ingraham Kip, Bishop of the Diocese, was unanimously elected President of the corporation for the ensuing year; A. N. Drown was at the same time elected Secretary, and R. W. Kirkham, Treasurer. At the same meeting the Directors, by resolution, fixed the place in the City and County of San Francisco, which should be the principal place of business of the corporation, and where the meetings of the Directors should be held, to wit: the office of the Secretary, rooms 4, 5, and 6, at No. 621 Clay street, in said city and county. They likewise fixed and appointed the regular meeting of the Board to be held on the first Tuesday in August, November and February, and on the Saturday next preceding the day appointed for the meeting of the Annual Convention.

Meetings have been held through the year as thus appointed. Mr. R. W. Kirkham, who was elected Treasurer, declined to serve, thereupon C. V. S. Gibbs, Esq., was chosen in his stead. He also declined the office. The corporation has therefore been unable to obtain a Treasurer,

Report of Directors of "The Protestant Episcopal Church," etc.

and it will be necessary for the Convention to consider how the office shall be filled.

If this corporation shall answer the purpose for which it was organized, the Treasurer will be the custodian of important funds. He is required by the By-Laws to give bonds which presumably will be commensurate with the moneys which he is to receive.

It will be difficult to find a person who will, without compensation, take this office with its accompanying responsibility and labor.

There has been conveyed to the corporation during the year the following property:

- 1. By "The Rector, Wardens, and Vestrymen of St. John's Church, Oakland, Alameda County, California" the real property at Temescal, in Oakland Township, in said County of Alameda, situated on the southerly line of Cleveland Avenue, distant 530.65 feet easterly from Telegraph Avenue, having a frontage of 52 feet and a depth of 100 feet.
- 2. By William Ingraham Kip, lots numbered 16, 15, 14, 13, 12, and 11 in block No. 114 as shown on the official map of the Town of Fresno; the same being the land on which is situated St. James' Church and its Parsonage.
- 3. A lease from George B. Otis made on the 23rd day of January, 1888, of the northwesterly half of lot 9 in block "J" as shown on the town plot of the Town of Selma, in Fresno county. Said lease is for a term of ten years.

A portion of the property secondly above mentioned is incumbered by a mortgage for \$500, executed by D. O. Kelley for the benefit of St. James' Church, to H. T. Graves, who is the Treasurer of the Disabled Clergy Fund. This mortgage has been renewed for six months from April 28th, 1888, and the corporation has consented to the renewal.

Certified copies of the Articles of Incorporation have been filed in Alameda and Fresno counties.

The corporation has not yet accomplished the purpose for which it was erected. None of the Funds, of which it should properly be the custodian, have been delivered to its keeping, and only a fraction of the property, which it is intended to hold and administer, has been granted or intrusted to it.

Moreover, as we are credibly informed, properties within the diocese and which, as we conceive, should have been conveyed to this corporation, have during the year been granted to another corporation or association called "The Church Extension Society."

We respectfully submit this matter to the consideration of the Convention.

An appropriation of \$25 is requested to cover disbursements.

MEMORIAL FROM SOUTHERN CALIFORNIA.

MEMORIAL In Re DIVISION OF DIOCESE, &c.

To the Bishop and the Convention of the Diocese of California;

The Memorial of the Convocation of the Southern District of the Diocese respectfully represents that at a meeting of the Convocation held at Riverside on the 25th and 26th of January last, after a full consideration of the pressing needs of the Church in Southern California, caused by the increase of population and the extraordinary development of that portion of the State, it was resolved without a dissentient voice that the best interests of the Church require the formation of a diocese for the South. A further resolution was thereupon adopted unanimously, that a Memorial should be presented to the diocesan authorities praying that such action may be taken as will serve to carry out the end in view.

Your petitioners therefore respectfully request that the Convention will give its consent to the taking of such action as will lead to the division of the diocese under canonical and constitutional process; and in making this request they bear in mind the following facts which they desire should be kept in view by the Convention:

1. They are in effect asking merely that they be allowed to take, under and with the sanction of the Bishop and Convention, such prepara-

tory measures as will insure the successful working of the new diocese when it shall have been actually erected.

2. The division cannot be consummated without the consent of the Bishop of the Diocese, nor until action is taken by the General Convention; and therefore cannot be effected under any circumstances until the winter of 1889; but it is of primary importance that the establishment of Endowment Funds and other preparatory steps should receive at once the full sanction and consent of the diocesan authorities.

They therefore request that such sanction and consent be recorded during the present meeting of the Convention.

Your petitioners respectfully suggest that the dividing line should be the north boundary of San Luis Obispo, Kern and San Bernardino counties; and would submit that this division will meet the requirements of Article V of the Constitution, for within the limits of the proposed new diocese there will be

- 1. More than six self-supporting parishes, and more than the requisite number of clergy; and also,
- Ample ability for the support of the new Bishop, of which the proof is seen in the facts that-
- I. From assessments for the support of the Bishop \$1,600 a year can readily be raised; and,
 - IL Twenty-one thousand dollars have already been subscribed as an

Memorial from Southern California.

Episcopal Endowment Fund, conditionally upon the consent of the Bishop and this Convention being given for the formation of the said Fund. It is confidently expected that if this consent be given the Fund will be increased, before 1890, to at least \$30,000. From this source \$2,400 a year can be secured; and thus \$4,000 will be in hand annually for salary and contingent expenses.

The proposed line of division would at the present time give to the

new diocese and leave in the old one

	Counties.	Population.	Parishes.	Missions.	Clergy.	Communicants.
New Diocese	7 19	151,722 633,758	11 23	27 25	$\begin{array}{c} 23 \\ 42 \end{array}$	1,293 4,637

The figures are taken from the last available returns, the population being that of the school census for 1886, and the communicants being

given as reported in 1887.

These facts are sufficient to show the present competence of the Southern District to meet all constitutional and canonical requirements of a diocese; while it is also to be remembered with regard to these figures, that they ante-date by two years, and in the case of communicants and population by three and four years respectively, the nearest date at which such organization could be effected. At least two years more of growth must therefore be counted in; and in the present epoch of Californian development that means very largely increased figures for 1890. This applies equally to both parts of the diocese, and indicates an assured ability for the new; while for the old it guarantees a growth which, to put it at the lowest, will at least and undoubtedly bring its resources up to the level of the whole undivided diocese, as reported last year.

Your petitioners therefore pray that the Convention will give its consent to the taking of such preliminary steps as will lead to the division of the diocese under canonical and constitutional process, subject to the consent of the Bishop and General Convention.

Signed by the Committee,

ARCH. G. L. TREW, JOHN BAKEWELL, ELIAS BIRDSALL, JOHN D. H. BROWNE, DANIEL CLEVELAND.

May 2nd, 1888.

The ultimate division of the diocese, and the formation of a new diocese in the Southern portion thereof, being inevitable in the natural development of the country; I willingly give my approval to the taking of such preparatory action as in the judgment of the Convention will tend to make the new diocese more successful when it shall have been erected.

(Signed) Wm. Ingraham Kip.

CANON ON MISSIONS.

SECTION I. The Bishop shall supervise and control all Missionary work within the diocese. He shall, with the advice of the Board of Missions, establish and organize Missions, appoint all Missionaries, whether to organized Missions, or to general Missionary work within prescribed limits, and transfer, suspend or remove such Missionaries, when not inconsistent with the general canons of the Church.

Missions shall be organized by the appointment of a Warden, a Clerk, and a Treasurer, to serve until the next Easter Monday; and thereafter such officers shall be elected at the annual Easter meetings of the Mission, such meetings being composed of communicants in, and others

who are regular supporters of, the Mission.

SECTION II. At each Annual Convention there shall be elected—by ballot—four Clergymen and four Laymen, who, with the Bishop, shall constitute the Board of Missions, of which the Bishop shall be ex-officio Chairman. In the absence of the Bishop from any of its meetings, the Board shall elect from its clerical members, a Chairman pro tem. A quorum shall consist of five members, without the Bishop, or four members with the Bishop. The Board shall have power to fill vacancies occurring in that body.

SECTION III. The Board of Missions shall meet as soon after the adjournment of each annual convention as is practicable, and elect a Secretary and Treasurer, who shall give such bonds as the Board may require. The Board may meet at such other times, on the call of the Bishop, or any three members, as may be desired, provided, that there shall be at least one meeting every quarter.

SECTION IV. It is hereby declared to be the duty of the Board of Missions to devise means to awaken interest in the Missionary work of the diocese, and to secure liberal offerings for the same; *to make appropriations for the support of the Missionaries appointed by the Bishop, in proportion to the importance of the work assigned them, and according to the income of the Board. Every Mission shall be required to make four offerings a year for the Mission Board, and in other ways

to contribute to the best of its ability towards the Missionary funds of the diocese.

SECTION V. The members of all organized Missions shall contribute, monthly, to the treasury of the Board of Missions, such an amount as may be agreed upon from year to year, between them and the Board. And all Missionaries shall be required to make quarterly reports of the condition and prospects of the Mission under their charge—to the Board of Missions—and also annual reports to the Bishop on or before the first day's session of each regular Convention.

SECTION VI. To further facilitate the Missionary work of the Church the diocese shall be divided into districts, to be known as Convocations, For the present, all territory lying south of the northern boundary of the counties of San Luis Obispo, Kern, and San Bernardino, shall belong to the Southern Convocation. All lying north of this line shall belong to the Northern Convocation.

SECTION VII. The Bishop shall be the head of each Convocation, ex-officio. He shall, on the nomination of each Convocation, at a regular meeting, appoint a Dean for each, whose term of office shall be two years. The Dean shall be the executive officer of the Convocation, and in the absence of the Bishop shall preside at all the meetings. He shall be charged with the oversight of all Missionary work within his district under the direction of the Bishop.

SECTION VIII. At all meetings of the Convocation, of which there shall be at least two annually, every Clergyman canonically resident within its district shall be entitled to a seat and a vote, as shall also the Lay delegates to the last Diocesan Convention from each parish and mission within the Convocation. The meetings of the Convocation shall have for their principal object the presentation of the claims of Mission work. Such Missionaries as may be members, shall report concerning their work, and provisions may be made for especial needs within the limits of the Convocation, provided, that offerings for local needs shall not interfere with the claims of the Diocesan Board of Missions, and shall be reported to the Treasurer thereof, and included in his annual report. It shall also be the purpose of the Convocational meetings, to bring the Clergy together in fraternal intercourse, and to promote their spiritual and intellectual life. Each Convocation shall make its own rules, in furtherance of these objects, subject to the approval of the Bishop.

SECTION IX. At each annual meeting of the Diocesan Convention, the Missionary work of the Diocese shall be considered on the evening of the first day of the session, at which time it shall be the duty of the Secretary and Treasurer of the Board of Missions, the Deans of Convocation, and the Missionaries within the jurisdiction of the Board, to submit full and accurate reports of their work for the past year, in writing, which reports shall be filed with the Secretary of Convention, and, in the case of the officers of Board named, and the Deans, be printed in the Journal.

SECTION X. The traveling expenses of the Deans of Convocation incurred in visiting feeble parishes or Mission stations, under the direction of the Bishop, shall be paid by the Treasurer of the Board of

Canon on Missions.

Missions out of any surplus funds that may remain in the treasury after the Missionaries are paid in full.

SECTION XI. Laymen may form and associate separately for the purpose of forwarding Missionary work, provided, that the Convocation shall first give its consent.

SECTION XII. No organized parish shall receive financial aid from the Board of Missions except on written application of the Wardens and Vestry thereof, approved by the Bishop, and on condition that the Rector of said parish shall perform such Missionary work outside of his parish, under the direction of the Dean, as may be ordered by the Bishop.

Nore. The past year has been marked by a decided increase in the membership of the church, as also by a renewed interest and much larger offerings than in many years; for all of which we desire to place on record this acknowledgment of our grateful thanks to the Great Giver of all good who hath so abundantly blessed our humble efforts. Last September we celebrated the "Silver Anniversary" of the church, it being just twenty-five years since the present building was first occupied for worship. As a souvenir of the occasion, the ladies of the Parish gave the church a thorough overhauling, and refurnished it throughout in the very best style. In addition to these greatly needed improve-

ments, the entire interior has been richly frescoed and handsomely decorated in the most artistic manner, for which we are indebted to our Senior Warden, Mr. Geo. W. Gibbs, whose generous liberality has become proverbial and who never tires in well-doing.

REPORT OF REV. I. M. MERLIN-JONES.

Right Rev. Sir;

I would respectfully report that during the past year, until last February, I officiated as Missionary of the Good Shepherd's Mission, West Berkeley, holding services there every Sunday afternoon. Also, during the past year, I have assisted the Rector of St. Paul's Church, Oakland, in the morning and evening services, and have officiated at other places occasionally. I administered the Sacrament of Baptism to five infants. I buried three adults.

I. M. MERLIN-JONES.

OAKLAND, May 1st, 1888, A. D.

REPORT OF REV. A. P. ANDERSON.

SAN JACINTO, April 12th, 1888.

Right Rev. Sir:—I herewith report to you, as required by Canon, my clerical acts for the year just closing. I have officiated at two funerals, and held services in public, whenever a place could be had. This has been but occasionally, because there is no Church organization, and the available places for worship have been utilized by denominations who have paid Missionaries in the field. Every Sunday, when not engaged in public, I have held service in my own house. The attendance, considering the circumstances, has been good. On Easter Day I had Communion at which 8 persons communicated. There are 8 Communicants in the valley. A Ladies' Guild, consisting of 20 members, has been faithfully working for a year past, raising money for the purchase of real estate. The Guild has bought four different lots, which it is paying for, and which will be available for building when the time comes. Besides this I have, by subscription, bought and paid for an eligible lot upon which a church building, it is hoped, may in time be erected. I have given all the time and attention to church interests that I could spare. Having no income whatever, it has been necessary for me to give most of my time and thought to securing a support for myself and family. This has been to me a source of great regret, but I have had to yield to what has seemed altogether unavoidable.

All which is submitted with very great respect,

A. P. ANDERSON.

SECTION II. At each Annual Convention there shall be elected—by ballot—four Clergymen and four Laymen, who, with the Bishop, shall constitute the Board of Missions, of which the Bishop shall be ex-officio Chairman. In the absence of the Bishop from any of its meetings, the Board shall elect from its clerical members, a Chairman pro tem. A quorum shall consist of five members, without the Bishop, or four members with the Bishop. The Board shall have power to fill vacancies occurring in that body.

SECTION III. The Board of Missions shall meet as soon after the adjournment of each annual convention as is practicable, and elect a Secretary and Treasurer, who shall give such bonds as the Board may require. The Board may meet at such other times, on the call of the Bishop, or any three members, as may be desired, provided, that there shall be at least one meeting every quarter.

SECTION IV. It is hereby declared to be the duty of the Board of Missions to devise means to awaken interest in the Missionary work of the diocese, and to secure liberal offerings for the same; *to make appropriations for the support of the Missionaries appointed by the Bishop, in proportion to the importance of the work assigned them, and according to the income of the Board. Every Mission shall be required to make four offerings a year for the Mission Board, and in other ways to contribute to the best of its ability towards the Missionary funds of the diocese.

SECTION V. The members of all organized Missions shall contribute, monthly, to the treasury of the Board of Missions, such an amount as may be agreed upon from year to year, between them and the Board. And all Missionaries shall be required to make quarterly reports of the condition and prospects of the Mission under their charge—to the Board of Missions—and also annual reports to the Bishop on or before the first day's session of each regular Convention.

SECTION VI. To further facilitate the Missionary work of the Church the diocese shall be divided into districts, to be known as Convocations, For the present, all territory lying south of the northern boundary of the counties of San Luis Obispo, Kern, and San Bernardino, shall belong to the Southern Convocation. All lying north of this line shall belong to the Northern Convocation.

SECTION VII. The Bishop shall be the head of each Convocation, ex-officio. He shall, on the nomination of each Convocation, at a regular meeting, appoint a Dean for each, whose term of office shall be two years. The Dean shall be the executive officer of the Convocation, and in the absence of the Bishop shall preside at all the meetings. He shall be charged with the oversight of all Missionary work within his district under the direction of the Bishop.

SECTION VIII. At all meetings of the Convocation, of which there shall be at least two annually, every Clergyman canonically resident within its district shall be entitled to a seat and a vote, as shall also the Lay delegates to the last Diocesan Convention from each parish and mission within the Convocation. The meetings of the Convocation shall have for their principal object the presentation of the claims of Mission work. Such Missionaries as may be members, shall report concerning their work, and provisions may be made for especial needs within the limits of the Convocation, provided, that offerings for local needs shall not interfere with the claims of the Diocesan Board of Missions, and shall be reported to the Treasurer thereof, and included in his annual report. It shall also be the purpose of the Convocational meetings, to bring the Clergy together in fraternal intercourse, and to promote their spiritual and intellectual life. Each Convocation shall make its own rules, in furtherance of these objects, subject to the approval of the Bishop.

SECTION IX. At each annual meeting of the Diocesan Convention, the Missionary work of the Diocese shall be considered on the evening of the first day of the session, at which time it shall be the duty of the Secretary and Treasurer of the Board of Missions, the Deans of Convecation, and the Missionaries within the jurisdiction of the Board, to submit full and accurate reports of their work for the past year, in writing, which reports shall be filed with the Secretary of Convention, and, in the case of the officers of Board named, and the Deans, be printed in the Journal.

SECTION X. The traveling expenses of the Deans of Convocation incurred in visiting feeble parishes or Mission stations, under the direction of the Bishop, shall be paid by the Treasurer of the Board of Missions out of any surplus funds that may remain in the treasury after the Missionaries are paid in full.

SECTION XI. Laymen may form and associate separately for the purpose of forwarding Missionary work, provided, that the Convocation shall first give its consent.

shall first give its consent.

Section XII. No organized parish shall receive financial aid from the Board of Missions except on written application of the Wardens and Vestry thereof, approved by the Bishop, and on condition that the Rector of said parish shall perform such Missionary work outside of his parish, under the direction of the Dean, as may be ordered by the Bishop.

CANON 16.

ON DISCIPLINE.

Whenever any Minister of this Diocese, not being a Bishop thereof, shall become "liable to presentment and trial" under the provisions of any Canon of the General or Diocesan Convention, the mode of proceeding in this Diocese shall be as follows, viz.:

SECTION 1. The trial shall be on a presentment in writing, addressed to the Bishop of the Diocese, specifying the offense or offenses of which the accused is alleged to be guilty, with reasonable certainty of their time, place and circumstances. Such presentment may be made by the majority of the members of the Vestry of any Church of which the accused is a Minister, or by any five members of a Mission of which he may have charge, or by any three Presbyters of this Diocese entitled to seats in the Convention, or as hereinafter mentioned. Whenever from public rumor or otherwise, the Bishop shall have reason to believe that any Clergyman is under the imputation of having been guilty of any offense or misconduct, for which he is liable to be tried, and that the interest of the Church requires an investigation, it shall be his duty to appoint a Court of Inquiry of five persons, of whom three at least shall be Presbyters, to examine the case, a majority of whom may make such examination; and if there is, in their judgment, sufficient ground for presentment, shall present the Clergyman accordingly.

SEC. 2. A presentment being made in any one of the modes above prescribed, the Bishop, if the facts charged shall not appear to him to be such as constitute an offense, may dismiss it; or if it allege facts, some of which do, and some of which do not, constitute an offense, he may allow it in part, and dismiss the residue, or he may permit it to be amended. When it shall be allowed in whole or in part, the Bishop shall cause a copy of it to be served on the accused; and shall also nominate twelve Presbyters of this Diocese entitled to seats in the Convenient, and not being parties to the presentment, and cause a list of their names to be served on the accused, who shall, within thirty days after such service, select seven of them, and notify their names in writing to the Bishop; and if he shall not give such notification to the Bishop within the said thirty days, the Bishop shall select seven, and the Presbyters so selected shall form an Ecclesiastical Court for the trial of the accused, of which the Bishop shall appoint the President and

Recorder, and it shall meet at such time and place as the Bishop shall direct, and shall have power to adjourn from time to time, and from place to place (but always within this Diocese).

- SEC. 3. A written notice of the time and place of their first meeting shall be served, at least thirty days before such meeting, on the accused, and also on one of the persons making the presentment.
- SEC. 4. If, at the time appointed for the first meeting of the said Court, the whole number of seven members shall not attend, then those who do attend may adjourn from time to time; and if, after one adjournment or more it shall appear to them improbable that the whole number will attend within a reasonable time, then those who do attend, not being less than five, shall constitute the Court, and proceed to the trial, and a majority of the members shall decide all questions.
- SEC. 5. If a Clergyman presented shall confess the truth of the facts alleged in the presentment, it shall be the duty of the Bishop to proceed to pass sentence; and if he shall not confess them before the appointment of a Court before his trial, as before mentioned, he shall be considered as denying them.
- SEC. 6. If a Clergyman presented, after having had due notice, shall not appear before the Court appointed for his trial, the Court may, nevertheless, proceed as if he were present, unless for good cause the Court shall see fit to adjourn till another day.
- SEC. 7. When the Court proceeds to the trial, it shall hear such evidence as shall be produced, which evidence shall be reduced to writing and signed by the witnesses respectively. If, on or during the trial, the accused shall confess the truth of the charges, as stated in the presentment, the Court may dispense with hearing further evidence, and may proceed at once to state their judgment to the Bishop, as to the sentence that ought to be pronounced.
- SEC. 8. Upon the application of either party to the Bishop, and it being made satisfactorily to appear to him that any material witnesses cannot be procured upon the trial, the Bishop may appoint a Commissary to take the testimony of any such witness. Such Commissary may be either a Clergyman or a Layman, and the party so applying shall give to the other at least six days' notice of the time and place of taking the testimony. And if the person on whom the notice shall be served shall reside more than forty miles from the place of examination, an additional day's notice shall be given for every additional twenty miles of the said distance. And both parties may attend and examine the witness, and the questions and answers shall be reduced to writing and signed by the witness, and shall be certified by the Commissary, and enclosed under his seal, and transmitted to the Court, and shall be received by it as evidence.
- Sec. 6. The Court, having deliberately considered the evidence, shall declare in a writing signed by a majority of the members, its decision on the charges contained in the presentment, distinctly stating whether the accused is guilty or not guilty of such charges respectively, and also stating the sentence which, in their judgment, should be pronounced; and a copy of such decision shall be, without delay, communicated to the accused, and the original decision, together with the evidence, shall be delivered to the Bishop, who shall pronounce such canonical sentence

as shall appear to him to be proper; provided, the same shall not exceed in severity the sentence recommended by the Court; and such sentence shall be final. Before pronouncing any sentence, the Bishop shall summon the accused and any three or more of the Clergy, to meet him at such time as may in his judgment be most convenient, in some church to be designated by him, which shall, for that purpose, be open at the time to all persons who may choose to attend, and the sentence shall then and there be publicly pronounced by the Bishop. But the Bishop, if he shall be satisfied that justice requires it, may grant a new trial to the accused, in which case, a new Ecclesiastical Court shall be appointed, the proceedings before which shall be conducted as heretofore directed.

SEC. 10. All notices and papers contemplated in this Canon may be served by a summoner or summoners, to be appointed for the purpose by the Bishop, and whose certificate of such service shall be evidence thereof. In case of service by any other person the fact should be proved by the affidavit of such person. A written notice or paper delivered to a party, or left at his last place of residence, shall be deemed a sufficient service of such notice or paper.

SEC. 11. The defendant and the presenters may have the privilege of appearing by counsel.

SEC. 12. When there is no Bishop of the Diocese, or in his absence, if authorized to act as the Ecclesiastical Authority of the Diocese, the Standing Committee shall act in the place of the Bishop, for all purposes declared in the foregoing Canon.

CANON 17.

ALTERATION OF CANONS AND GENERAL REGULATIONS.

No proposed alterations or additions to these Canons shall hereafter be considered by the Convention, unless one day's previous notice shall have been given in open Convention, and until such alteration or addition shall have been referred to, and reported upon, by the Standing Committee on Canons, or by a Special Committee appointed for this purpose.

JOURNAL

OF THE

Proceedings of the Convention.

The thirty-ninth Annual Convention of the Diocese of California, assembled at the Church of the Advent, San Francisco, as appointed by the Bishop, on Wednesday, May 22nd, 1889, in accordance with the Constitution.

The opening service consisted of the Celebration of the Holy Communion by the Right Rev. J. H. D. Wingfield, D.D., Missionary Bishop of Northern California, for the Bishop of the Diocese, assisted by the Revs. John Gray and D. O. Kelley.

The sermon was preached by the Rev. F. J. Mynard, from Acts, 1st chapter, 8th verse.

The Convention met in the School Room at 1.30 p. m. for the transaction of business, the Rev. W. H. Hill occupying the chair by request of the Right Rev. the Bishop of the Diocese.

The Secretary the Rev. W. S. Neales, called the roll of Clergy and Parishes, and the number of clergy present and parishes represented showing that there was a quorum, the Convention was declared to be constituted.

On motion of the Rev. D. O. Kelley it was resolved-

That the Rev. W. H. Hill be admitted to a seat in this Convention with the full privileges of a member.

The Committee on Credentials made the following report:

San Francisco, May 21st, 1889.

"We, the Committee on Credentials, have received the Certificates of lay-delegates from forty-nine parishes and missions in union with the Convention, and from seven missions not yet in union. As there are seventy-two parishes and missions entitled to representation in the Convention, there are twenty-three parishes and missions which have not yet sent in their Certificates. As the Canon requires the Certificates to be sent to the Secretary seven days before the opening of the Convention, in order that the roll of the Convention may be made up in time, we beg to draw attention to the neglect of the rule shown by the number of delayed Certificates. We also notice that three parishes have elected alternate delegates, whose names we have not felt justified in entering on the roll of members of the Convention.

One parish at a distance from San Francisco elected a gentleman residing in San Francisco as a delegate to represent them in this Convention. We do not think that the Article (3) of the Constitution on the subject can be read so as to admit of the name of the person elected appearing on the roll of the Convention.

Respectfully,

(Signed)

WILLIAM S. NEALES, FRANK C. SELFRIDGE, Committee on Credentials.

The report was adopted.

The Secretary then called the roll of lay delegates.

The election of Secretary being in order, the Rev. W. S. Neales was nominated. No other nominations having been made, the Rev. D. O. Kelley was instructed by the Convention to cast the ballot of the Convention for Rev. Mr. Neales as Secretary; this was done, and he was declared duly elected.

The Secretary appointed Mr. Wm. M. Cubery Assistant Secretary.

On motion of Mr. A. N. Drown it was resolved—

That a competent stenographer be, and he is hereby appointed to assist the Secretary in reporting the proceedings of this Convention.

Dr. Belden having been recommended for this position by Mr. Drown, he was accordingly appointed in compliance with this resolution.

The Committee on union made the following report-

The Committee respectfully report that the following Missions have applied to be admitted into union with Convention; that we find their applications in order and recommend their admission:

Trinity Mission Escondido San Diego Co.
St. Paul's Mission Walnut Creek Contra Costa Co.
Christ Church Mission Ontario San Bernardino Co.
Church of the Angels Mission ... Garvanza Los Angeles Co.

The report was adopted and the Missions were admitted.

The Convention then adjourned for an hour for luncheon, and was called to order again at 3 P. M.

The Rev. D. O. Kelley as Commissioner at large, presented and read the report of the Church Building Fund Commission, so far as it related to this Diocese. Ordered printed.

To the Bishop and Annual Convention of the Diocese of California;

As Commissioners of the American Church Building Fund Commission we present to you the following Report for the year ending with April, 1889.

From the corresponding secretary of the commission we have obtained the list of contributions to the Fund from this Diocese, and the loans made from the Fund to aid in the erection of churches in the Diocese during the year:

Church of Our Saviour, San Gabriel	19 20
St. Paul's, Salinas City	5 00
Trinity Mission, Orange	5 00
Grace, Martinez	12 55
St. Peter's Sunday School, San Pedro	4 00
St. John's, Wilmington	2 00
All Saints', Riverside	11 40
Trinity Mission, Redlands	50
St. James', Fresno	11 00
St. Paul's, San Francisco	8 00
Church of the Saviour, Hauford	2 90

Loans from the American Church Building Fund Commission to the Diocese of California, from May 1st, 1888, to May 10th, 1889.

Church of the Ascension, Los Angeles	\$ 750	00
Mission at Sierra Madre	250	00
St. Paul's Mission, Walnut Creek	500	00

\$1500 00

From these figures it will be seen, that the offerings from this diocese for the year, equalled only about 13½ per cent. of the amount loaned to us. Only thirteen of all the parishes and missions in the diocese gave anything to the Building Fund. We would again respectfully urge the great practical importance of this matter upon clergy and laity, and that more interest be taken in it, and more general and more liberal offerings made. The fund now amounts to \$170,000, and great efforts are being made to increase it to a quarter of a millon dollars before the meeting of the General Convention—especially through liberal contributions of individual laymen. Are there not some in California who will help in this?

D. O. Kelley, Commissioner at Large. Jas. Abercrombie, California Com'r.

We, the undersigned, of the Committee appointed to audit the accounts of the Treasurers of the different Funds of the Diocese, respectfully report, that we have examined the account of C. V. S. The Rev. H. Chetwood moved the following Preamble and Resolutions, which were adopted by a vote by orders:

Whereas, Our beloved Bishop, on account of infirmities has called upon the Convention to elect an assistant Bishop,

Resolved, That this Convention heartily sympathizes with the Bishop's feelings, and recognizes the urgent need of the Bishop and the diocese for the election of an assistant Bishop. But inasmuch as no formal notice for the aforesaid election having emanated from the Standing Committee, such election, in the opinion of the various members of the Convention, would be of questionable validity.

Resolved, That for the Convention to attempt to comply with the Bishop's request at this session would be inexpedient and might be inoperative, but it is hereby resolved that this Convention does urge upon and warmly request the Standing Committee of the Diocese to immediately, or as soon as their judgment will deem expedient, give such due legal notice and take such proper formal and legal measures as may be necessary to provide for the election of an assistant Bishop.

On motion of Rev. Dr. Spalding the Convention consented to reconsider that portion of the majority report of the Committee on Division of the Diocese, as adopted yesterday, which related to the boundaries of the new Diocese.

The Rev. Mr. Kelley moved to amend the report by omitting the word "Kern" in the designation of the boundary line, and in place of it insert after the words "San Luis Obispo," "and the westerly and southerly line of Kern County as far as the S. W. corner of Township 9, North Range, 16 west, San Bernadino B. and M., thence northeasterly across Kern County along the ridge of the mountain range to a point on the northerly line of Kern County at the N. W. corner of Township 25, South Range, 38 east, Mt. Diablo B. and M., thence to the N. E. corner of Kern County, and thence along the northerly line, &c."

The amendment was adopted, and the Convention then readopted the Report as amended.

The Resolutions as amended are as follows:

- 1. That this Convention hereby gives its consent to the division of the Diocese and to the erection of a new Diocese in the southern portion thereof.
- 2. That the convocational boundaries, as defined in Section 6, Canon 14, shall be the boundaries of the old and the new diocese, save as hereinafter departed from, viz.: all territory lying south of the northern boundary line of the county of San Luis Obispo, and the westerly and southerly line of Kern County as far as the S W. corner of Township 9, North Range, 16 west, San Bernadino B. & M., thence north-easterly across Kern County along the ridge of the mountain range, to a point on the northerly line of Kern County at the N. W. corner of Township 25, South Range, 38 east, Mt. Diablo B. & M., thence to the N. E. corner of Kern County, and thence along the northerly line of San Bernardino County, and including the counties of San Luis Obispo, San Bernardino, Santa Barbara, Ventura, Los Angeles and San Diego, shall constitute the new Diocese; all lying north of the aforesaid line shall belong to the Diocese of California.
- 3. That a committee of three be appointed to draw up a memorial to be presented to the General Convention at its next meeting, requesting its consent to this action.

On motion of Rev. J. A. Emery it was unanimously

Resolved, That the thanks of this Convention be and they are hereby given to the Rev. W. H. Hill for the able and impartial manner in which he has presided over the sessions of this Convention.

The Convention adjourned for lunch.

At 2 P. M. the Convention was called to order, the Rev. D. O. Kelley in the chair.

The Committee on Union made a further supplementary report, recommending the admission of Trinity Mission, Orange, Los Angeles County, into Union with Convention. The report was adopted, and the Mission admitted.

The Rev. A. L. Brewer presented and read the report of the Committee on Christian Education. This was ordered printed. [Appendix E.]

The Rev. E. J. Lion presented the following:

That the Committee on matters in the report of the Committee on Church Charities beg leave to report progress, and ask to be continued.

(Signed)

Susan M. Lawver,

Chairman.

The Committee was continued as requested.

The Convention then adjourned sine die, after prayer and the benediction.

W. H. HILL, President of Convention.

Attest: WILLIAM S. NEALES, Secretary.

Appendix A.

MY BRETHREN OF THE CLERGY AND LAITY:

In compliance with the Canon I proceed to lay before you a record of my official acts during the year that is passed.

May 5.—Diocesan Convention adjourned.

Received application from the congregation of Haywards to become a mission by the name of St. Paul's.

May 10. -Received notice of the congregation at Salinas, organizing into a parish, to which I gave canonical consent.

May 11.—Confirmed privately a sick member of the Church of the Advent, presented by the rector, Rev. John Gray.

May 12.- Went to San Mateo.

May 13.—In St. Matthew's Church, held a confirmation. After service by the rector, Rev. A. L. Brewer, assisted by the Rev. Messrs. Robinson and Church, I confirmed two persons and delivered an address.

May 14.—Received from the Bishop of Minnesota notice of the transfer of the Rev. Thos. J. Crump of this Diocese. Same day received from the Bishop of Western Michigan notice of the deposition of Frederick C. Lee, presbyter, from the ministry.

May 25.—Attended the commencement of the Irving Institute, the Young Ledies' Seminary under the Rev. Edward B. Church. The services were most creditable and the essays of the young ladies displayed the highest proficiency in their studies.

May 27.—Transferred Rev. John Augustus Harris to the Diocese of Mississippi.

June 4—Licensed the Rev. A. B. Drummond to act as City Missionary at large in this city.

Mr. Drummond has been, during the past year, acting as assistant minister in the Church of the Advent, where his earnest labors among the poor and destitute proved how admirably he is fitted for the office to which he is now appointed.

June 10.--Attended Grace Church and took part with Mr. Foute in the services.

June 13.—Baptized a child in private, being assisted in the service by Rev. W. W. Davis.

June 17.—Went to Haywards, Alameda County. This is a portion of the mission of the Rev. Hamilton Lee, where, during the last season, by his zeal and energy, a handsome church has been erected. It was opened for service about three months since.

After morning service by the Rev. Mr. Lee, I delivered an address.

The congregation was full, many of whom came forward to give me a pleasant greeting. The debt on the church is trifling and will probably be liquidated during this summer.

June 20. - Received the declaration of fealty to the Church by the Rev. Henry Howitt in accordance with Canon 7, he having come from

the Church of England, in Australia. The witnesses were the Bishop, Rev. T. G. Williams and Rev. Edgar J. Lion.

During the month of May and June, in consequence of my illness, I was unable to carry out all my appointments, when I was kindly assisted by the Bishop of Northern California, who filled the vacancies. The following is the list of his confirmations in the Diocese:

May 18.—Selma, 9. May 27.—Los Angeles, Christ Church, 18; Church of the Epiphany, 4; St Paul's Church, 19. May 29.—Tustin City, 14. May 30.—Riverside, 14; in private, 1; Redlands, 6. Candidates confirmed, 116.

June 23.—(Saturday).—Attended the reception given by the Trustees at St. Luke's Hospital. This institution has been virtually closed for several years, but during the last season has been remodelled and renovated. This has been done principally by the liberality of Messrs. Geo. W. and C. V. S. Gibbs. It is now in admirable order and can accommodate over one hundred patients.

At this reception there was a large attendance of friends, all of whom were delighted with their examination of the different buildings.

July 12.—Received the transfer of the Rev. W. E. Jacob to this diocese from the diocese of Iowa.

Received notice from the Bishop of Massachusetts that he had displaced from the ministry George Franklin Pratt for causes affecting his moral character.

July 13.—Notified by the Presiding Bishop that a meeting of the House of Bishops will be held in the city of Washington on the 15th of November.

July 15. Devoted this day to an inspection of charitable institutions of the diocese.

Visited St. Luke's Hospital. This has been almost closed for several years, but has lately been renovated and restored so that it has been again re-opened. Everything is in the most beautiful order, and it can now accommodate more than 100 patients. This has been effected principally through the zeal and liberality of Messrs. C. V. S. and Geo. W. Gibbs. A Chapel is now building, Rev. E. B. Spalding, D. D., holding regular services as Chaplain.

Old Ladies' Home. This has been placed in perfect order. A Chapel has been added, which is a beautiful specimen of architecture.

Everything which for some years has given life to this institution is owing to the untiring exertions of the Chaplain, Rev. E. J. Lion.

July 15. Left in the steamer for my annual visitation at San Diego.

arriving there upon Tuesday, the 17th. During the remainder of the week, in company with the rector, Rev. H. B. Restarick, I made several visits upon members of the parish. On Sunday, July 22d, confirmed thirty-four candidates in the morning, besides attending divine service in the evening.

On Wednesday, the 25th, performed an Episcopal service in the newly built church at National City, confirming six, being the first fruits of Mr. Ilderton's labors in that place. Was, the same day, also present at a baptismal service at this same church.

July 26, Thursday.—Started for Santa Barbara, arriving there Friday. July 27th. Saturday, July 28th, made several parochial visits. Sunday, the 29th, confirmed nine persons in the new church at Santa Barbara, an edifice doing credit to the taste and beneficence of the people of that city. Rev. Mr. McClure, much to the regret of all concerned, being called away by the death of his son-in-law, the Rev. Mr. Trew presented the candidates.

July 31, Tuesday.—Having held a private confirmation at the church, started the same day for San Francisco, arriving there Thursday, August 2d.

During this visitation of three weeks, confirmed 50; delivered four addresses, and preached one missionary sermon. The collections which the Bishop always holds during his visitations, for Diocesan Missions, amounted to \$175.

We cannot close this account without paying tribute to the zeal and energy of the Rev. Mr. Restarick. Besides building an elegant parish church, he has, through the young men attached to his congregation, founded a number of mission churches, which are all in a state of prosperity.

August 14.—Took part with the examiners of the diocese in the examination of W. A. Brewer, a candidate for Deacon's Orders.

August 19.-- Confirmed in private a sick person, presented by Rev. John Gray.

The following clergy assisted in the service: Rev. Messrs. Heffern, F. W. Reed, who presented the candidate, J. A. Emery, and A. L. Brewer (father of the candidate), who preached the sermon.

August 23.—Went to East Oakland to attend the funeral of the wife of Rev. H. D. Lathrop, D. D. It was held in the Church of the Advent, East Oakland, the Rev. Edgar J. Lion preaching the funeral sermon, a

Sept. 20.—Attended the quarterly meeting of the Missionary Committee of the Diocese.

Sept. 23.—Went to Centerville; held services in St. James' Church. After Morning Service by the Rev. T. J. Crump, who delivered an address, I confirmed ten candidates and afterwards addressed them. At the ertory I made another address, explaining the missionary system of the diocese (the collection was twenty dollars.)

In the afternoon, at a private house, confirmed a sick member of the Church and also baptized a sick child.

Mr. Crump has been but a few months as missionary in this parish, but it is evidently inspired with new life and there is every prospect of a substantial increase in the congregation,

Sept. 29.—Confirmed privately a member about to leave the Coast, presented by Rev. W. S. Neales.

Sept. 30.—Confirmed privately a member of the Church who was to leave the diocese an the following day, presented by Rev. Wm. W. Davis.

Missions \$40. I confirmed 18 candidates and addressed them. In the evening Mr. Emery preached.

Oct 15.—Went to San Jose, where the Northern Convocation was to be held. Here we were met by the rector, Rev. Dr. Wakefield, to whose hospitality the members of the Convocation were much indebted during these meetings. There were twenty-five clergymen present. The meetings were opened with a sermon on Tuesday evening, and continued until Wednesday evening.

Oct. 19.—Received from the Bishop of Connecticut, letters transferring Fred R. Sanford to this diocese.

Oct. 31.—Took part in the Burial Service, in Grace Church, at the interment of the Rev. A. B. Andrews, Deacon. The following clergy were present: Rev. Drs. Lathrop and Spalding, and Rev. Messrs. Neales, Lion, Foute, Portmess, Hill, Townsend, and Davis.

Mr. Andrews was one of our most valued clergy. After acting for years as lay reader, he late in life was admitted to Deacon's Orders. He took this step because he believed that he could be of greater usefulness in this capacity than acting as layman. From that time he was always ready to assist his brethren or officiate for vacant parishes.

In the month of March, I sent a communication to the Standing Committee of the Diocese, of which the following is a copy:

MARCH, 1889.

To The Standing Committee of The Diocese of California:

Dear Brethren:—When I entered on my duties in this Diocese, more than thirty-five years ago, there were but two clergymen, Rev. C. B. Wyatt and Dr. Ver Mehr, engaged in pastoral duties. At present there are ninety-one on the list, besides some twenty in the Northern Diocese, which has been cut off. I feel therefore my work is done, and with the cares of this large Diocese pressing on me, and time teaching its lesson, I am justified in asking you for relief.

I would request you, therefore, to take the proper canonical steps for the election of an Assistant Bishop for the Diocese.

I would make the proposition to relinquish one-third of my salary to him. I can then aid the cause without having the full responsibility resting on me.

Trusting that you will give a favorable and early reply to my request,
Your Friend and Bishop.

The Standing Committee having for canonical reasons declined to accede to my request, I hereby repeat the request to the diocese when assembled as a diocesau convention.

To THE CLERGY AND LAITY OF THE DIOCESE OF CALIFORNIA:

Dear Brethren:—Owing to the increasing infirmities of age, I notify you that I hereby ask of the next Diocesan Convention the election of an Assistant Bishop, a relief granted me under the General Constitution and Canons of the Church.

Affectionately your Bishop,

Wm. Ingraham Kip, Bishop of California.

REPORT OF THE SECRETARY OF THE BOARD OF MISSIONS.

The Diocesan Board of Missions appointed by your last Convention would respectfully report: That they were organized for business the week following their election with the Rt. Rev. Bishop of the Diocese as President, the Rev. John A. Emery, Secretary, and Mr. C. V. S. Gibbs, as Treasurer.

There were reported to the last Convention twelve missionaries, holding services at twenty-two stations. We close this year with sixteen missionaries and two associates, receiving aid from the Board, and three receiving nothing from us. These twenty-one missionaries hold one regular service at forty-six different points, at thirty-three of which missions have been duly organized

During the year six new missions have been organized, three in the Northern Convocation, and three in the Southern. Two new churches have been built at a cost of \$6,205, with an indebtedness of \$1,400, and arrangements are nearly completed for the construction of others.

The following tabulated facts represent the summary of the official work of the missionaries, and the income and expenditures during the year, are so much of the same as has been reported.

Families, 586; individuals, 2481; average attendance, 50 per cent; communicants, 928; baptized, adults, 77; infants, 172. Total 249. Confirmed 122; candidates for confirmation 157; marriages, 42; burials, 91; Sunday School Teachers, 96; Sunday School Scholars, 901; parochial visits, 2883; visitations of the sick, 441; private communions, 12; public Sunday Services, 1519; Week-day Services, 530; Public Celebration of the Holy Communion, 375; Public Catechisings, 312.

The income, from subscriptions \$6,446.07; offerings, \$5,002.99; donations, \$3,175.87. Total, \$14,624.87. The expenditure pledged to the Board, \$6414. Diocesan and Convention Funds, \$193.14. Diocesan Missions, \$357.90; other objects in Dioceses, \$96.80; Running expenses, \$3,688.58. Paid on church property, improvements, etc., \$7,721.05; debts, \$5,008.

These dry figures representing official acts tell a story to those who will study them, of faithful and unceasing work on the part of the missionaries-

DIOCESE OF CALIFORNIA.

Report of the Secretary of the Board of Missions.

As will be seen by the Treasurer's report, the receipts for the year from all sources except nominal balance, last report, have been \$12,548.25, which is \$3,423.68 in excess of any previous year. The amount received from the parishes is \$5,643.94 or \$829.87 in excess of 1887, which was the banner year to that date. No month has passed without each missionary receiving his stipend promptly when it was due, and the Board would place upon record its appreciation of the untiring efforts of its treasurer, and his generosity in making advances, that has enabled us to make such a gratifying statement.

Applications have been received recently for the appointment of missionaries at three points to which only occasional services have been given in the past, for aid to Ascension Mission in Los Angeles, also for an additional missionary in Los Angeles County. These have been placed upon record for the new administration to act upon. All over the Diocese new opportunities are offering, and if the Church would be strong in the future, she must be ready to make greater efforts, and give even more liberally than in the past, that foundations may be laid now.

The Board commends most heartily the work done by the City Missionary in San Francisco, its importance can hardly be over-estimated. If ministering to sin-laden souls, to Christ's poor, His sick and dying, is true missionary work, then this branch of it should be increased in the near future by the appointment of an additional worker.

The Board would urge the adoption of the policy that it has endeavored to put into operation this past year, viz., to assign to each missionary a field of labor, and as a rule to make no appointment for a single station. When a Church claims the undivided services of a clergyman, it ought not ask aid from the Board for his support. The Diocese is too large, the demands for help too many to permit this. Where so many have done well it seems almost invidious to name examples, but the work done from the centres of Watsonville, Temescal, Santa Ana and Escondido speaks for itself. erty of action to the missionary in a specific field, under the general directions of the Board, will enable a larger number to be reached, and meet the ever increasing demands for help, in the best way possible with our small number of workers, and our limited means. The Board would respectfully call the attention of rectors and parishes to the plan it suggested last August for systematic offerings to missions, and urge its adoption: and in view of the rapid growth of population in this diocese and the constantly increasing demands upon the Board for help, would urge greater unity ot action on the part of all the parishes. The work that awaits the Board to be elected at this Convention will require a greater outlay than that of the year past: it can be met if every parish will recognize its individual responsibility, will feel that in carrying on the missionary work of the Church it is obeying a direct command of the Divine Head of the Church, and

strive to see, not how little, but how much they can raise for the support of the laborers sent forth into fields that are ripe for the harvest

In all earnestness we would urge the need of increasing the stipends granted to some of the missionaries, the present sum even in the cases of those receiving the largest grants, being too small to ensure the comforts that are surely their due, and altogether out of proportion to the services rendered. In conclusion it would adopt in substance a resolution by a former Board, as appeared in the report of that Board in the year 1869.

Recommending that all gifts to missions or missionaries pass through the Treasurer of the Board, to be considered as specials, and to be credited to the parish to which the donor belongs. In this way the amount contributed annually by the diocese can be ascertained, and we can know how much has been given by the Church.

As Trustees of the Aged and Infirm Clergy Fund the Board would respectfully report that this fund has been increased during the past year by the sum of \$1,600.30.

That on the 5th of July last, the Board passed a resolution requiring the Treasurer of this fund to deposit in the Safe Deposit Company's vaults, all bonds, notes, mortgages, bank books, and other securities belonging to said fund, and to deposit all cash received from any source in the Security Savings Bank, where it will draw interest, and that no money shall at any time be drawn from said Fund except upon a warrant authorized at the time of issuing the warrant, by a vote of the Board of Missions. Exception was taken to the action of the Board in refusing to transfer the Fund in accordance with a resolution passed at the last annual Convention. To this the Board would reply, that in their judgment, a resolution of Convention fails to supercede a Canon of the Diocese. By Canon XV. the Board is made custodian of the fund—and further action was taken by and with the advice of the Chancellor of the Diocese.

We would respectfully request that no change be made at present in the disposition of this fund, and that further, the Canon be so amended as to prohibit the use of any portion of the principal, and also limiting the beneficiaries to such of the clergy only as have been actively engaged in ministerial labors in the diocese for five consecutive years.

All of which is respectfully submitted, by order of the Board of Missions.

JOHN A. EMERY, Sec'y.

REPORT OF THE STANDING COMMITTEE OF THE DIOCESE OF CALIFORNIA FOR THE CONVENTION YEAR 1888-9

The Standing Committee respectfully report to the Thirty-ninth Annual Convention of the Diocese its official acts for the year as follows:

The Committee organized May 16th, 1888, by the election of the Rev.

H. W. Beers, D. D., as President and the Rev. Hobart Chetwood as Secretary.

The following persons have been recommended to the Bishop to be admitted as candidates for Holy Orders: Mr. Arthur Gore, Mr. W. I. Kip, Jr., Mr. Waldo F. Chase, Mr. James Cheal.

For admission to the Holy Order of Deacons there have been recommended to the Bishop, Messrs. W. A. Brewer, Sanderson H. Ilderton and Henry McCrea.

Rev. I. M. Merlin-jones has been recommended to the Bishop to be admitted to the Holy Order of Priests.

Canonical consent was given to the consecration to the Episcopate of several Bishops-elect as follows; The Rev. Leighton Coleman, D. D., to be Bishop of Delaware; the Rev. J. Mills Kendrick, D. D., to be Missionary Bishop of New Mexico and Arizona; the Rev. Charles C. Grafton to be Bishop of Fond-du-lac; the Rev. Boyd Vincent to be Assistant Bishop of Southern Ohio; the Rev. Cyrus F. Knight to be Bishop of Milwaukie.

On the 19th March, the President laid before the Standing Committee an official communication from the Bishop of the Diocese, as follows:

MARCH, 1889.

TO THE STANDING COMMITTEE OF THE DIOCESE OF CALIFORNIA:

Dear Brethren:—When I entered on my duties in this Diocese more than thirty-five years ago, there were but two clergymen (Rev. C. H. Wyatt and Dr. Vermehr) engaged in pastoral duties. At present there are ninety on our list, besides some twenty in the northern diocese, which has been cut off. I feel therefore my work is done, and with the cares of this large diocese pressing on me and time teaching its lesson, I am

justified in asking you for relief. I would request you therefore to take the proper canonical steps for the election of an Assistant Bishop for the diocese.

I would make the proposition to relinquish one-third of my salary to him. I can then aid the cause without having the full responsibility resting on me.

Trusting that you will give a favorable and early reply to my request, believe me,

Your friend and Bishop,

[Signed]

WM. INGRAHAM KIP, Bishop of California.

To which the following reply was returned:

TO THE RIGHT REVEREND WILLIAM INGRAHAM KIP, D. D., LL.D., BISHOP OF CALIFORNIA:

Right Reverend and Dear Bishop:—We respectfully acknowledge the receipt of your communication dated the current month.

After due and prayerful consideration of the most weighty subject, so profoundly affecting the honor of God and the welfare of His Church, to which our attention is thereby called, and, after a diligent examination of Canon Law, both General and Diocesan, governing the question involved, and also prescribing the duties and powers of Standing Committees touching the same, we beg most respectfully to embody our deliberate conclusions in the following answer, which we herewith submit.

But before entering on the principal matter we venture to refer to your very brief allusion to the long period of arduous service rendered during your Episcopate of more than thirty-five years, and the immense growth and development of the Church in California in that period: and to express the highest appreciation of the great value of your labors and the thankfulness of the diocese that you are still spared to enjoy in some degree the fruits thereof in its honors as well as in its emoluments.

The matter on which we are called to act in your communication is embodied in these words: "I feel therefore my work is done, and with the cares of this large diocese pressing on me, and time teaching its lessons, I am justified in asking you for relief. I would request you, therefore, to take the canonical steps for the election of an Assistant Bishop for the Diocese." You also add, "I would make the proposition to relinquish one-third of my salary to him. I can then aid the Diocese without having the full responsibility resting on me."

The intervention of the Standing Committee thus invoked is provided for as far as it is practicable in this case, by General Canon 2, Section 2,

Title III: "In every diocese where there is a Bishop, the Standing Committee shall be a Council of Advice to the Bishop." * * "They may meet of their own accord and agreeably to their own rules, when they may be disposed to advise the Bishop."

General Canon 15, Section 5, Title I, names three grounds or cases in either, or all, of which an Assistant Bishop may be elected.

First. Inability "by reason of old age."

Second. "Or other permanent causes of infirmity."

Third. "Or by reason of the extent of the diocese; if for either or all of these causes the Bishop is unable to discharge his Episcopal duties one Assistant Bishop may be elected."

A proviso is added in these words, "Before the election of an Assistant Bishop by reason of extent of diocese, the consent of the General Convention, or during the recess thereof the consent of the majority of the Bishops and of the several Standing Committees must be obtained."

Three additional provisions are set forth.

First. The Assistant Bishop is limited to "such Episcopal duties" and to the exercise of such "Episcopal functions" as the Bishop shall assign him.

Second. The Convention of the diocese is empowered after the election of an Assistant Bishop to declare the Bishop's "inability" to assign to the Assistant Bishop the above named duties.

Third. "In such case the Assistant Bishop shall perform all the duties, and exercise all the authorities which appertain to the office of a Bishop. We find ourselves entirely powerless to take any step for the election of an "Assistant Bishop." No authority is given to the Standing Committee to perform the act asked for.

Article 9 of the Diocesan Constitution empowers the Standing Committee to act in an election for Bishop in these words, "The call to elect a Bishop shall emanate from the Standing Committee of the Diocese, etc."

This article has stood for years in the Constitution and was evidently framed at a time when the possibility of an Assistant Bishop was too remote to require attention, so that the article confined itself exclusively to providing for an election in case of vacancy. Under your request the question of an Assistant Bishop for California would necessarily have to go to the General Church for permission under General Canon 15, before an election could be had. In the meantime the Canon plainly intends to reserve to the General Church the discretion of deciding whether the relief asked for shall be given by dividing the Jurisdiction or by allowing the Assistant Bishop. The question of Division is fully before the Diocese to be passed upon by the Diocesan Convention in May. Much

will depend on how that question is decided. If in favor of a division the pressing need of an Assistant Bishop will be much lessened, and the financial element of the problem will present formidable, if not unsurmountable difficulties; with an assistant to the Bishop and a Bishop for the new Jurisdiction there would be three Bishops, instead of one, to support. The adequate maintenance of these Bishops cannot be brought within less than twelve or fourteen thousand dollars per year, with due regard to the high dignity of the Episcopate in its relations with the community as representative of a great Church. To offer this great dignity to the lowest bidder would be to lower the standing of the Church to meet a passing and temporary inconvenience. We take the liberty of adding what seems to us one of the gravest practical difficulties in the way of the efficiency or moderate usefulness of the assistant Episcopate as now provided for in its inability to do anything whatever, without specific assignment of authority. This is proving so serious a drawback that, in many cases, men elected to the assistant Episcopate either decline outright, or refuse to accept until given a stipulation that they shall have Jurisdiction on taking office.

In other words, men fit for the Episcopate decline to undertake the highest responsibilities and duties of the Chief Pastorate in the Church of God, who are not clothed with official power to meet and perform them. It is an open secret that active measures are being taken to secure from the next General Convention such action as will remedy this anomalous condition of things, and either abolish this assistant Episcopate, or clothe it with well defined powers.

REPORT OF THE EASTMAN EDUCATIONAL FUND FOR THE FISCAL YEAR ENDING DECEMBER 31, 1888.

The Annual Meeting of the Trustees of the Fund was held January 24th, 1889, the Rt. Rev., the Bishop of the Diocese, in the chair.

Mr. R. W. Kirkham and Mr. Geo. W. Gibbs were on motion appointed an Auditing Committee of the accounts for the year 1888.

Their report is as follows.

[Signed]

HORBART CHETWOOD, Secretary.

San Francisco, Cal., January 24, 1889.

TO THE TRUSTEES OF THE EASTMAN EDUCATIONAL FUND:

Your Committee appointed to examine the financial condition of the Eastman Fund, beg to report that the expenditures in 1888, duly

authorized and made, amount to \$1,562.50, for which we find proper vouchers.

The income is derived from dividends on deposits in Savings Banks in San Francisco, and for the year 1898 it was \$1,793.18, of which one-tenth is by our rules added to the Capital Fund, and nine-tenths are credited to the Students' Fund.

REPORT OF COMMITTEE ON CHRISTIAN EDUCATION.

In offering a report to the Convention this year upon Christian Education, your Committee find but little change calling for remark in the status of Church Schools in the northern part of this Diocese—those in or near San Francisco.

In the South there has been efficient action taken, especially for female education, in St. Hilda's School, at Glendale, near Los Angeles. This school has been incorporated under the Southern Convocation, with every promise of success. Its trustees represent most earnest clergymen and laymen, and the principal who has been placed over it represents one of long experience, ripened judgment and unquestioned success in the past—Rev. Dr. J. D. Easter. The school is situated at Glendale, six miles north of Los Angeles, has an entirely new building, with accommodations for one hundred boarding pupils; is arranged in two departments, preparatory and academic, with graded course of study, and has a full complement of teachers. It was opened in February last with a good attendance.

St. Margaret's, another girls' boarding and day school, has been opened at Pasadena, under Mrs. Geo. A. Caswell, lately in charge of the Diocesan School in Maine. It is a school with a high course of study, under experienced teachers, and has opened very successfully.

It is a wise move to secure girls' schools first, for the Christian education of the females of the rising generation tells doubly for good. They are to be the mothers and moulders of the next generation, a fact that our Church has not realized as it should.

We hope soon to see an equally strong and successful movement made for a boys' school in the South.

The counterpart of such a female school we need greatly in the northern part of this Diocese, and if churchmen grasped the subject rightly it would not be delayed a day.

Some efforts have been made, as we know, to bring members of a Sisterhood from the East to the work, and furnish under them a school of high character for girls. But as yet it has been without success.

Those schools already established of which mention has been made

Report of the Committee on Christian Education.

heretofore in these reports, are in a flourishing condition, as far as reports have been received from them.

Of those for girls, St. Katherine's in San Francisco only has been heard from. It reports as follows:

This school, which was organized in St. Stephen's Parish, August 10th, 1887, having for its object the practical and Christian education of girls, has met with a very fair measure of success and is no longer a mere experiment, but an established fact, leading to the hope that its influence may be largely increased and extended during the years to come.

It is situated on Fulton street, between Webster and Fillmore.

The others report as follows:

Irving Institute, in this city, under Rev. E. B. Church, has had a successful year, the improvements proposed in last year's report having been carried out and all its added accommodations for boarders filled.

Trinity School, for boys, also reports a year of prosperity, with an average attendance of 76 pupils, a graduating class of nine, and pupils entering College and the University without conditions.

St. Matthew's Hall, San Mateo, has also continued its work vigorously and with success, its attendance aggregating 113 pupils, and seven graduating well. There has been also a marked moral and religious influence felt among its inmates, a number having been confirmed and several baptized. This, the principal feels to be in a great measure the test of its efficient work for the Church, without which it fails of its real end.

In conclusion, the suggestions made by your Committee repeatedly in the past seem no nearer realization than ever, viz.: the endowment of a school or schools for Church education in the East will, we believe, bring the subject more prominently before our people here. There is money and the spirit among our people when once aroused, we believe. We therefore urge the point upon our people of means once again. It is the best and most radical work that can be done for Christ and his Church, because it goes beneath all other work and trains up children thoroughly in Church principles, with Christian mothers who will be the promoters of all benevolent and practical works in the coming generation.

E. B. SPALDING, A. L. BREWER, JOSEPH POWNING, W. BABCOCK.

Appendix 3.

REPORT OF THE COMMITTEE ON CHURCH CHARITIES.

We desire to call your special attention to the claims of St. Luke's Hospital. Owning a most valuable property, supplied with all the latest improvements, kept thoroughly clean, provided with able and efficient nurses, and under the control of a very skillful and experienced physician, Dr. Titus, aided by a staff of visiting physicians and surgeons late of the U. S. Navy, it is every way worthy of the support of the entire community. There is not a hospital on the coast possessing better facilities for the care of the sick, or one in the city more easily reached or enjoying a more healthful location.

The patients of a bospital are, in the nature of the case, constantly changing, and consequently it is necessary that its friends should ever be on the alert to say a good word for it and recommend it to those seeking a place of healing for their afflicted friends. If those interested in St. Luke's Hospital would but exert themselves, its field of usefulness would be far more widely extended and it would be enabled to occupy the leading position of being the favorite hospital of the Pacific Coast.

THE ORPHANAGE.

Mrs. T. P. Woodward, the Secretary of the Bishop Armitage and Maria Kip Orphanages at San Mateo, reports these institutions in a most flourishing condition. Starting two and a half years ago with one inmate, they have provided for sixty-three children, and have now forty little ones enjoying the privileges of good care and church training. From lack of room many have been refused admission. So numerous indeed were the applications, that one year after the opening it was found necessary to enlarge the building, which was done by the addition of a wing similar in size to the original structure. This addition was named for the wife of our good Bishop, "Maria Kip," and devoted to female children. Still feeling the need of more land and larger quarters, an earnest churchman, whose generosity is so well known that to name him is unnecessary, was appealed to and not in vain. He selected a piece of land situated most beautifully in San Mateo, consisting of four acres, highly cultivated, upon which is a sub-

Report of the Committee on Church Charities.

The price paid for this property was over ten stantial dwelling. thousand six hundred dollars. All this he has given to the church for the use of its little ones, the only consideration being that the "Maria Kip" should be incorporated at once, which has been done, and the land is given to both orphanages, the "Bishop Armitage" and "Maria Kip." Should the growth of the Church in this Diocese ever require it and it is deemed advisable, these orphanages can be separated, the former being for boys and the latter for girls. It is now considered more desirable that they remain together, and it is the earnest wish of the directors to erect at no distant day a building which will be exactly suited to the work, having a central building common to all, with wings on either side, which will make it possible to fulfill the original idea of having the boys and girls separate. We therefore earnestly appeal to all those who have the welfare of homeless little ones at heart to help us in our endeavor to erect this building.

The location at San Mateo is peculiarly well adapted to promote the health of the children, the mild climate enabling them to enjoy outdoor life at all seasons of the year.

Though death has not entered the orphanage doors, it has come most unexpectedly into the ranks of the Board of Directors and taken from us one of our ablest workers, Mrs. H. D. Lathrop, a woman whose clear judgment made her a most valuable addition to the Board, and whose gentle, sympathetic manners endeared her to all who knew her. In her the orphanage has lost a loving, faithful friend and one whose place it will be difficult to fill.

Most generously have the merchants of San Francisco responded to our call for aid in the past, many who were not churchmen contributing liberally to the work.

To all those who have given to us during the two years of our existence the Board of Directors desire to express their gratitude and appreciation. Little more can be said of this charity, which is still in its infancy, except to impress upon the Church of the whole Diocese that this is not intended to be merely a local charity. Its doors are open to all deserving cases, whether from the north or south, and the interest of all is desired.

OLD LADIES' HOME.

The Old Ladies' Home has stood the test of time. It is out of its "teens," having just entered its twentieth year of usefulness. Possessed of a beautiful and substantial building, provided with all the comforts of life, some 35 inmates are spending the evening of their lives in this quiet retreat where, surrounded by so many blessings, the aged Mothers in Israel can, in a measure, forget the sorrows of the past and realize in

Report of the Committee on Church Charities.

a degree, the peace and rest that will be found in that eternal home, where tottering limbs and wrinkled brows are unknown and the weary find that repose the world can never give.

Your Committee most heartily commend all these charities to the members of the Church; and to those having superfluous wealth we know of no better channels through which they can send to the needy the help required.

REPORT OF THE DIRECTORS OF "THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF CALIFORNIA" (A Corporation).

THE 39TH ANNUAL CONVENTION OF THE PROTESTANT EPISCOPAL CHURCH OF THE DIOCESE OF CALIFORNIA:

The Directors of "The Protestant Episcopal Church in the Diocese of California" (a corporation), respectfully report:

That the Directors of said corporation who were elected by the last Annual Convention having been severally duly notified by the Secretary of said Convention, of their election and of the time and place where the first meeting of said Board would be held, met at the time and place so designated. That at such meeting all of said Directors were present and the Board organized by electing the Right Rev. William Ingraham Kip, the Bishop of the Diocese of California, President of the corporation, and A. N. Drown, Secretary. At a later stage of the proceedings had at that meeting the President, for reasons personal to himself, tendered his resignation of the Presidency and requested that it be accepted; whereupon said resignation was accepted and George W. Gibbs was nominated and unanimously chosen as President, to act for the year thence ensuing. Rev. H. W. Beers, D. D., was at said meeting duly appointed to act as President fro tem. of the Board.

The corporation has not yet obtained a Treasurer, nor has it as yet any funds to place in the custody of that officer when he shall be chosen. In view of the sums which properly should be placed in the charge of the Treasurer of this corporation, the Board of Directors fixed the amount of the bond to be given by that officer at ten thousand (10,000) dollars. In this connection the Directors beg leave to suggest that provision be made for the payment to the Treasurer of a fixed compensation. This is proper, both in view of the custom which has grown up of voting a compensation to the Treasurer of the Diocese, and also in view

Report of the Board of Directors of the Incorporation.

of the importance of obtaining the services of a competent business man. As the Treasurer is required to give bonds, and as it is now customary for persons occupying places of trust and confidence to obtain their security by paying a premium to corporations organized for the purpose of guaranteeing the fidelity of employees, trustees and others, the compensation of the Treasurer should be sufficient to cover such premium. If, as is suggested, the Treasurer of the corporation is made an officio the Treasurer of the Diocese the compensation which will have to be provided will not be much in excess of what has been customarily voted to the Treasurer of the Diocese.

Pursuant to the action of the last Convention, directing the custodians of the Disabled Clergy Fund to transfer all moneys, notes and other securities (the property of said Fund) to the custody of this corporation, the Board of Directors at its first meeting took the necessary steps to secure such transfer. It was, however, subsequently brought to the attention of the Directors that the Board of Missions had made a requisition upon the Treasurer of the Diocese for the same moneys, notes and securities, in accordance with its right under Section 5 of Canon 18; thereupon the bank-book which had been issued to this corporation by the San Francisco Savings Union for the moneys belonging to the Disabled Clergy Fund on deposit with that institution was, by the Board of Directors, delivered to the Treasurer of the Board of Missions, and the action taken by this corporation, requiring the Treasurer of the Diocese to transfer to the corporation the notes and securities in his possession belonging to the Disabled Clergy Fund, was rescinded. The moneys referred to still remain on deposit in the San Francisco Savings Union in the name of the corporation; but the Treasurer of the Board of Missions has custody of the deposit-book and is authorized to draw and receipt for all dividends which may accrue upon the moneys which have been or shall be deposited to the credit of that Fund in said savings bank.

There has been conveyed to the corporation during the year the following property:

1. By Rev. Hamilton Lee, by deed dated August 22nd, 1888, a lot of ground in the town of Haywards, in the county of Alameda, fronting ninety (90) feet on Pearce Avenue, by a depth of from eighty-seven and twenty-four hundredths (87 24-100) feet to ninety-two and ten one-hundredths (92 10-100) feet; being lots thirty-one (31) and thirty-two (32) as designated on the "Map of the Pearce Tract" of record in said county. Also policy of insurance, in the Hartford Fire Insurance Co., on the church building and church furniture and fixtures contained therein, for two thousand (2,000) dollars. The policy expires June 27, 1891, and the premium thereon has been paid.

Report of the Board of Directors of the Incorporation.

2. By the rector, wardens and vestry of St. John's Parish, Oakland, the property used for the Mission at Temescal.

The Board of Directors have collected, and have now in hand, title deeds and data sufficient to enable conveyances to be prepared of the greater portion, if not all, of the Church properties yet unconveyed to the corporation. Such conveyances will soon be executed and put of record. As the transfer of these properties will require the execution of a number of deeds by the Bishop, the recording of such deeds, and the filing in the respective counties where the land is situated of certified copies of the Articles of Incorporation, an appropriation of from \$60 to \$75 is asked for.

Respectfully submitted,

A. N. Drown, Secretary.

Appendix &.

REPORT OF THE COMMITTEE ON THE DIVISION OF THE DIOCESE.

The Committee appointed by the Convention last May, under the resolutions relating to the division of the Diocese, as prayed for in the memorial of the Southern Convocation, respectfully reports as follows:

The Committee has had under consideration the constitutional and canonical steps necessary to be taken by this Convention in order to effect the action desired, and also the preliminary conditions justifying the Convention at this time in proceeding with the matter to its final issue.

The steps necessary to a division of the Diocese are as follows:

- 1. Consent of the Bishop.
- 2. Consent of the Convention.
- 3. Memorial to General Convention.
- 4. Provision for support of Episcopate to be shown to General Convention.
 - 5. Consent of General Convention.

The support of the Episcopate for the proposed new Diocese is sufficiently assured. Twenty-six thousand two hundred and thirty-seven dollars have already been subscribed, conditionally upon the consent of this Convention to the erection of a new Diocese. This will produce \$2,098.96 a year. The present assessment on the Southern Convocation is \$1,400. A furnished residence has been secured, worth a rental of at least \$1,200. Thus the proposed Diocese without increasing its assessments by a dollar, could pay its Bishop \$3,000 a year, and a suitable residence rent free; and \$498.96 would be in hand for Convention and contingent expenses. And should the assessment be increased in the ratio of the increase of communicants reported this year, the annual income with which the new Diocese would start would be increased by \$533, making a yearly total of \$4,031.96 in cash and a furnished residence free of rental.

In addition to this the corporation of St. Paul's Parish, San Diego,

Reports of Committee on Division of the Diocese.

who are the trustees and managers of the Keating Endowment Fund of \$100,000, have guaranteed a payment of \$1,000 annually, or of such portion of \$1,000 as may be needed to meet the expenses of the new Diocese.

The relative strength of the old and the new Diocese will remain much as in the past, the great increase of communicants in the Northern Convocation, as in the Southern, showing that the interests of the older Diocese will not be affected injuriously by division. The new Diocese, if division is made at this time, agrees to relinquish any claim upon the Episcopal Endowment Fund of the present undivided Diocese.

Your Committee recommend the adoption of the following resolutions:

- 1. That this Convention hereby gives its consent to the division of the Diocese and to the erection of a new Diocese in the southern portion thereof.
- 2. That the convocational boundaries, as defined in Section 6, Canon 14, shall be the boundaries of the old and new Diocese, viz.: all territory lying south of the northern boundary line of the counties of San Luis Obispo, Kern and San Bernardino, and including the counties of San Luis Obispo, Kern, San Bernardino, Santa Barbara, Ventura, Los Angeles and San Diego, shall constitute the New Diocese; all lying north of the aforesaid line shall belong to the Diocese of California.
- 3. That a committee of three be appointed to draw up a memorial to be presented to the General Convention at its next meeting requesting its consent to this action.

THE DIVISION OF THE DIOCESE.

(MINORITY REPORT.)

Having carefully examined and considered, as far as practicable, the matter of the Division of the Diocese, as substantially embodied in the memorial referred to the Special Committee by the Diocesan Convention of May, 1888, we, a minority of your Committee, beg leave to respectfully report that in our judgment it is inexpedient at this time to take steps for the division asked for; we further beg to state that our action is broadly governed by the following considerations:

Reports of Committee on Division of the Diocese.

- 1. That division is in all cases unwise where there is no clearly preexisting necessity for it.
- 2. If division were imperatively called for, the proposed line is inequitable, in that it retains too much for the old jurisdiction and gives too little to the new.
- 3. As now proposed, division would impose on the new Diocese duties and obligations of the very gravest and weightiest kind, without adequate resources of men, money and other means for meeting and discharging them.
- 4. Division of Diocese is a measure that so vitally affects all its parts that if really needed this necessity would be felt by the whole. This feeling would be sure to issue in a spontaneous movement in all its parts, instead of being confined to a particular section.
- 5. The evils sought to be remedied by division may be greatly lessened or entirely removed, by means not so radical and sweeping as division, or so fraught with evil consequences of so permanent a character.
- 6. The reasons for division should be so clear and cogent as to command a nearly unanimous consent in order to secure the concurrence of the General Convention.
- 7. If division should turn out to be a mistake, the error would be practically irremediable.
- 8. We would call attention to the fact that of the amount subscribed toward the support of the proposed Episcopate but \$176 is in cash, \$10,000 secured by promissory notes and the remainder, or over \$17,000, is represented only by names on a subscription list. Further, that while 8 per cent. is claimed as the earning power of the principal, the savings banks in this city are paying only \$1\frac{1}{2}\text{per cent.} Experience shows that, while high rates of interest may obtain for a time in outlying districts, the general rate is set by the chief city in the State. We do not consider that the residence offered in San Diego, nor the resolution passed by the corporation of St. Paul's Parish, promising aid from the Keating Fund, when that fund is received, are tangible assets that will commend themselves to business men.
- 9. We would further call attention to the facts that are contained in the last Diocesan Journal, viz.: That while the memorial gives the number of Parishes in the Southern Convocation as 11, and of organized Missions as 27, only 8 Parishes and 14 missions made reports to the Convention; and further, that while the offerings of the Southern Convocation for all purposes amounted to \$54.320.00, an analysis of the reports shows that the average net income of the four strongest Parishes (exclusive of moneys raised for Church buildings and Church debts) was \$3,846.00, and of the remaining four, was \$1,863.00.

10. That the entire population of the proposed new jurisdiction is stimated at less than two hundred thousand—or one-third of the proposed new jurisdiction of Eastern Tennessee, the last Diocese that applied to the General Convention for division, which application was refused.

In view of these and other facts, we, a minority of your Committee, do recommend the adoption of the following resolution:

"That this Convention deems it inexpedient at this time to give its consent to the division of the Diocese."

(Signed) H. W. Brers, John A. Emery, Geo. W. Gibbs.

PERSONAL REPORT ON DIVISION OF THE DIOCESE.

TO THE 39TH ANNUAL CONVENTION OF THE P. E. CHURCH FOR THE DIOCESE OF CALIFORNIA.

At the last Annual Convention a Committee was appointed to take into consideration and report upon the question of a Division of the Diocese. That Committee has, by five of its members, presented a majority report favoring, in its conclusion, a division of the Diocese. Three of the members of the Committee have presented a minority report adverse to the division.

The undersigned, while agreeing in the conclusions of the three members making such minority report, was unable to consult with them as to his reasons therefor, and therefore makes this independent minority report, in order that the Convention may be possessed of the reasons and arguments which have led him to the conclusion that it is not only undesirable and unwise to divide the Diocese, but that such division, at the present time and under the existing circumstances, cannot be legally accomplished.

First. The proposition of division is, that the extreme Southern portion of the Diocese and State shall be set apart and erected into a new ecclesiastical jurisdiction. Unfortunately a proposition has lately been made, and widely discussed in the same territory, favoring the setting apart of substantially the same territorial portion of the Diocese and State, as a new and independent State.

Outside of the territorial district, there is a practically unanimous public sentiment adverse to the dismemberment of the State of California,

by the erection of a new State out of that territory. There are so many reasons upon which this unanimous sentiment of the people of this State outside of the particular territory referred to, is based, that it would be impossible to enumerate them in such a report as this. One of these reasons is alone sufficient to refer to here.

It is confidently and intelligently maintained, that a State of large territorial extent, possessed or in the way of obtaining, a large population, can, in a representative government, exercise a larger measure of influence, and secure a more respectful consideration of its policies, than is possible for a State of small territorial area, or of a more restricted and limited population. I assume that the correctness of this contention cannot be disputed. It is manifest that the views, opinions, conclusions and desires of a people numbering five or ten millions, and with a representation of twenty members, in a federal council, are much more weighty and influential than those of a people numbering five hundred thousand and with a representation of five or six in the same federal council.

It is a fact, doubtless known to you all, that within the last few years there has been a growing discontent in our Church, with that provision of the Constitution of the General Church, which entitles every Diocese, regardless of its size or population or importance, to the same number of representatives in the Church's Federal Council—the General Convention. The question is being discussed upon all hands, and the demand is made, that the Constitution of the Church in the United States should be so changed as to provide for a representation of the Dioceses in the General Convention, upon the basis of their respective Church populations. This demand is so reasonable and just, that it cannot long be refused. In the nature of things, it must be granted sooner or later, and the indications point to its being granted at an early day. Being granted it is manifest, that this reason which impels an opposition to the division of the State into two Civil jurisdictions, applies with equal force to the division of the Diocese into two ecclesiastical jurisdictions.

The Diocese united, would be entitled to a representation in the General Convention, which would make it a factor of influence and power in the Councils of the Church; much greater than would be the united representations of two smaller jurisdictions.

California is a growing State: the Church in California is keeping pace with the growth of the State. What the population of the State will be at the end of the next twenty years, no one can now approximate. I venture to assert, that the most sanguine prediction which any intelligent man would make as to this matter, will be greatly exceeded by the

Cact. I hope and trust, that the growth, development and expansion of ✓ur Church, will keep up with the growth of the State itself.

I respectfully submit, that it would be exceedingly unwise to take any action which will tend to fritter away the great influence which the Diocese may reasonably be expected to have in the Councils of the Church, when the Constitution of the General Church is amended, as above indicated, and when its population has been increased, as it will be even in the next few years.

But independently of this consideration, the people of that part of this Diocese, which will remain if this proposition of division is effected, cannot disassociate the division of the Diocese from the proposed division of State; they regard it as but little short of political treason to suggest such a possibility, and to the average man, the suggestion of the division of the Diocese is accepted as the entering wedge to the division of the State.

While the division of the Diocese may be effected, without in the slightest degree affecting the question of the division of the State, you will find it difficult to make the people believe that those who favor the one division, are opposed to the other. It is our duty, and it should be our pleasure, when it can be done without the sacrifice of principle, to regard, and pay a decent respect to public opinion. We ought not to do anything, which demands explanation

SECOND. In my opinion, the financial showing made by the advocates of division, falls very far short of making even a *prima facie* case, of ability to support and maintain an independent jurisdiction.

For the support of the Episcopate, they have collected about \$200.00 in money, and have secured conditional pledges of about \$26,000.00. If the Bishop of the new jurisdiction, when elected, chooses one particular location for his residence, they have secured a home for him to live in, rent free, and of a rental value of \$1200.00 a year. And one parish in San Diego, generously offers to supplement the provision for Episcopal support, by applying thereto \$1,000.00 a year, or more if necessary, from the annual income of a bequest which has been made to it, but which it has not yet received, and which, under the law of its existence as a Civil Corporation, it is incapable of receiving or holding.

From these resources it is calculated, that the proposed new Diocese can pay its Bishop \$3,000 a year for salary and give him a residence, free of rent, if he chooses to reside in one particular place.

This estimate is based upon the collection of the whole \$26,000.00 conditionally pledged, and its realizing an income of 8 per cent. per annum.

Accepting for the moment, that a salary of \$3,000 a year and a residence free of rent, is a sufficient compensation for a Bishop, and I

respectfully submit that the showing made, does not secure the payment of that sum.

In the first place, it is a matter of common experience, that pledges of the kind under consideration are never fully paid. Our experience with similar pledges in this Diocese indicate that the very utmost which may be expected to be realized therefrom, will not exceed one-half or fifty per cent.

The usual course is, that these pledges, as to at least one half of them, are redeemed by execution of promissory notes, the payment of interest thereon for a few months or years, and then a wiping of them out as assets, by reason of an inability of the makers to make payment or an inability or want of inclination to enforce payment by suit at law.

Even granting that the whole \$26,000 of pledges should be redeemed by payment, the estimated annual income therefrom is greatly in excess of any sum that can be realized from a perfectly safe investment. It is a fact well known to all business men, that an investment, such as is demanded for a trust fund, cannot be made so as to realize a greater income than four per cent. per annum. These pledges, if collected, would constitute such a trust fund, and should be invested like other funds of a like character, in securities which will produce its income without the necessity of that constant watchfulness which business men can only give to their own affairs.

The best aspect, then, which I can give, in the light of experience, to the case made by the advocates of division, is as follows:

A collection of \$13,000 of the \$26,000 pledged; this will give, at 4 per cent., an income of \$520 a year: add to this, a possible free residence for the Bishop, worth \$1,200 a year: and a possible \$1,000 a year from the San Diego parish referred to, and we have the provision of \$1,520 a year and a residence, as the provision which has been made for the support of the Episcopacy.

I have no doubt but that the Church within the proposed new jurisdiction, might, by assessment, raise enough money, even upon this showing, to give a Bishop \$3,000 a year for salary. But I respectfully submit that \$3,000 a year (even with a problematical free house) is not a sufficient support for any man who ought to be made the Bishop of any Diocese.

I am fully aware that there are many of the Bishops who do not receive a larger compensation, but this fact does not prove that they are sufficiently paid. We are constantly praying that the Father would send more laborers into His vineyard, and we are as constantly pursuing a course which inevitably keeps the prayer from being granted. Men who devote their lives to the Ministry of the Church of God, are entitled

Personal Report on Division of the Diocese.

to anticipate, as one of the results of their labors, as good a provision for the decent support, education and maintainance of their families, as other men of like abilities and capacities, make in other pursuits of life. Men, in all the avocations of life, except that of the Ministry of this Church, strive and contend to accumulate enough of the goods of this world, for the rainy day of old age or other incapacity to labor.

Is there any reason why the Clergy of our Church, as a general rule, should spend their lives in laboring for a compensation which is only adequate to the supply of their daily wants, constrained by the practice of the strictest economy?

Is there any reason why our clergy should not, while in the enjoyment of good health, receive such a compensation for their work, as will enable them to make provision for the support of themselves and their families, when they become disqualified for labor by old age, equally with men engaged in those other pursuits of life, which require no greater capacity and ability?

Is there any reason why our clergy should, on an average, receive no greater compensation for their services than is paid to the ordinary clerk salesman, book-keeper or master mechanic?

All of these queries are answered by the statement of one fact. That fact is, the clergy under-estimate the value of their own labors. They make this under-estimation, in fixing the salaries to be paid, to the chiefs of the clergy—their Bishops.

I state without fear of successful contradiction that the salaries of our Bishops, are practically fixed by the clergy. And where they say that the services of a man worthy of being a Bishop of the Church of God, is worth no more than those a salesman or book-keeper in a respectable country store, or a master mechanic, they, in effect, place the value of their services and labors upon the plane of the porter in the store or the master mechanic's assistant or executor. The flow of the stream is never of greater altitude than its source. A Bishop of the Church of God, is entitled to as good a compensation for his services, as the ablest of his clergy. Under-estimate the value of his services, and you under-estimate the value of those of all of his subordinates. Fix a niggardly support for the Bishop and you are fixing a niggardly support for all of his lieutenants. If by chance it should be otherwise and you should here and there find the rector of a parish receiving a larger salary than his Diocesan you will generally find such rector or rectors, the influential and controlling power of the Diocese, and dominating their ecclesiastical superior. In short, if the salary of the Bishop of the proposed new Diocese is fixed at the sum of \$3,000 a year, it amounts to a practical closing of the doors of that Diocese, to all of the clergy whose services

Personal Report on Division of the Diocese.

and labors are worth much more than that sum. This is a practical and matter-of-fact world in which we live. Considerations of what ought to be, are of little weight when compared to what is. When the labors and services of a Bishop are cheapened, you necessarily cheapen the labors and services of all of the clergy.

The Bishop of a Diocese is accepted as a standard: his clergy are measured and weighed in comparison with him: lower his standard, either as respects mental qualifications or compensation, and you lower the standard of all. To my mind, this is the great and over-shadowing argument against small, weak and badly equipped Dioceses.

It is time that this great evil was remedied: the reformation cannot commence too soon. Let our brethren, within the limits of the proposed new jurisdiction, carefully consider this matter, and I confidently hope, that, should they do so, they will come to the conclusion, that their own good, and the good and glory of the whole church will be promoted by their with-drawal of this proposition for a division of the Diocese, and by their remaining with us, not of necessity but of choice, and enabling us, by strengthening the position of our Diocese, to present an example to the Church in this country, of appreciation of clerical labors and services.

THIRD. I have said, that there is a legal impediment to the division of the Diocese at the present time and under existing circumstances.

The law of the General Church requires, as a preliminary condition to the division of a Diocese, that it shall receive the "consent" of the Diocesan of the Diocese which it is proposed to divide.

"Consent", necessarily implies the possession of those faculties which enables the consenting party to weigh, determine and form a deliberate judgment, as to the matter as to which "consent" is to be given. Without the possession and the exercise of these faculties, the form of "consent" is an empty bauble, and is as worthless and ineffective as are the apparent determinations and resolutions of the child who has not arrived at the years of discretion.

Whatever may have been my opinions, as to the mental capacity of our beloved and Right Reverend Father in God, the relations of intimacy and confidence which I have sustained to him for many years, would have prohibited me from even intimating to him or to the world, that he was not, in all respects, in possession of all the faculties which made him a distinguished man, among distinguished men, for the many years of his active and useful life. I would never have made such a suggestion for fear of wounding that pride of character which has illustrated his whole career. But he, or his ill advised friends, has put him on the records of this Convention, as one, of such impaired faculties, that he is

Personal Report on Division of the Diocese.

incapable of discharging the Episcopal functions. And we have heard, from the floor of this Convention, proceeding from one of his clergy who aspired to speak as his mouth-piece and as his particular representative, that these impaired faculties are of a mental character.

This provision of the law of the General Church, requiring the "consent" of the Bishop of the Diocese which it is proposed to divide, is not a mere formal matter. It is the assertion of a prerogative of the Episcopacy. It is both the assertion and the establishment of a right, not merely of the incumbent of the Episcopal office, but of the office itself.

This, like all other prerogatives, involves a principle, which cannot be waived or relinquished, without the detraction from the office itself. The exercise of the prerogative by an incumbent, who is so far disabled by the infirmities of age, as to be disqualified, from the exercise of that judgment and discretion which is indispensable to its exercise, is a waive and relinquishment of the prerogative itself. Whether this Diocese shall or shall not be divided, is a question, as to which the successor of the present Diocesan, necessarily has a deep interest. It is a question that may affect him and his work most nearly. It is not right: it is not seemly that he should be deprived of the exercise of his discretion upon this question, or be forestalled of passing thereon, by an apparent "consent" given by an incumbent who has been induced, by his ill-advised friends, to put himself upon the record, as incapable of exercising the judgment and discretion which are indispensable to the giving of an effective "consent".

Finally, convinced as I am, that should this Convention give its assent to the proposed division of this Diocese, that the General Convention of the Church will never, under the circumstances and conditions stated, ratify or confirm that action.

I unite with the three other dissenting members of the Committee in recommending to the Convention, that it decline to give its consent to the proposed division.

JOHN A. STANLY.
Of the Committee.

MEMORIAL OF LAYMEN IN REFERENCE TO THE ELECTION OF AN ASSISTANT BISHOP.

TO THE THIRTY-NINTH ANNUAL CONVENTION OF THE PROTESTANT EPIS-COPAL CHURCH FOR THE DIOCESE OF CALIFORNIA:

We, the undersigned, in part constituting the Lay Representatives to your body, for reasons which we will attempt to justify, take this means of placing before you for your careful consideration our views, opinions and most deliberate judgment upon one of the matters which the Convention will be called upon to act.

Our aged, infirm and most highly respected and esteemed Right Reverend Father in God has asked that you elect at this Convention an Assistant Bishop for this Diocese.

The question whether we shall or shall not have an Assistant Bishop is the most important question that has been presented for the determination of a convention of this Diocese, since the election of its first, and present, Diocesan, and dwarfs into comparative insignificance all other pending questions, and it is with reference to this question that we desire to communicate with you.

Before proceeding farther, we desire to make a single observation, in order that there may be no misconception or misconstruction of that which we may say.

If the choice of a Diocesan or of an Assistant Bishop was confined to the clergy of our own Diocese, or if the choice was very likely to be made from one of those, much that we have to say would not be as forcible as it is, when we consider that the choice is only limited by the extent of the church and that experience shows that as a general rule, a diocesan is chosen from some other jurisdiction than the one over which he is called to preside. And in addition to these considerations, we think we recognize the existence of a peculiar state or condition of affairs in this Diocese at the present time which indicates that if an election is now held that this choice will be made from outside of our diocese.

Therefore, in what we may say in relation to this matter, we must not

this Diocese. When we describe the kind of man that we think is equired for Bishop of this Diocese, we do not mean to say or be understood as intimating that we have not in our midst many clergymen who possess all the qualifications which we have mentioned, but for the reasons indicated in our opinion none of these are at this time available.

We are opposed to the election of an Assistant Bishop for this Diocese,

We will try to make plain our reasons for this opposition and trust that we shall be able to do so in such a manner as will command the unanimous concurrence of all the members of your body.

The Canon law of our Church gives the Bishop of a Diocese who by reason of the infirmities of age is disabled from the performance of his official duties, a right to ask the Convention of his Diocese to elect an Assistant Bishop for his relief, and it gives the Convention the power to elect in such a case an Assistant.

The right to ask, which is thus given to an infirm Bishop does not imply a duty upon the part of the Convention to grant the request. The Canon provides that when such request is made, that the Diocesan Convention "may" elect such an Assistant.

Whether the Convention shall or shall not grant the request is left for the wise determination of the Convention itself. In placing this discretion in the hands of the Convention, the general Church recognizes the fact that notwithstanding the need of a greater degree of Episcopal oversight and supervision, produced by the infirmities of the Diocesan, that there may exist within the Diocese such a state or condition of affairs, as would render the election of an Assistant not only unwise, but positively detrimental to the best interests and well being of the Church in the Diocese, and that in such a case the Diocesan Convention was not expected to grant the request for an Assistant.

This request, then, of our most esteemed Diocesan, being addressed to your discretion, it is but right and proper that those matters should be considered and weighed by you, which tend to enlighten and guide its exercise. We propose to invite your attention to a few of them.

FIRST. Fortunately, or unfortunately, the Church in this Diocese is unendowed, and is dependent upon the voluntary offerings of its Laity for the financial means necessary for the support of its Bishop, other clergy, and the development of its Diocesan work.

Has the Diocese the *practically* available financial ability to support our present Diocesan and an Assistant Bishop?

After a most careful consideration of this question, our most deliberate judgement forces a negative answer.

. In considering the facts from which is deduced this conclusion, we are

brought at once, face to face, with the fact that a proposition is pending for a division of the Diocese—a proposition which has been encouraged by our venerable Diocesan, and which has the unanimous support of the Clergy and Laity of that part of the Diocese which it is proposed to erect into a new jurisdiction.

This proposition of division may be effected by your body (as far as your consent thereto may operate). It is therefore necessary in considering the financial strength of the diocese that we should look at the diocese as it will be after division has been effected.

In round figures that part of the diocese which it is sought to set aside as a new diocese, measured by its assessments for, or contributions to, the fund for the payment of the salary of the Bishop, constitutes one-fifth of the financial ability of the diocese. The salary of our Bishop is six thousand dollars a year, of which (in round figures) the territory which it is proposed to include in the new diocese pays one-fifth, or \$1,200.

Upon the basis that the diocese may be divided, we state most confidently that the sum of \$5,000 per year is the maximum sum that this diocese can now collect for the support of the Episcopate, having due regard to the gradual and healthy extension of the work of the Church in the diocese; and we fear that even that sum could not be collected with the present convictions of the Laity, as to the undesirableness of having an Assistant Bishop. This conclusion is arrived at, not by considering how much churchmen ought to contribute to the support of the Church, but rather how much can they be induced to contribute?

In the first place, how much ought to be contributed, is a question that no one can answer, but those who make the contribution. Presumably these persons act in this regard with a conscientiousness at least equal to that of those persons who criticize and find fault with them for not making larger contributions. Our experience and observation for many years in this diocese teach us that the contributions for the support of the Episcopacy of those of our people who can be induced to take an interest in the Church's work, has been liberal and generally to the extent of their means.

In this connection, some of us have a very lively memory of the supreme efforts which it required even but a few years ago to raise the amount necessary for the support of our Diocesan, and how that those efforts were only successful by the voluntary assumption of financial burdens by a few of the Laity, greatly disproportionate to either their means or numbers. We start then with the proposition that the diocese will be able to pay \$5,0.0 and no more for the support of the Episcopacy. Is that sum sufficient for the support of a Bishop and an Assistant Bishop? This question is answered by our respected Diocesan. In his recent com-

munication to the Standing Committee, he generously offered to surrender all of his salary except \$4,000 for the support of an assistant. In other words, he says that \$4,000 is necessary for his own support.

But suppose the salary of our Bishop is fixed at the sum of \$3,600 a year, this leaves the diocese but \$1,400 a year with which to support an Assistant Bishop, a sum so utterly inadequate, as to require no comment to make it perfectly apparent. It may be said that the presence in the field of a new Diocesan in the possession of all his physical and mental faculties will result in so arousing the interests of Churchmen that those who have not heretofore contributed liberally to the support of the Episcopacy, will be induced to contribute in such measure as will enable us to raise a very much larger fund than \$5,000 a year. Our business instincts forbid that we should place any reliance upon this suggestion.

The Churchmen of California are generally an appreciative people. Our success in the past few years, with an undivided diocese, in raising \$6,000 for the support of the Episcopacy is in a very large measure due to this appreciative character of our people.

It was their knowledge of the long, faithful and laborious services of their Bishop and their most lively gratitude for the elevating, refining and christianizing influence of his private life and social character, upon their children and children's children, which inspired them to the effort.

But suppose we could by the greatest effort succeed in raising the same annual Episcopal fund that we do at present, viz: \$6,000 a year, and divide it, \$3,600 to our present Diocesan and \$2,400 to an Assistant Bishop. Doubtless we could obtain the services of a man for this sum, who by the imposition of hands could be invested with the power of authoritatively performing all the perfunctory offices of a Bishop of the Church of God; but

SECOND. The Churchmen of California don't want a mere perfunctory Bishof. They want and the requirements of the field demand, that their Bishof shall be a man among men, a leader among leaders, a statesman of the Church among statesmen of the Church in short, they want and the diocese needs and requires for its successful development and its assured progress, the best talent, the highest order of capacity, the best executive ability that the Church in the United States can furnish.

The services of no such man can be had for the small salary which this diocese can now offer, and at the same time support our present Bishop.

We regard it as a fortunate circumstance that of late years clerical capacity and ability has received the same recognition that has always been accorded to capacity and ability in the other learned professions, and the Church at large has not been slow in recognizing this fact as is

evident from the great demand for this capacity and the respectable compensation which it now commands.

The city parishes as a rule absorb the services of all of those of our clergy who possess the necessary qualifications for the office of Bishop of the Church of God. To take one of these men from a prosperous, growing and useful city parish, we certainly ought not to expect him to assume the duties and obligations of a diocese for a less compensation than he is receiving as rector. It will cost him as much to raise and educate a family as Bishop, as it will while he is simply a rector. The social duties and obligations of a Bishop are necessarily accompanied with greater demands upon his finances, than are called for by the rectorship of almost any parish in the land. If a rector of a prosperous and growing parish is willing to leave the comfortable support and maintenance to which he is entitled as such, for a stinted and niggardly support as Bishop, the ambition which would induce such action would of itself evidence a lack of qualification for the high office of Bishop.

California—and especially that part of it which will constitute this diocese in case of a division—embraces the business metropolis of the Pacific Coast. From it and its chief city radiate the business influences which are so rapidly developing the resources and building up and populating the entire country west of the Rocky Mountains and up and down the coast from Mexico to and including Alaska. The same country should in the nature of things constitute the centre of all church influences for the same region of country, and we firmly believe that it will become so, greatly to the glory of the Father and His Church, if we are only permitted to have the services of a Bishop possessing the qualifications of mind and heart which are indispensable for so great a work.

The head of the Church in California must be able to live and act among the large brained, great hearted men who are demonstrating their many sided capacity on all lines of activity and are challenging co-oper-Woe be to this great jurisdiction, if, in its ation by their works. unreflective impatience at momentary inconveniences, it submits to the economic necessity of choosing some one who is endowed by consecration with the communicable gifts of orders and confirmation, but "ho has not been favored with the gifts incommunicable, by the laying on of hands, ofrulership among men, and those rare combinations of great intellectual power, extensive learning, ripe scholarship, and fervid zeal and love, which are needful for ruling masterful men, of the clergy and laity; and who has not the essential prerequisites for a Bishop who occupies the pulpits of California, to utter the voice of this great Church as the teacher of teachers, to speak to the learning, the philosophy, the science, the business, to the humble and the great- to the devout faith and to

the well equipped scepticism of a vast, intelligent and sagacious people.

Such at least must be the future Bishop of California, or the Church will fail of her mission in this great Empire.

It is a misleading mistake to act or think as though it were a choice between piety and godliness on the one hand and great natural and acquired abilities on the other. No man should be thought of for such a place, for such a work, who does not possess them both in the highest degree. It is the narrow notion of a mystic or a monk, that a man cannot act his part among men and combine with the highest gifts and activities, the truest piety and most devoted godliness. It is a solemn duty we owe to God to place no man in position to become the Spiritual head of this great Jurisdiction who is not fully equal to any position in the whole American Church.

But it is not only with reference to the financial question that a diocese situated as is ours, requires specially the qualifications of business capacity and executive ability in its Diocesan. We have the most cosmopolitan population of any place in the United States. Our people are not only drawn from all the States of this Union, but from all the States of the World. Our Church Laity (and to some extent our clergy) come from all parts of the world. The Church of the future is to be composed of these cosmopolitan people.

While these people are being educated into a knowledge of the distinctive characteristics of our Church organization, there will continue to be painful exhibitions of friction between clergy and laity, between rectors and vestries, which nothing can remove but the wise counsel of a Diocesan who can command the respect and confidence of both the the clergy and the laity. These frictions -- as many as they have been in the past—may naturally be expected to increase many fold in the future. Up to the present time, the Church people in this Diocese are composed (generally) of those who were churchmen before they came to this State, We are all looking forward hopefully to the time and their children. when large accessions to our Church may be expected from other Christian bodies. These good people will come to us if they come at all without that knowledge of the peculiar characteristics of our organization which is possessed by those who have been raised with us. They will come generally from Christian bodies where congregationalism is not only a legal, but a practical right. They will find themselves incorporated into a body, possessing (so far as parish organization extends) all the legal rights of congregationalism, with a clergy possessing rights sanctified by tradition, beyond which the memory of man runneth not to

the contrary, and recognized by canon law, which are utterly repugnant to the *legal* rights of the parish as a congregation.

Who is to reconcile these conflicts? How are these obstacles to the harmonious operations of the Church to be removed from the path of progress? It cannot be accomplished by law, either civil cr canon. It can only be done by the wise (as well as godly) counsel of the Bishop. To make this counsel effective with either the clergy or the laity, the Bishop must be a man who can be looked up to by his people—he must be the equal, at least, in every quality which commands the admiration of man, to the best and ablest of his clergy. He must not only be godly and pious, but possessed of that tact, which was perhaps the distinguishing characteristic of the great apostle to the Gentiles, Saint Paul, who we are told was all things to all men, and which comes only with a familiarity with the "affairs" of life.

In addition to the considerations already advanced, we think that we may with propriety say, that aside from all other considerations, the pending question of the Division of the Diocese affords a most cogent reason why this Convention should not attempt to elect an Assistant Bishop.

If this Convention consents to the proposed division, that action does not disfranchise the representatives in your body from those parishes and missions which are to constitute the new Jurisdiction, and until the division is approved of by the general Convention, those representatives will be entitled to all the privileges of members of your body, including the right to vote for an Assistant Bishop. Having in view the probability or even possibility of this division being accomplished, the injustice of having a Diocesan elected for this Diocese, possibly by the balance of power existing in those representatives who may so soon constitute a new Jurisdiction, becomes perfectly manifest.

It may be said that these representatives would most naturally and with becoming propriety decline to participate in the election of an Assistant Bishop, and we believe that such would be the case. But if they should do so, it would not relieve us of the embarassment. Constituting an integral part of the diocese, no election would be legal and valid, which was not based upon their recognition as such. In estimating the number of clerical and lay votes, which would constitute a majority, these representatives must be counted, until they are finally set apart from us. It is scarcely within the range of a possibility that a majority vote of both the clergy and laity could be had upon such a question as this, and at this time counting these representatives as a part of the voting body, and excluding their votes. We find in some quarters a very serious misconception upon this question of an Assistant Bishop.

Many of our people are not aware that when we elect an Assistant, upon the death of the Bishop, the Assistant without further election becomes ipso facto Bishop of the Diocese. Many have erroneously supposed that the election of an Assistant Bishop was a matter of little consequence, as he would be such only as long as our present Bishop lived, and that we would then have an opportunity of selecting his successor. the church is otherwise. The Assistant, upon the death of the Diocesan becomes the Bishop of the Diocese. But this very popular idea that an Assistant Bishop is but a temporary offlicer, and a temporary makeshift, has made such an impression upon the Church, that it is with the utmost difficulty that any priest possessing the necessary qualifications for the office of Bishop can be induced to take into consideration the acceptance of the office of Assistant Bishop. And this affords another and very cogent reason why we should not elect an Assistant Bishop. Ours is one of the grandest fields for the work of the Church that exists in this continent to-day. Our prospects for a grand and glorious development of the seed of Church life, which has been so industriously planted and nurtured under so many disadvantages, are as bright and promising as the most sanguine could desire.

The Church in the Diocese has thrived, grown and developed satisfactorily during the last few years during which our beloved Bishop's infirmities have been nearly or quite as great as they are at present. Even during the past two years, the growth of the Church in the list of communicants has been greater, as we are informed, than in any similar period of the existence of the diocese. There is more than one neighboring Bishop, who will, willingly and gladly furnish us all the Episcopal services for the next few years which can be rendered by any other Bishop than our own Diocesan. In our judgement, we ought to avail ourselves of this mode of giving our Bishop the relief he needs, and at the same time secure to the Diocese all such Episcopal services as may be reasonably necessary.

To this end, we beg to make the following suggestion:

Fix the amount to be raised for the support of the Episcopacy at such a sum as the Diocese can afford to pay our present Bishop, and increase the Convention Fund to such an amount as placed at the disposal of the Standing Committee will enable that Committee to pay the expenses and a small compensation (if necessary) to such Bishop or Bishops as our Diocesan (or the Standing Committee, with his sanction or at his request) may invite to make such Episcopal visitations as may be required.

This plan will relieve our Diocesan of all the cares and annoyances of office, which ought to trouble him, and at the same time preserve to the Diocese the priceless privilege of securing to it a worthy successor, and

at the proper time, a Bishop who can build up the Church on this Coast.

The questions of the Division of the Diocese and the Election of an Assistant Bishop have so unduly excited the public mind of the Church, and have created so much partisan feeling, that it has occurred to us that in the interest of harmony and Christian Charity, there should be as little oral discussion of this subject at this Convention as possible. In placing our views, opinions, suggestions and conclusions in writing we are enabled to express ourselves clearly, succinctly and without that energy and heat, which is inseparable from an oral discussion, and which is so often productive of bad feeling. It is to avoid, if possible, all discussion upon this question, which could result in any measure of bad feeling, that we have taken this method of expressing to the Convention our views.

We have asked none of the clergy to unite with us in this communication. We believe that many would have done so had they been requested. We have purposely adopted this course, for the reason that as to all matters involving our financial condition, present and prospective, and as to all matters which are to have a permanent and lasting effect upon the future of the Diocese, they are properly more in the keeping of the laity, than of the clergy.

PERSONAL REPORTS.

REPORT OF REV. A. P. ANDERSON.

San Jacinto, April 18th, 1889.

Right Rev. Sir:

I beg leave herewith to make the annual report that the Canon requires. For the year just closing my clerical acts have been confined to the holding services in my own house every Sunday, the administering communion on Easter, and performing sundry burial services.

There is here a very eligible church lot, paid for by money raised by me; and four other lots of land bought and paid for by "The Ladies' Guild." At this time the depression in this valley is very great. In time these properties will be valuable, and prove a great help towards building up the church of the future.

Very respectfully,

A. P. Anderson.

REPORT OF REV. JOHN BAKEWELL, D.D.

Right Rev. Sir:

Since my removal to San Francisco I have endeavored to fulfil my ministry in a measure proportionate to my health, and in ways opened to me by the leadings of Divine Providence. On many Sundays during the Conventional year, it has been my privilege to officiate for brother clergymen compelled to be absent from their posts for various causes. I have baptized three infants and one adult, buried four persons, and united one couple in holy matrimony.

Faithfully yours in Christ,

JOHN BAKEWELL.

REPORT OF REV. J. H. C. BONTE, D.D.

BERKELEY, May 22d, 1889.

TO THE RIGHT REV. WM. INGRAHAM KIP, DD., BISHOP OF CALIFORNIA. Right Rev. Sir:

I have performed no official duty the past year, for the reason that I have been very sick during that time. I have, with great difficulty, delivered some lectures on ethics in the Law department of the University of California, thus approximating the duty of my office as a clergyman of the church as nearly as my health would permit.

I do not expect to regain the free or full use of my voice, and hope only for a degree of health that will enable me to perform, in some measure, my duty as professor of Legal Ethics.

Very respectfully,

J. H. C. BONTE.

REPORT OF REV. W. H. DYER.

May 22nd, 1889.

TO THE RIGHT REV. W. I. KIP, D. D., BISHOP OF THE DIOCESE OF CALIFORNIA.

My official duties during Convention year just past were all to help others, and all my acts are entered in their registers and reports. Every Sunday I have conducted public worship, besides once or twice on week days each week for a majority of all the weeks. I am assisting the Rector of St. Paul's, L. A., since the first Sunday in Advent. Six months from June 9th to December 1st, 1888, I "supplied" in Portland, Oregon, previously since I left Modesto I had been helping Rev. Messrs. Birdsall and Trew.

Very Sincerely.

W. H. DYER.

REPORT OF REV. A. D. HEFFERN.

The Rev. A. D. Heffern respectfully reports that his official acts until October 1st. are incorporated in the parochial report of Trinity Church, San Francisco: and that since that date he has officiated on thirty-one occasions in the Dioceses of Philadelphia, Pittsburg and Southern Ohio.

To the Right Rev. W. I. Kip, California.

PHILA., April 29th, 1889.

REPORT OF REV. WM. H. HILL, CHAPLAIN AT SAN QUENTIN.

Right Rev. and Dear Sir;

I have been engaged for the entire year in my duties as Chaplain to

the State Prison at San Quentin. I am happy to state that I have good evidence that my labors have not been in vain.

I have also officiated occasionally for my brother Rectors.

During the illness of Rev. Mr. Reed of Sausalito, I preached and administered the Holy Communion for him several times. I give a summary of my services. First at San Quentin: preached 39 times, baptized 2 adults, celebrated the Holy Communion, in public 4 times, in private twice; attended 26 funerals.

Services elsewhere: preached 9 times, celebrated Holy Communion 4 times, attended 3 funerals.

Yours Truly,

WM. H. HILL.

San Quentin, May 1889.

REPORT OF REV. HENRY SCOTT JEFFERYS, M. A., FROM EASTER 1888 TO EASTER 1889.

Baptisms 14, Adults 3, Children 11.

For record of Communicants, etc., please see parish register of the Church of the Epiphany, Los Angeles. Bishop Kip gave me letters dimissory in December, 1888, which were presented and received by Bishop Williams in January, 1889, from which time I am a priest of the Japan Church.

REPORT OF REV. A. A. McAlister, Chaplain U. S. N.

STEAMER ROCKTON, EN ROUTE TO NAVY YARD, MARE ISLAND, CAL., May 1st, 1889.

Right Rev. Father:

I respectfully report that I was on duty as Chaplain on board the United States flagship "Trenton" from November, 1887, to March, 1889, and afterwards ashore and aftent with the ship-wrecked crews at Samoa,

We proceeded from New York to the Pacific calling at many South American ports. While at Callao, Peru, for several months in 1888, I held evening services in the Protestant Church in that city.

Divine service was performed on ship board on every Sunday morning and on many other occasions.

Prayers were said daily on deck at sunset, the last time being the day on which the German and the American squadrons were wrecked at Samoa, and the Trenton was made the instrument in the hand of Provi-

dence in rescuing many of the Vandalia's officers and crew from death, while no lives were lost on the Trenton.

Your Servant in Christ.

ADAM A. McALISTER, Chaplain U. S. Navy.

To the Right Rev., the Bishop of California, San Francisco.

REPORT OF REV. I. M. MERLIN-JONES.

Notes uncollected in hands of the warden for same purpose, about \$600. We have no debts. I have been officiating without remuneration.

The Rev. Dr. Beers moved "that a Committee of three Clergymen and two laymen be appointed, to express in a formal manner the high sense of the Diocese of the long and faithful services of our Right Rev. Father in God, during his protracted Episcopate of more than thirty-six years; the Committee to report to the Convention, or if not prepared before the Convention adjourns, the Committee may transmit the report to the Bishop, and furnish a copy of the same to the Pacific Churchman and the News and Forum for publication."

The resolution was unanimously adopted, and the Chair appointed the Rev. Dr. Beers, the Rev. Dr. Wakefield, and the Rev. E. J. Lion, and Messrs. G. W. Gibbs and R. W. Kirkham.

On motion of Rev. Mr. Miel, a Committee of two clergymen and one layman was appointed by the Chair to prepare an order of business for this Convention, and to report without delay. The Committee consisted of the Rev. Mr. Miel, the Rev. H. Chetwood, and Mr. C. V. S. Gibbs.

The Convention then adjourned for luncheon, and was called to order again at 1.30 P. M.

The roll of Lay Delegates was then read.

The Committee on an order of business appointed yesterday presented a majority and minority report.

ination of Rev. Dr. Vandewater, and the following additional nominations were made:

By the Rev. C. L. Miel, the Rev. Samuel D. McConnell, Rector of St. Stephen's Church, Philadelphia.

By the Rev. Dr. Lathrop, the Rev. R. E. Dennison, Rector of St. Timothy's Church, Philadelphia.

At this time, letters and testimonials were read from Bishops, Clergymen and Laymen in reference to the different Clergymen in nomination for Assistant Bishop.

The Committee on financial matters, appointed yesterday, made the following report:

San Francisco, Feb. 6th, 1890.

To the Convention:

Your Committee, to whom was referred the matter of the salaries of the Bishop, and Assistant Bishop when elected, and when he enters upon the duties of his office, respectfully reports:

That in its judgment, the salary of the Assistant Bishop should be fixed at the sum of five thousand dollars a year; that of the Bishop at the sum of three thousand dollars a year from the consecration of the Assistant Bishop.

Your Committee deeply regrets that in its judgment the Diocese will not be able to pay our beloved Bishop any larger salary; but they have assurances, upon which they believe they can rely, that the above salary of three thousand dollars will be supplemented by an additional provision of one thousand a year from the individual contribution of a few of the laity.

Your Committee therefore recommends the adoption of the following resolution:

Resolved: That the Diocese does hereby pledge the payment to the Assistant Bishop of a salary of five thousand dollars a year from and after the time of his entering upon the duties of his office; and to the Bishop a salary of three thousand dollars a year, from and after the consecration of the Assistant Bishop.

First Ballot.

We recommend that the expenses of the Convention be paid out of the Convention fund.

Respectfully submitted,

[Signed.]

TESTIMONIAL

OF THE

Election of The Rev. W. F. Nichols, D. D.

As Assistant Bishop of California.

San Francisco, Feb. 6, 1890.

We whose names are underwritten, fully sensible how important it is that the sacred office of a Bishop should not be unworthily conferred, and firmly persuaded that it is our duty to bear testimony on this solemn occasion, without partiality or affection, do, in the presence of Almighty God, testify that the

REV. WILLIAM FORD NICHOLS, D.D.

RECTOR OF ST. JAMES CHURCH, PHILADELPHIA, PENNSYLVANIA, is not, so far as we are informed, justly liable to evil report, either for error in religion, or viciousness in life; and that we do not know or believe there is any impediment, on account of which he ought not to be consecrated to that Holy Office. We do, moreover, jointly and severally declare that we do, in our conscience, believe him to be of such sufficiency in good learning, such soundness in the faith, and of such virtuous and pure manners and godly conversation, that he is apt and meet to exercise the office of a Bishop to the honor of God, and the edifying of His Church, and to be a wholesome example to the flock of Christ.

JOURNAL.

San Francisco, May 7th, 1890.

The fortieth Annual Convention of the Protestant Episcopal Church in the Diocese of California assembled for Divine Service at 10 o'clock on the morning of this day, in Grace Church, San Francisco, in accordance with the provisions of the Constitution and the appointment of the Bishop of the Diocese.

Morning Prayer and Litany were said by the Rev. F. H. Church, Assistant Minister of Trinity Church, San Francisco, and the Rev. R. C. Foute, Rector of Grace Church, San Francisco.

At 11 o'clock the Holy Communion was celebrated by the Rt. Rev. J. H. D. Wingfield, D.D., LL.D., Bishop of the Missionary Jurisdiction of Northern California. The Bishop was assisted in the Communion Office by Rev. G. A. Ottman, Rector of All Saints, Pasadena; Rev. Edward D. Lewis, Rector of All Saints, Watsonville; Rev. David McClure, Ph.D., Rector of Trinity, Santa Barbara; Rev. Giles A. Easton, Rector of St. Mark's, Berkeley; Rev. James S. McGowan, Missionary; Rev. A. G. L. Trew, D.D., Dean of the Southern Convocation; Rev. W. P. Case, Rector of St. Matthews, San Mateo.

The sermon was delivered by the Rev. W. W. Davis, Rector of St. Luke's Church, San Francisco.

At 12.30 the Convention was called to order by the Rev. R. C. Foute, who stated that word had been received from the Rt. Rev. The Bishop of the Diocese, that contrary to our hope and expectation he would not be able to be present at the opening of the Convention, and possibly not during its sessions. Mr. Foute moved that the Rev. W. H. Hill act as temporary Chairman of this Convention. The motion was unanimously carried. Mr. Hill took the chair, and ordered the calling the roll of the Clergy, and of the Parishes in union with the Con-

Election of President and Secretary.

vention. The Secretary reported that a sufficient number of Clergy were present, and that a sufficient number of Parishes were represented by lay delegates to constitute a quorum, and the Chairman declared the Convention duly organized and ready to proceed to business; thereupon the Convention took a recess for luncheon.

2 O'CLOCK P. M.

The Convention reassembled, and the Secretary called the roll of clergymen and lay delegates.

The Rev. D. O. Kelley moved that the Revs. W. H. Hill, John Bakewell, D.D., and J. Fred. Holmes be admitted to seats in this Convention, with all the privileges of members of the same. It was moved that the Rev. W. H. Hill be the president of this Convention. The motion was unanimously carried.

On taking the chair, Mr. Hill made some feeling remarks concerning his association of fifty years with the venerable and beloved Bishop of this Diocese.

The Chairman announced the first business to be the election of a Secretary. The Rev. W. S. Neales was nominated, but declined an election.

The Rev. D. O. Kelley nominated the Rev. H. D. Lathrop, D.D., and on motion of the Rev. Dr. Spalding the nomination was made unanimous. The Secretary appointed Mr. Wm. Cubery as his Assistant.

On motion, it was

Resolved, That clergymen present, belonging to other Dioceses or Missionary jurisdictions, and clergymen belonging to this Diocese not entitled to seats in this Convention, be invited to be present at its sessions.

Under this invitation there were present the Revs. J. Avery Shepherd, D.D., John Portmess, Wm. Ballard, John Partridge, and Jas. N. Hulme of the Missionary Jurisdiction of Northern California; the Rev. C. A. Capwell of the Diocese of Chicago; the Rev. E. D. Tibbitts of the Diocese of Albany and the Rev. A. P. Anderson of this Diocese.

A letter to the Convention from the Rev. W. F. Nichols, D.D., Assistant Bishop elect of this Diocese, was read by the Rev. Mr. Foute.

Letter from the Assistant Bishop Elect.

FROM THE ASSISTANT BISHOP ELECT.

2208 WALNUT ST., Philadelphia, 28th, April 1890.

My Dear Brethren of the Clergy and Laity of the Diocese of California, in Convention assembled:

If, by your courtesy, I may be allowed to anticipate the solemn relation which, God willing, is to exist between us, and to communicate with you in this way, I desire to heartily voice with you that "Amen" to the Benediction of your opening service, which invokes the peace of God which passeth all understanding, to keep your hearts and minds in the knowledge and love of God and of his Son Jesus Christ our Lord, and bestows the Blessing of God Almighty, the Father, the Son, and the Holy Ghost to be amongst you and remain with you always.

Had it been found practicable, it would have been my purpose to be with you at your present session, as it would have been my duty, both from my own view of it, and from the weight of the so cordially presented considerations in the memorial I have received, to have asked that the service of consecration, should the canonical consent thereto be given, might be ordered by the presiding Bishop to be held in the Diocese itself. But as the peculiar circumstances seem to dictate otherwise, I shall hope for as little delay as possible in meeting the clergy and laity of the Diocese, and the venerated Bishop, whose participation in the consecration, could it have been arranged, would have been to me a source of especial gratification.

While it would be premature for me to speak of definite plans before the responsibilities of the high office are placed upon me, and before there has been time to personally counsel with the faithful workers in the field, I may, without impropriety, I believe, now express to you my conviction, based upon the evidences which have reached me from all parts of the Diocese, of the real and exceptional opportunity—already devotedly improved—there is for the Master's work within your boundaries. With my interest—and, indeed, enthusiasm—stirred by the contemplation of it, may I tell you how it is borne in upon me that there is an opportunity, too, for this Fortieth Annual Convention to make its pervading, ruling spirit an ardent missionary spirit, enkindled as if from the very Pentecostal flames by God, the Holy Ghost;—so pervading as to be the masterful influence in the heart and conscience and projects of every member and every speaker, and so ruling as to pervade every debate and act of the Convention.

With that spirit animating, notably, the whole body at this time, there will be all freedom for the play of strong and earnest individuality in word and action; for where the spirit of the Lord is, there is liberty; without the license of personality; with it there will be that high-minded, far-seeing Churchmanship which is in true terminology *Churchmanship*, because it rises to the great questions of the

Reply to Letter. Committees to Report.

Church, as true statesmanship deals with the widest welfare of the State; with that missionary spirit there will be the best guarantee for the future of the Church in the Diocese, that the faithful laity as well as the clergy in their familiarity with the progress and vast possibilities of California believe it should have; with it there will be the brave patience and patient bravery to trust, and pray, and wait to reap in God's due season, as well as to watch, and steadily push on, and sow early and late; with that missionary spirit there will be the ever-greater realization within the Church of what has been called "the sacredness of united counsel," and the outward expression of it will be the ringing notes of a rallying-cry for the Church and Kingdom of Jesus Christ—Pacifica et impera.

Praying that God, who as in this Eastertide brought again from the dead our Lord Jesus Christ, may make us perfect in every good work to do His will, I am, in and for the Faith,

Very sincerely yours,

WM. F. NICHOLS.

It was ordered that when the Convention adjourn, it adjourn to tomorrow morning at half past nine' for Morning Prayer.

The Convention then took a recess.

GRACE CHURCH, Wednesday Evening, May 7th.

The Convention met as a Missionary Council, and was called to order by the Rev. D. O. Kelley, Dean of the Northern Convocation.

The Rev. J. A. Emery read the

Report

OF THE BOARD OF MISSIONS.

The Board of Missions elected for the year ending May 7th, 1890, respectfully report to the Convention that they met and organized on June 3rd, 1889, and elected the Rev. John A. Emery as Secretary, and Mr. W. A. M. Van Bokkelen as Treasurer. That regular meetings have been held on the third Thursday of each month; three special meetings have been called, with an average attendance

of six for the fifteen sessions, and that at no time this year has there been an adjournment for lack of a quorum.

During the past year there have been fifteen missionaries and one associates engaged in the field, receiving stipends from this Board, and five who have received none. These twenty-one missionaries have maintained services at forty-two different points. The annual reports received from all but two of the missions show, as far as dry figures can do so, the results of their labors.

Families, 629; Individuals, 2556; Average attendance, 50 per cent; Communicants, 859; Baptized,—Adults, 31, Infants, 96, Total, 127; Confirmed, 23; Candidates for Confirmation, 70; Marriages, 46; Burials, 66; Sunday School Teachers, 104, Scholars, 903; Parochial Visits, 2917; Public Sunday Services, 1528; Weekday Services, 376; Public Celebrations of the Holy Communion, 369; Catechising, 172.

These statistics, so far as they go, tell of official acts performed, of work done, and of money raised—and in these respects they will compare favorably with those of any previous year: but who, save the few who have an intimate knowledge of the various parts of this vast missionary field, and the many difficulties attending work in the same, can form any idea from such a statement of the amount of physical labor, of real exertion, of self-denial, of the zeal that is glad to spend and be spent in the Master's service, that has made such a report possible for a year that has been so hard and discouraging in many ways as the one just ended.

During these last twelve months new churches have been built at Kings City, and at Ventura—a chapel at Ontario, and a parsonage at Redlands. There have been substantial improvements made on the church property at Haywards and Selma, and more land acquired at Bakersfield. The indebtedness reported last year at Haywards and Bakersfield has been paid; and that at Walnut Creek, Selma and Modesto largely reduced; and yet, not with standing, we regret that the report shows a large increase in the total indebtedness on the church property. We doubt the wisdom of saddling a young mission with a debt that amounts to fully 50 per cent of the entire volume of its property; such a debt retards growth, and sooner or later necessitates an appeal for help from the Church at large to save the property from being sacrificed.

The annual report of the City Missionary will be printed in full in the "Pacific Churchman." It shows that the many and difficult duties connected with the position have been faithfully performed, and is suggestive of many changes and new methods by which this branch of our missionary work could be widely extended, and its usefulness vastly increased.

The Treasurer's report shows that the different Missions have paid	during the
past year in their pledges to the Board the sum of	\$6,406 25
And that the offerings of the Parishes and Missions amount to	4,479 05
A total of	
To this is to be added specials and donations for the work to the amount of	
amount of	
Making a grand total of	\$11,496 00

To this will be added warrants received since May 1st.

While this does not come up to the record of last year, it is, both as to the total amount raised, and the amount contributed outside the pledges of the Missions, largely in excess of any previous year. The timely loans made to the Board last fall by two faithful friends of the missionary cause, have enabled the stipends to be paid punctually during the past six menths. These loans have been repaid in full, and we report to the Convention all stipends paid up to the first of May, and a balance in the treasury more than sufficient to meet all liabilities up to the close of the fiscal year.

EXTRA EXPENDITURES.

During the past twelve months emergencies have arisen requiring the immediate expenditure of money to prevent the loss to the Church of valuable property at vacant Mission stations. After careful consideration, and acting always in connection with the Secretary of the Incorporation of the Diocese, the Board has made appropriations to the aggregate amount of \$10.90. Subsequently the Missions thus aided returned \$10 of this amount. We respectfully ask the Convention to endorse this action; and further, we recommend that the Convention formally authorize the Board of Missions to appropriate money for the payment of delinquent taxes, for the insurance of buildings, and the searching of titles, in all cases where the funds cannot be obtained in any other way.

With the close of the present year, two of the most faithful and efficient of our Missionaries leave the Diocese; the Rev. F. R. Starr having accepted a call to Texas, and the Rev. Alfred Brown having gone to Kansas. It will be no easy matter to supply their loss, and their departure makes a sad increase to the number of Mission stations now vacant in the Diocese.

VACANCIES.

We would call special attention to these vacancies, as a subject that cannot fail to give anxiety to him whom the Diocese has called to be its chief Missionary, and that will demand the immediate attention of the Board to be elected by this Con vention tomorrow. There are now sixteen vacant stations in the Diocese, at ten of which there are church buildings. Some of these Missions have been vacant for more than a year, and the members, who in times past have worked faithfully and given liberally, are growing disheartened. More than half of these stations are at points where the people have suffered heavy losses through the depression in value of real estate, and if the vacancies are filled the Board will, in some instances, be obliged to make more liberal appropriations than they have done before.

In view of the great needs of the coming year, of the large sum that will be required if the ground now occupied is to be held and these vacancies to be filled, to say nothing of the new work that is offering on every side, we would make a most earnest plea in behalf of the Board to whom this work is to be entrusted next year.

There is no Diocese that offers grander opportunities for the Church than our

own; none where a richer harvest awaits the faithful laborer. The support of our Missionaries, the carrying on the missionary work, is the duty of no one parish or group of parishes. The missionary cause should appeal to no section, should not be affected by Diocesan politics. It appeals to the whole Church. Its interests should be dear to all the clergy, to ail the laity.

If the methods employed to raise money are not satisfactory, the evening when the Convention sits as the Board of Missions is the time to introduce new methods, discuss them, advocate them; and if they meet with approval, direct the Board, whose members are only your agents, to adopt them. But it is not fair to those agents for clergy, who attend the other meetings of the Convention but stay away from this, to return home and criticise the methods used, and not only refuse to adopt them, but withhold the offerings required by Canon, or at best send only a nominal sum.

Again, if the administration of the finances by the Board in any given year does not meet with approval, the Annual Convention is the time and place to pass upon the members the vote of censure by electing a new Board. But when the Church in Convention assembled makes her choice of agents for carrying on this branch of the work, gives them the duty to perform with no other recompense than the honor of serving her, then there should be a general effort on the part of both clergy and laity to furnish the funds that are needed.

NEGLECT OF DUTY.

The Treasurer's Report for the past year shows a number of parishes and missions that failed to contribute anything at one or more of the quarterly offerings. There are others, and among them are some strong and wealthy parishes, where the offering sent was evidently only a nominal sum—not the entire collection. Had every parish and mission in the diocese done its best according to its strength and resources, the receipts this year would have been at least 50 per cent greater than they are, and some of the changes that have taken place might have been prevented.

The Board claims no power to levy an assessment, but it maintains that it is the duty of every parish and every mission to comply literally with the canon that calls for a quarterly collection for Missions,—that if the canon is not satisfactory, it should be amended or repealed,—but that while it remains in force all, not a part, of the offering should be sent. In the name of the Master whom we all profess to serve, for the honor of the Church, and the wider spreading of the Gospel within our borders, we plead for more liberal offerings this coming year, and that when they are taken up the full amount be sent in.

NEW MEASURES.

We are reluctant to suggest any new measures at this time, but in view of the many vacancies before mentioned, as also of the numerous points now unoccupied, where strong missions could be established, it seems that now is the time to make a liberal appropriation for the support of one or more Diocesan Missionaries, to be

sent by the Bishop to maintain services at regular intervals at these stations, to examine into the prospects of the new fields applying for assistance, and to perform such other duties as the Bishop may assign to them. The Deans of our Convocations are rectors of parishes, and as this work must largely be done on Sundays, they are unable to perform it without neglecting their duties in their own cures.

As trustees of the Disabled Clergy Fund, we report the Christmas collections for the year 1889 to have been \$1,483.44, the largest offering for any one year since the fund was established. Every dollar of this amount has been invested.

All demands against the Fund for the present year have been met, and with the surplus revenue a Contingent Fund has been established, from which to meet such special cases as could not be fairly chargeable on the current revenue.

We urge that favorable action be taken at this session of the Convention on the amendment to the canon proposed last year, limiting the beneficiaries from this Fund; and also heartily recommend the Fund for the Widows and Orphans of the clergy to the liberal offerings of the laity on Ash Wednesday of each year.

We offer for adoption the following resolutions:

Resolved, That this Convention confirms the appropriation of \$10.90 by the Board of Missions, for the payment of taxes, insurances, etc., on Church property.

Resolves, That the Board of Missions be, and hereby are, authorized to appropriate from time to time, such sums as in their judgment are necessary, for the payment of delinquent taxes, the insurance of buildings at vacant stations, and such other expenses connected with the property of the Church in the Mission field as cannot otherwise be provided for.

All of which is respectfully submitted.

By order of the Board of Missions, at its session on April 29th, 1889.

JOHN A. EMERY, Secretary,

The resolutions were adopted.

Mr. A. H. Phelps offered the following:

WHEREAS, there is not now, and will not be for several years, any adequate provision for the care of the widows and orphans of those, who, while ministering to the wants of the flock in things spiritual, have spent their strength in the work of the Church, without being able to make any provision for the future wants of those dependent on them, and

WHEREAS, the care of such widows and orphans is as much a duty of the Church as the provision for the support of infirm and disabled Clergy while living,

THEREFORE, be it-

Resolved, That the Diocesan Board of Missions be, and are hereby authorized, until such time as there shall be sufficient income from the Widow's and Orphan's Fund to meet the charges that may be made upon it, from time to time to make such appropriations from any surplus that there may be in the Income Account of the Disabled Clergy Fund to the Income Account of the Widow's and Orphan's Fund, as in their judgment they may deem expedient.

The Preamble and Resolution were adopted.

Report of Standing Committee.

The Rev. H. Chetwood read the

Report

OF THE STANDING COMMITTEE.

The Standing Committee respectfully reports to the Fortieth Annual Convention of the Diocese its official acts for the Conventional year, as follows:

The Committee met for organization, June 13.

Rev. H. W. Beers, D.D., was elected President, and Rev. H. Chetwood, Secretary.

At a meeting held on June 15, Judge T. P. Stoney having declined to serve as a member, to which position he had been elected at the Annual Convention, Mr. A. N. Drown was elected to fill the vacancy.

The Rev. B. O. Baker, M.D., was recommended by the Bishop for Ordination to the Priesthood.

Nov. 29, Mr. W. T. Manning, a candidate for Holy Orders, was recommended to the Bishop for Ordination to the Diaconate.

Dec. 7, the resignation of Mr. H. T. Graves, as business manager of the Pacific Churchman, was accepted, and the Rev. Hamilton Lee was elected to fill the cancy.

Dec. 24, the Standing Committee, acting by authority of Title III, Canon 2, Section II,

Resolved, That in view of the permanent disability of our Rt. Rev. Father in God, on account of increasing age and other infirmities, and recognizing the urgent need and pressing wants of the Church in this Diocese for additional Episcopal care and supervision, we feel it our solemn duty to take such action as as will remedy this condition of affairs, at the speediest possible moment.

Report of Standing Committee-Special Convention.

A Committee of one clergyman and two laymen was appointed, to confer with the Bishop, and assure him of the earnest desire of the Committee to render him all possible assistance in securing the needed relief, in such manner as may be found, or consultation, wisest and best.

The Committee was instructed to recommend the calling of a Special Convenfor the purpose of electing an Assistant Bishop, to whom our present Bishop may, under the provisions of the newly amended canon, assign entire control of the Diocese, and be relieved from all further care and responsibilities.

Dec. 31, the foregoing Committee reported, as the result of a conference with the Bishop, the Bishop's application for an Assistant, with request that the Standing Committee should take such steps as may be necessary to this end, and agreeing on the part of the Bishop to assign to the Assistant Bishop, on his election and Consecration, the executive and administrative functions of the Episcopate, in and for the Diocese.

Whereupon the following call was issued:

SAN FRANCISCO, Dec. 31st, 1889.

To the Clergy and Laity of the Diocese of California:

Official notice is hereby given, in accordance with Article IX of the Convention of this Diocese, that there will be a Special Convention of the Diocese of California, held in Trinity Church, San Francisco, on Wednesday, February 5th, 1890, for the purpose of electing an Assistant Bishop of California.

By order of the Standing Committee.

HOBART CHETWOOD, Sec'y.

January 25th, 1890, at a special meeting on this day, the application of Mr. Waldo F. Chase, a candidate for Holy Orders, to be recommended to the Bishop for Ordination to the Diaconate, was granted, and his papers ordered signed.

The Secretary laid before the Committee sundry protests received from Clergymen, Lay Deputies and Vestrymen in the Southern Convocation, against the holding of a Special Convention Feb. 5th, for the election of an Assistant Bishop.

In lack of a full attendance, the consideration of the subject was deferred to another meeting, held 27th January, '90, when the subject was further discussed, but action deferred in hope of a full Board.

At next meeting, 29th January, it was

Resolved, at a meeting held this day, that the Standing Committee, as advised, do not consider it within their jurisdiction to postpone the Special Convention

Feb. 14th, the application of Mr. Johnathan Nicholas to be recommended to the Bishop as a candidate for Holy Orders was granted, and his papers ordered signed.

The President laid before the Committee the special notification of the election, at Special Convention, of the Rev. W. F. Nichols, D.D., Rector of St. Iames Church, Philadelphia, to be Assistant Bishop of this Diocese.

March 17th, the Secretary was instructed to prepare and send out at once the formal Notification to the Dioceses of the election of the Rev. Dr. Nichols as the Assistant Bishop of this Diocese, with the request for consent of the several Standing Committees to his Consecration.

Report of Standing Committee.

The application of Mr. A. L. Mitchell, a Candidate for Holy Orders of this Diocese, studying at Nashotah, for recommendation to the Bishop to be admitted to the Diaconate, was granted, and his papers ordered signed.

April 1st, the resignation to the Standing Committee of its President, Rev. H. W. Beers, D.D., was presented and read.

On motion, Dr. Beers' resignation was accepted, with expression of great regret for its necessity, and the Secretary was directed to express to Dr. Beers that feeling on the part of the Standing Committee.

Rev. J. Sanders Reed, Rector of Trinity Church, San Francisco, was elected to fill the vacancy caused by Dr. Beers' resignation as a member of the Committee; and the Rev. R. C. Foute was elected to fill the vacancy as President of the Committee.

April 14th, the application of Mr. A. L. Hall, to be recommended to the Bishop as a Candidate for Holy Orders, was granted, and his papers ordered signed.

April 30th, the President having stated that favorable replies had been received from 28 Dioceses, in response to a request for consent on the part of the several Standing Committees to the consecration of the Rev. Dr. Nichols as Assistant Bishop of the Diocese, it was

Resolved, That the Secretary be instructed to notify the Presiding Bishop that a majority of the Standing Committee of the Church in the United States have given the required canonical consent to the consecration of the Rev. W. F. Nichols, D.D., as Assistant Bishop of California, and to forward to the Presiding Bishop proof of such consent, in the several replies received already, together with a certified copy of the Certificates of Election and the Canonical Testimonials.

Inasmuch as the action of the Standing Committee, in calling a Special Convention for electing an Assistant Bishop, and then, in refusing to revoke such call, in response to appeals from members of the Southern Convocation, has been extensively criticised, we deem it best briefly to state that our action was prompted by the very great and growing feeling of need for relief to the Diocese and the Bishop.

On the last day of its Annual Session in May, 1889, the Convention of the Diocese, in vote by orders, most strongly urged the Standing Committee immediately, or as soon as might be, to take such proper formal and legal measures as might be necessary to provide for the election of an Assistant Bishop. Many of our Southern friends voted in favor of this resolution.

So soon as the Bishop had returned from General Convention, and there was reason to hope for his willingness to devolve upon an Assistant the responsibility of his high office, we moved in the matter, and it was some time after the issuance of the call for a Special Convention, and when, informally, one and another of our Brethren at the South had accepted the act of the Committee in calling a Convention, that protests against the sitting of said Convention began to come in. And while in the unusual inclemency of the season there might have been a disposition with some of us to postpone the meeting, under the existing circumstances, we were advised, and we believed, and we still believe, that there existed no authority in us to revoke a call for a Special Convention, once issued.

Report of Standing Committee-Bishop's Address.

In the happy result of that session of the Convention we find especial satisfaction, and we congratulate the whole Diocese on the acceptance, and the approaching Consecration, of our new Father in God, the Assistant Bishop-elect of the Diocese of California. (Signed)

SAN FRANCISCO, May 7, 1890.

R. C. FOUTE.

President.

HOBBERT CHETWOOD,

Secretary.

The Rev. E. J. Lion read the Bishop's Annual Address.

Aug. 25. (Sunday A. M.) St. Stephen's Church, San Francisco, was consecrated. The Bishop of Northern California preached the sermon and conducted the service of Consecration, I pronouncing the Benediction. This Consecration was the consummation of thirteen years of earnest labor by the Rector, Rev. E. J. Lion. There were present the Rev. Messrs. Spalding, Gray, Church, Tayler, Drummond, Neales and Young, most of whom took part in the service. The music was of the highest order, being rendered by the choir of the Church, assisted by the surpliced choir of the Church of the Advent.

In the evening, a special confirmation service was held, at my request, by the Bishop of Northern California, in St. Paul's Church, Oakland, at which seventeen candidates were presented by the Rector, Rev. Hobart Chetwood.

CLERGY DIED.

Rev. James Abercrombie, D.D.

DEATH.

During the past year death has but once entered our fold and removed one of our number. In this case it was the oldest clerical member of our Diocese.

The Rev. Dr. Abercrombie was removed to the Paradise of God. We all loved and esteemed him for his estimable qualities in social life, and for his earnest Christian labors. He had been for many years Rector of the Church at Martinez, where a flourishing congregation proved his earnest zeal. We shall long miss him in the councils of the Church.

ASSISTANT BISHOP.

We meet today, my brethren, under the most cheering circumstances. For weeks it was doubtful whether the distinguished Presbyter whom we had elected our Assistant Bishop would find it his duty to yield to our appeal. But the clouds have been swept away. He has consented to accept our call, and a few weeks more will find him laboring with us.

Committee to Receive Bishop Nichols.

We believe now that we enter on a new era in our Church, and we can now go forth to our labors with new zeal and earnestness, and brightened prospects for the future.

And thus it is that I would be peak and claim for him the kind friendship which, for so many years, you have given me.

And now, brethren, I commend you to God and to the word of his grace, which is able to build you up, and to give you an inheritance among all them which are sanctified.

WM. INGRAHAM KIP, Bishop of California.

Mr. A. H. Phelps moved that it be

Resolved, That a Committee be appointed by the Chair to receive, care for, and provide temporary entertainment for Rev. Dr. Nichols and his family, upon their arrival in the State. This Committee to consist of fifty-one members—composed of the Right Rev. William Ingraham Kip, D.D., and twenty-five clergymen and twenty-five laymen. This Committee to be divided in two sub-committees—thirty-one for Central California, and twenty for Southern California.

The sub-committee for this part of the State to consist of the Bishop and fifteen clergymen and fifteen laymen, and for Southern California to consist of ten clergymen and ten laymen.

The motion prevailed, and the following gentlemen were appointed the Committee:

The Rt. Rev. W. I. Kip, D.D., the Revs. R. C. Foute, J. S. Reed, Dr. E. B. Spalding, John Gray, C. L. Miel, E. J. Lion, W. W. Davis, W. H. Stoy, Hobart Chetwood, H. D. Lathrop, D.D., J. A. Emery, G. A. Easton, W. J. Lemon, J. B. Wakefield, D.D., F. H. Church, T. W. Haskins, F. J. Mynard, G. A. Ottmann, J. D. Easter, D.D., A. G. L. Trew, D.D., H. B. Restarick, D. McClure, Ph.D., W. H. Dyer, B. W. R. Tayler, I. M. Merlin-Jones.

Messrs. George W. Gibbs, Alanson H. Phelps, C. V. S. Gibbs, Judge Van Reynegom, Henry S. Austin, A. N. Drown, H. T. Graves, Wm. Doxey, F. V. Hopkins, M.D., W. A. M. Van Bokkelen, J. G. Eastland, H. H. Nagle, H. H. Hewlett, D. H. Ward, Judge Payne, H. T. Lee, Jas. F. Towell, Wm. Pridham, C. E. Thom, Geo. H. Peck, D. Cleveland, J. W. Hugus, B. M. Watkyns, Geo. Puterbaugh, Col. W. A. Hayne.

The following Preamble and Resolution, proposed by A. G. L. Trew, D.D., was unanimously adopted.

Dr. Trew's Resolution-Election of Committees.

WHEREAS, Statements have appeared in the public press to the effect that there is manifest in this Convention much suppressed ill-feeling on the part of the delegates from Southern California with reference to the late Special Convention:

THEREFORE, it is hereby declared as the sense of this Convention, that such statements are entirely at variance with the facts; and that, on the contrary, the Convention recognizes with thankfulness the harmonious spirit which is so abundantly manifested; and further, would repudiate and deprecate most emphatically all attempts, from whatever source, to stir up any sectional feeling between different parts of our common Diocese.

The hour of 11 o'clock having arrived, the order of the day, the election of the various Committees of the Diocese, was taken up.

The Rev. Messrs. Lion and Stoy were appointed tellers, to receive and count the Clerical vote for members of the Standing Committee — Messrs. Phelps and Wigmore for the lay vote.

For the Clerical vote for members of the Board of Missions, the Rev. Dr. McClure and the Rev. Mr Davis, for the lay vote for the same, Messrs. F. D. Hopkins and W. H. H. Tobey.

The Rev. Messrs. Breck and Holmes were tellers to receive and count the votes for Directors of the Incorporation.

Mr. H. T. Graves was, by a viva voce vote, unanimously elected Treasurer of the Convention for the ensuing year.

Report

OF THE DIRECTORS OF "THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF CALIFORNIA."

To the Fortieth Annual Convention

The Directors of "The Protestant Episcopal Church in the Diocese of California" (a Corporation) present the following report of their acts and proceedings, and of the property acquired, received, disposed of, and held by them, during the past year:

The persons who were elected by the last Annual Convention having been severally duly notified by the Secretary of said Convention of their election, and of the time and place where the first meeting of said Board would be held, met at the time and place so designated, and chose for the President of the Corporation George W. Gibbs; and for Secretary, A. N. Drown; and for President pro tem., Rev. H. W. Beers, D.D. The bond of the Treasurer was fixed at the sum of five thousand dollars, with sureties to be approved by the President and Secretary. H. D. Graves was elected Treasurer.

The Treasurer has not been called upon to receive or disburse any moneys on behalf of the Corporation, and so has not executed any bond. This Board is convinced that a person should be chosen Treasurer of this Corporation who, by virtue of his office, should have the custody of all funds belonging to the Diocese as well as to this Corporation; and they earnestly recommend that some provision be made for an officer of that kind, and also for his proper compensation. This, however, is but a repetition of the recommendations contained in the previous reports of this Board, to which we beg leave to refer.

During the year past a vacancy has been created in the Board of Directors by the death of C. V. Gillespie, who had been a Director of this Corporation from its formation, and who had been identified with the Church in this Diocese from its inception.

Early in the present year this Board were notified that the property of St. Paul's Mission, Modesto, on which the parsonage is situated,—being a lot fronting 70 feet on "H" St., in the town of Modesto, with a depth of 50 feet,—was in danger of being lost to that Mission, through the foreclosure of a mortgage which it had executed on the 6th of November, 1886, to A. J. Hart, to secure a

Report of the Corporation.

promissory note for \$800, payable one year after date, with interest at ten per cent per annum. On this note \$200 had been paid, leaving a balance of principal of \$600. The holder of that mortgage had fixed the first day of February as the day on which he must be paid, or on which, in case of nonpayment, he would institute suit in foreclosure. Steps were taken by this Board looking towards the purchasing of the mortgage in question, and the holding of the same during the remainder of the time which it had to run before being outlawed. But on the 22d of February, 1890, the persons interested in protecting this property procured from Dr. Hart an extension of time for the payment of the note and mortgage to October 20th, 1890. Before that date is reached, it will be necessary for St. Paul's Mission to pay the mortgage, or that other provision be made to meet the indebtedness which it was given to secure.

The condition of the Church property at Modesto is only a sample of the condition of other Church properties in the Diocese, and indicates that some provision should be made by which this Corporation shall not merely receive conveyances of such property as shall be voluntarily transferred to it, but may reach out and take charge of and protect Church properties which are embarrassed, neglected, unoccupied or unprotected.

During the year, this Corporation has received conveyances of the following properties:

- First—CENTERVILLE, Alameda County. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th of September, 1889, and conveying two parcels of land, one containing two-thirds of an acre, and the other one-half an acre, more or less: said parcels together giving a frontage of 317 feet on the County Road, and 190 feet on the road running to Jarvis' Landing.
- Second—HANFORD, Tulare County. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying Lots 1 and 3 in Block No. 57, as designated and shown on the official map of said town.

Report of the Corporation.

- Seventh PACIFIC GROVE, County of Monterey. From Pacific Improvement Company, a Deed bearing date and executed the 21st day of December, 1889, and conveying a Lot in "The Pacific Grove Retreat Grounds," situated at the Southwesterly corner Central Avenue and Twelfth Street, having a frontage on Twelfth Street of 100 feet, and on Central Avenue of 75 feet.
- Eighth—Salinas CITY, County of Monterey. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying Lots "V," "W" and "X" in Block No. 12, fronting on California and Gabiland Streets in said Salinas City, as the same appear and are shown upon the official plat of said City.
- Ninth—Santa Clara. County of Santa Clara. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying a Lot at the Southwesterly corner of Main and Harrison Streets, fronting 100 feet on the Southerly line of Harrison Street, and 100 feet on the Westerly line of Main Street.
- Tenth—GILROY, County of Santa Clara. From William Ingraham Kip, Bishop &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying a lot on the Northwest corner of Martin and Forest Streets,—fronting 125.30 feet on the Westerly line of First Street, and 142 feet on the Northerly line of Martin Street, the same being Lot No. 5 in Block No. 3 North, Range 2 East, in said town of Gilroy, as shown on the official map of said town.
- Eleventh—TULARE, County of Tulare. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying Lots 17 and 18 in Block No. 132, as numbered and designated on the official map of said town.
- Twelfth—WATSONVILLE, County of Santa Cruz. From William Ingraham Kip, Bishop, &c., a Deed bearing date and executed on the 4th day of September, 1889, and conveying a lot on the Southerly line of Third Street, distant thereon 141 feet Northeasterly from the corner of Union and Third Streets,—having a frontage of 42 feet on Third Street, with a depth of 108 feet 6 inches.
- Thirteenth—MARTINEZ, Contra Costa County. From Elizabeth A. B. Abercrombie, as Executrix of the last Will and Testament of Rev. James Abercrombie, Deceased, pursuant to order of the Superior Court in and for the County of Contra Costa, made in the matter of the Estate of said Decedent on the 30th of November, 1889, a Deed bearing date and executed on said last named day, and conveying Lot 3 in Block Number 327, as designated and shown on the map or plat of the Additional Survey of the Town of Martinez.

Report of the Diocesan Fund.

The twelve Deeds firstly above enumerated are unrecorded. They should be recorded in the several Counties where the lands to which they refer are situated, and with them should be filed a copy of the Articles of Incorporation in the office of the County Clerks of the said Counties. This has not been done, for lack of funds. Of the appropriation voted to this Corporation by the last Convention, only eleven dollars has been drawn and used, that sum being required to pay the Notary fees for the acknowledgments of the Deeds above mentioned, which were executed by the Right Rev. Bishop of the Diocese.

The remainder of the appropriation was not drawn, because this Board was advised by the Treasurer that the appropriations exceeded the Convention Fund, and were likely to create a deficit at the end of the year of at least Six Hundred Dollars

It is plain that some adequate provision should be made to enable this Corporation to fulfill the purposes for which it was formed, at least to the extent of recording conveyances which it shall from time to time receive. It may be noted in this connection, that this Corporation is without the ability to protect the properties which shall be conveyed to it by the payment of taxes or insurance, or other necessary charges thereon.

Respectfully submitted,

A. N. DROWN,

Secretary.

Thereupon the Convention took a recess.

1.30 P, M. The Convention reassembled.

The Treasurer read his

Mr. Davis's Sermon.

On motion of the Rev. D. O. Kelley, it was

Resolved, That a copy of the sermon preached before the Convention at the beginning of the present session, by the Rev. W. W. Davis, be requested for publication in the Pacific Churchman.

Resolved, Further, that the concluding portion of said sermon, referring to the Rt. Rev. the venerable Bishop of the Diocese, be printed in the Journal of this Convention.

At the close of the Convention sermon, Mr. Davis said:

"And now, dear brethren, you would not be satisfied that I had fulfilled the requirements of my present office, nor should I feel that I had done my duty to him who has honored me by the appointment to preach this sermon, if I made no reference from this pulpit at this time to the present head of this Diocese, who is so soon to lay down the pastoral staff with which he has guided the sheep of this pasture for more than a generation.

I cannot hope to say anything adequate to that crisis of affairs at which we have just arrived.

If I attempted to present a record of his work, I should need as much time and as much talent as would be required for writing the history of this Diocese, for the history of Bishop Kip is the history of this Diocese. We have not now the time nor have I the talent for this task.

Shall I speak, then, of the *results* of all his labors, sacrifices, perils and patience? Coming from one like me to one like him, eulogy would be an impertinence; praise would be contemptible; and congratulation an insult.

I am limited, therefore, to an imperfect expression of what I know we all feel towards our Reverend Father in God, as we meet together for the last time with him as our sole standard bearer.

First among those feelings is an affectionate and abiding respect for the character and personality of the man who now holds the office of Bishop of this Diocese.

The office of Bishop we are always and everywhere bound to respect, but it does not always happen that the person who holds the office commands from his own dignity and worth a respect commensurate with that which is demanded by the dignity and worth of the office. Happily, this is and always has been the case with the Bishop of California. We feel, also, gratitude. Our gratitude is due, first of all, to God, whose wisdom chose such a man, and whose power has supported him in his labors. But, assuredly, it is also only natural and right that we should both feel and try to express our gratitude to the man himself, who, when he was so chosen and sent, obediently and self-sacrificingly left home, kindred, friends and social honors to accept this mission. Yet how can I hope to express even the gratitude of these few who are assembled here; much less to indicate the accumulated gratitude of all the children of the Church in this Diocese; of all the thousands of scattered souls throughout this country who have once been blessed by his ministry; of all the countless multitudes, in this and other lands,

Notification of the Bishop Elect.

whose knowledge of the Church and her claims upon their allegiance has come from a study of his writings! I cannot do this. I can only say: 'I know that such and so great a gratitude is felt, and would be expressed if it were possible.'

These feelings bring with them the feeling of regret that the bond which has so long held Bishop and people in loving relationship should now, of necessity, be loosened even a little. But, for both Bishop and people, there is much satisfaction in the thought that, although another will presently share with him something of the responsibility of the office; yet none shall be able to disturb the tender associations of paternal interest and filial regard.

Another feeling rises from our hearts and seeks expression. And now, when we are gathered together as father and children, is a fitting time for confession of it. This feeling is one of self-reproach. It is a matter for regret whenever we have left undone any share of our own duty; but what remorse should any of us feel who had hindered the task of another! I am sure that I voice the deeper sentiment of all who, at this moment are searching their hearts with honesty, when I say in the presence of God, that we are sorry for every word or deed by which we may have, wittingly or unwittingly, hindered or made harder the labors of his servant, our Bishop and Pastor.

Finally, I must say, in the name of all these, his children in Christ, and I believe, in the name of him who is soon to share the responsibilities of this Diocese, that we are devoutly thankful to the Giver of all good that he yet bestows upon our venerated chief Pastor such a measure of health as shall enable him still to bless us with the benignity of his presence and the benefit of his counsel.

It is our present hope and shall be our constant prayer that God may spare him for many years to enjoy the rest which he has so hardly and so honorably earned."

The Rev. R. C. Foute, from the Committee to notify Dr. Nichols of his election, presented the following

Meport.

The Committee appointed at the Special Convention to notify the Rev. W. F. Nichols, D.D., of his election as Assistant Bishop of the Diocese of California, respectfully report, that immediately on the appointment they telegraphed Dr. Nichols notification of his having been elected. On the succeeding day they received the following dispatch: "Away when notification came. It raises questions of duty which I must ask time to decide, sensible of the unmerited confidence it conveys.

Signed: W. F. NICHOLS."

A few days later it was decided best—after consultation with several prominent laymen—that some one should proceed to Philadelphia, and present the facts of the case in person, so that he might have all the information needed to enable him to arrive at a just decision. The Chairman of the Committee undertook this mis-

sion, and forthwith visited Dr. Nichols at his home, bearing with him the official letter, previously prepared, of which the following is a copy:

"To the Rev. WILLIAM F. NICHOLS, D.D.

Rev. and Dear Sir:

The undersigned, a committee of the Special Convention of the Diocese of California, have great pleasure in conveying to you the official notice of your having been chosen Assistant Bishop of this Diocese, on the 6th day of February.

"The Convention electing you was called by the Standing Committee at the urgent request of the Bishop, for the express purpose of electing an Assistant Bishop. In his letter of request the Bishop says—'I will and do hereby assign to the Assistant Bishop, when elected and consecrated, all the executive and administrative duties of the Episcopate, in and for the Diocese.' From which you will see that you are to have full and complete jurisdiction.

"We desire especially to emphasize the fact that you were the unanimous choice of the Convention. In addition to this fact, we are glad to be able to state that your election has the cordial approval of our venerable and highly esteemed Bishop. The salary of the Assistant Bishop has been fixed at \$5,000 per annum.

"For full information concerning the Diocese, and the great importance of the position to which we have called you with such sincere and hearty unanimity, we beg your careful attention to the accompanying papers and statistics.

"We cannot refrain from expressing the earnest hope that your decision may be in accord with the unanimous desire of the Church in this great Diocese.

"Faithfully your brethren in Christ and His Church.

"R. C. FOUTE,
J. SANDERS REED,
H. D. LATHROP,
Committee."

"San Francisco, Feb. 7, 1890."

The result of this visit and personal conference will be seen by reference to the following letter of acceptance from the Assistant Bishop.

2,208 WALNUT STREET, PHILADELPHIA, March 8, 1890.

"To the Rev. R. C. Foute, the Rev. J. Sanders Reed, the Rev. H. D. Lathrop, Committee:

"My Dear Brethren. Your official notification of my election to the office of Assistant Bishop of the Diocese of California has had my most earnest and prayerful attention. I have endeavored to conscientiously and judiciously review the evidence—which I have anxiously sought, and which has been fully presented me, on all sides of the crucial questions of duty involved in my answer.

"The act of the Convention, which my efforts proved ineffectual to prevent, seems to me, after prolonged deliberation, to be an imperative call of God and of His Church. In profound humiliation at the sense of my own personal inadequacy to meet this call, but with as profound trust in the very present help of God, the Holy Ghost, through whom the Son, at the right hand of the Father, fulfills His promised presence with His ministry, I will accept the office should there be the consent provided for in the canon law of the Church.

Report on Christian Education.

"The cordial message of the Reverend Diocesan, the unanimity of the Convention, the many assurances of prayer for a right judgment from those in the Diocese—both those who did not participate in the Convention and those who did—have, with the shaping of my conviction of duty, brought me into 'a glad mind and will' to become a fellow laborer with my brethren in their vast field, believing that the times in which we live are 'times for Christ.'

"Asking of the Diocese and of you continued prayer, I am, very sincerely, your servant in Christ Jesus,

"WILLIAM F. NICHOLS."

The Rev. H. Chetwood, from the Committee of the Special Convention to notify the Rt. Rev. the Bishop of this Diocese of the election of the Rev. Dr. Nichols to be the Assistant Bishop, reported as follows:

The Committee appointed to wait upon our Rt. Rev. Father, the Bishop of the Diocese, to inform him of the election of the Rev. Dr. Nichols to be his Assistant, respectfully report that they went at once, upon the adjournment of the Convention, to discharge the duty thus laid upon them. They found the Bishop as yet unaware of the action of the Convention, which he rejoiced over with us, and we left him after a few pleasant words, evidently happy in a sense of relief at the prospect of a sharer of the burden he has so long and so faithfully borne.

The Rev. E. B. Church presented and read the

Meport

OF THE COMMITTEE ON CHRISTIAN EDUCATION.

Your Committee on Christian Education are pleased to note an increasing interest in the subject in our Diocese—an interest that will doubtless manifest itself in more pronounced action in the early future than it has in the past.

There is also a growing recognition of the fact that our branch of the Church Catholic is particularly well qualified for carrying on Educational work.

The liturgical form of our services is especially adapted for interesting and impressing the young; and many who are not Churchmen, or even definitely religious themselves, desire that their children shall be moulded by surrounding Church influences, convinced as they are that no dependence can be placed on a morality that is not based upon religion. We are sorry to note that Parochial Schools, which elsewhere have exercised a mighty influence for good, are almost unknown in our midst.

Even those schools which were begun as such have been transformed into private schools of a more general character, seeking patronage of the Church at large, and at the same time retaining the catechetical and liturgical features. We may mention, in this connection, St. Katharine's School, San Francisco, in St. Ste-

St. Matthew's Hall-St. Hilda's Hall.

phen's Parish, taught by Miss Mary E. Mortee. There should be a number of such schools in the cities of our Diocese, and they should be well patronized by Churchmen.

In view of the unreasonable prejudice against strictly parochial schools, your Committee would suggest an alternative. It is to infuse a Churchly tone and character into the local private preparatory schools, very many of which will be found to have principals or teachers who are communicants of the Church, or at least attached to Churchly forms of worship.

Most of these schools are opened with prayer, and the clergy could, in many cases, secure the regular use of the Creed, the Lord's Prayer, and the Ten Commandments, in the general exercises, with brief explanations of the same.

Responsive Versicles and Churchly hymns could be memorized by the children and used by the youngest of them. Where there are no such good schools for a basis, the clergy can easily favor the starting of such. This would doubtless prove a rich vein, if properly worked.

In regard to academies of a high order for boys or girls, there are none in the Diocese under the control of the Convention or the Bishop. One school of high order, St. Hilda's Hall, for girls, situated at Glendale, a suburb of Los Angeles, has been established by clergymen of the Southern Convocation, and is presumably intended to be eventually a diocesan school.

It has been in successful operation for more than a year under the efficient Rectorship of the Rev. J. D. Easter, D.D.

It has slowly but steadily gained in numbers, four resident and four visiting teachers constituting its faculty. The health of the school has been remarkably good, as might be expected from its admirable location and excellent sanitary arrangements. There is prospect of a large increase of attendance during the coming year.

There should be a boys' school on a similar plan for the southern part of the state, as also two corresponding institutions for the Northern Convocation, and all well endowed, using as a basis, if possible, some of the flourishing private schools of high grade now under the management of churchmen. Among these we have reports from the following:

St. Matthews Hall for boys at San Mateo, under the Rectorship of the Rev. Alfred Lee Brewer, has had a very active and prosperous year, with a full list of pupils, and has accomplished most excellent work. A society known as the Brotherhood of St. Matthew has been organized, with a large membership. It is composed entirely of teachers and pupils of the school, and its object is "the awakening and deepening of the spiritual life of the members of St. Matthew's Hall." One line of practical work that the Brotherhood has undertaken is the commencement of a fund for the erection of a chapel on the new school grounds. Under the auspices of the Brotherhood a series of plain talks to boys has been delivered by clergymen and laymen of the diocese. An estate of eighty acres, about one and one-half miles from San Mateo, has recently been purchased by the Rector, and the school will soon be moved to the new location. Architects are now at work upon the plans. The village of San Mateo is growing so rapidly that before long the present school will be surrounded by residences. The new

Trinity School-Irving Institute-Theological Seminary.

site is in the foothills, commands a beautiful view of the Bay of San Francisco, and is far enough from town life to allow the cadets a large degree of freedom.

Trinity School, for boys, San Francisco, under the Rectorship of the Rev. Dr. Edward B. Spalding, has had its usual prosperity the present year. She numbers some ninety scholars in attendance, and her graduating class will be seven, with two others added for special diplomas — young gentlemen who were obliged to leave shortly before the closing of the scholastic year. Her Board of Alumni numbers, with the present graduating class, sixty-three. Many of these have been confirmed. Two are vestrymen, and one is a delegate to the present Convention.

Several now are graduates of College and University, and two are in professional life. All are doing well, and confer credit upon the teaching of our Church.

Irving Institute, a school for girls, also in San Francisco, under the Rectorship of the Rev. Edward B. Church, has enjoyed a larger average attendance than ever before, and the character of work accomplished has been very satisfactory. It has flourishing Primary and Grammar Departments; yet, of its one hundred and twenty pupils, more sixty are of the Academic grades, and more than fifty of them are boarding pupils from various parts of the Pacific Coast. The present Senior. Class numbers sixteen.

Six of the Boarding pupils have been confirmed during the present session, and two of them baptized. Nearly one-half of the school family are communicants of the Church, though but few of them are from Church sources or had known anything of the Church before coming to the School.

Your Committee, in referring to the Sunday School as a well recognized and important factor in Christian Education, the statistics of which are found in the various Parochial Reports, would suggest that a Sunday School Teacher's Institute, held at the time of Convention or Convocation, would be a means of awakening a greater amount of interest in that important work, and imparting valuable information as to the best methods of interesting and instructing the young in religious matters. This powerful means of good has been sadly neglected, it is feared. Such Institutes would be of benefit to the Clergy as well as to the Laity.

In conclusion, your Committee would call attention to the needs of the Coast for a Theological Seminary.

Other religious bodies are taking the matter in hand, receiving donations of land and money, and laying great foundations for the future. One of them has just had a donation of land, and a cash endowment of a quarter of a million dollars for a Theological School.

We have, for many years, had a good nucleus for such in the Eastman Fund, and a little effort in the right direction might secure land near to the University of California, where a Church Home could be given to students of the University, as has been heretofore suggested, and be the means of turning the attention of many of the most intelligent to the sacred ministry, and in time, with liberal endowments, become a Theological School equal in culture to any in the East.

The Report of the Finance Committee is not as it was first presented, but as it was amended and finally adopted.

JOHN A. EMERY.
ALANSON H. PHELPS.
GEO. W. GIBBS.
H. F. GRAVES.

On motion, the Report of the Finance Committee and the Schedule of Assessments presented was adopted.

The Rev. Hamilton Lee moved the following:

Resolved, That the present Editor and Business Manager of the Pacific Churchman be entrusted with the ownership and control of that paper until such time as the Bishop elect, the Rev. Dr. Nichols, shall arrive and enter upon the duties of his office, when the ownership and control of the Pacific Churchman shall be placed in his hands.

The motion prevailed.

Committee of the Whole.

On the motion of Rev. Mr. Miel, the Convention then went into Committee of the Whole to consider the proposed Constitution, and in due time the Committee rose, reported progress, and had leave to sit again.

And the Convention then adjourned to Friday morning, at half past nine o'clock.

FRIDAY, May 9th.

The Convention met at 9.30.

Morning Prayer and Litany were said by the Revs. R. C. Foute, Rector of Grace Church, San Francisco, F. J. Mynard, Missionary at Santa Ana, and B. R. W. Tayler, Rector of All Saints', Riverside.

The Convention assembled at 10 o'clock for the transaction of business, and was called to order by the Chairman.

The minutes of the meeting of yesterday were read and approved.

The Convention then went into Committe of the Whole for the consideration of the proposed Constitution. Later the Committee rose, reported the Constitution as amended, to the Convention, and recommended that it be adopted; and on motion, said Constitution was adopted by this Convention.

Thereupon the Convention took a recess.

At 1.30 P. M. the Convention reassembled. The Rev. Mr. Miel presented the

Report

OF THE COMMITTEE ON CHURCH CHARITIES.

Your Committee on Church Charities respectfully reports as follows:

We have received, in response to our request made at the opening of this Convention, but one response:

A report of the Bishop Armitage Orphanage for Boys at San Mateo. We congratulate the President and Board of Directors of this institution upon its progress during the past year and upon its prospects. We commend it to Church men and women as one of the worthiest and best managed charities of this Diocese, and ask that it be given aid sufficient to enable it at an early day to achieve those good results it seeks. No reports having been received from The Maria Kip Orphanage for Girls in this city, or from St. Luke's Hospital, or from The Old Ladies' Home, your Committee can make no report concerning these institutions.

Bishop Armitage Orphanage.

Your Committee, however, is of opinion that the officers of our Church institutions, and so far as possible the employees, should be chosen from among Church people, that is to say, members of the P. E. Church, and we therefore recommend the adoption of the resolution following:

"Resolved, That it is the sense of this Convention that the officers of the charitable institutions of the Church in this Diocese should be chosen from among the members of the Protestant Episcopal Church."

Respectfully submitted, for the Committee,

C. L. MIEL, Chairman.

The resolution was adopted.

Report

OF THE BISHOP ARMITAGE ORPHANAGE.

To the Delegates, Clerical and Lay, of this Convention of the Diocese of Cali-

As most of those present are doubtless aware of the progress made in Orphanage Work since its commencement, Nov. 19th, '86, to the time of the last Convention, I will merely give a brief résumé of the work accomplished from Dec., '88, to the present time.

It was in December that the property now occupied by the Bishop Armitage Orphanage was presented to the work by a devoted Churchman, as a Christmas gift.

It was soon decided to incorporate the Maria Kip Department for girls, and a deed of one half this property was given to that corporation.

Three months later, it was found best, from the crowded condition of the Orphanage, to remove the girls; the two orphanges having, up to this time, been under one Board of Directors.

Aug. 10, '89, the girls, thirteen in number, were taken to their home on Harrison Street. This led to two distinct boards being formed; the Armitage Board consisting of eleven members.

We had then twenty-eight boys. Since that time our numbers have steadily increased, and we have now forty-seven boys, with room for but few more, when our children will be obliged to have their dining room in a tent during the summer, taking our present chapel and dining room for a dormitory.

We have a beautiful site for our work, the State co-operates most nobly in all efforts made to care for the orphans, the destitute and abandoned children, with out distinction of church or sect, and it only remains for the Church to supply shelter and clothing.

Our Home is in perfect order, presided over by persons thoroughly competent, full of interest and enthusiasm in their work.

The health of the children is almost perfect, and a spirit of docility and obedience pervades the whole establishment. We trust our friends will visit the Insti-

Division of the Diocese.

tution on Saturday, when we have arranged for a basket picnic. They can see better than we can tell them the immediate needs of the work.

Before next Fall we must have, at least, temporary buildings, and will require the co-operation of all interested in the growth of the Church through the children.

The future needs of the work are permanent building sand an endowment which will insure its permanence and prosperity. Will not the members of this Convention, both clerical and lay, with their families and friends, encourage those who are endeavoring to carry it on, by visiting the work and trying to interest others in it? We feel confident, from the experience of the past three years, that instead of num bering our children by tens we could count hundreds under the Church's care and nurture.

The world is certainly ready for the work,—is the Church ready to accept it? All of which is respectfully submitted.

MRS. A. L. BREWER, President.

The Rev. Dr. Trew, from the Committee appointed at the last Annual Convention to secure the assent of the Bishop of this Diocese to the proposed division thereof, offered his

Report

TO THE CONVENTION OF THE DIOCESE OF CALIFORNIA.

May, 1890.

The Committee appointed by the last Convention to report to the Bishop the action taken by the Convention on the question of the Division of the Diocese, and to request his canonical consent thereto, respectfully reports:

That, by appointment with the Bishop, the Committee met him on Monday, May 27th, laid before him a certified copy of the proceedings in convention, and received from him, duly signed, his canonical consent—a copy of which is hereto appended, the original having been placed in the hands of the Secretary of the House of Bishops.

Signed

A. G. L. TREW.

GEO. W. GIBBS.

SAN FRANCISCO, Cal., May 9th, 1890.

To the Convention of the Diocese of California,

Dear Brethren: I hereby give my canonical consent to the division of the Diocese of California, and to the erection of a new Diocese, with such boundaries as were decided on by resolution of the Convention of this Diocese on Saturday May 25th, 1889.

WM. INGRAHAM KIP, Bishop of California.

SAN FRANCISCO, May 27th, 1889.

Resolutions.

Mr. Wm. M. Cubery moved

That this Convention extend to our venerable Bishop its heartfelt sympathy in his present illness, and express the hope he may be restored to perfect health, and long be spared to us as our chief shepherd.

The motion was carried.

Mr. H. E. Highton offered the following:

Resolved, That a Committee, to consist of four members of this Convention—two clergymen and two laymen—be appointed by the Chair, to examine the Civil Code of this State, and any other statute law upon the subject, and report to the next Diocesan Convention what, if any, further legislation and amendments to existing legislation are necessary to secure, protect and maintain the rights, interests and property of the Protestant Episcopal Church within the Diocese of California; and that the Northern Juris liction be asked to appoint a Committee to co-operate with this Diocese in this matter.

This resolution was adopted, and Messrs. Highton and Stoney and Rev. Messrs. Miel and Emery were appointed the Committee.

On motion of Mr. F. D. Hopkins it was

Resolved, That the thanks of this Convention be given to the Rector and Vestry of Grace Church for the use of this building, and for many other courtesies extended to and enjoyed by the members.

That the thanks of this Convention be hereby tendered to the ladies of the various Parishes of this city, who have so generously provided refreshments for the members.

On motion of Mr. W. M. Cubery it was

Resolved, That ten dollars be appropriated to the Sexton of Grace Church for services rendered during the session of this Convention.

A communication was received and read from the Rt. Rev., the Bishop of the Diocese, as follows:

The Convention will please take notice that I appoint the Hon. John A. Stanly, Chancellor of the Church in this Diocese for the coming year.

Wm. Ingraham Kip, Bishop of California.

Canons.

The Convention then went into Committee of the Whole for the consideration of the canons proposed by the Rev. Messrs. Foute and Miel. After due consideration thereof the Committee rose, reported back to the Convention the canons as amended in Committee, and recommended that they be all and severally adopted. A motion to adopt these canons, thus reported, as the law of the Church in this Diocese was carried by unanimous voice.

On motion of Mr. Geo. H. Hooke it was

Resolved, That the cost of printing the substitute for the Constitution be paid from the Convention Fund, and the Treasurer of the same is hereby authorized to disburse the necessary amount.

Prayers were said by the Rev. Dean Trew, called to the Chair upon the necessary withdrawal of the Rev. Mr. Hill, and the Convention adjourned *sine dic*.

REPORT OF REV. A. P. ANDERSON.

SAN JOSE, CAL.

Rt. Rev. Father in God:—I herewith respectfully present the report required by Canon for the Convention year. Until Feb. 1st, 1890, my residence was in San Jacinto, San Diego Co. There I held services on each Sunday in my own house, and attended an occasional funeral. At this place the Church owns an eligible church lot, besides four other pieces of property. This property is fully paid for.

On the first day of Febuary I changed my residence to San Jose. During the balance of the Conventional year I assisted the Rector of Trinity, San Jose, at his request, preaching at sundry times, and aiding in the Lenten Services.

I held two services in Gilroy, by request, preaching at both. One of these was an Easter Service, with Communion. I also, at sundry times, held service and preached at Santa Clara, during the absence of the missionary in charge.

All of which is very respectfully submitted,

A. P. ANDERSON.

REPORT OF THE REV. JOHN BAKEWELL, D.D.

Rt. Rev. Father:— Although, in the providence of God, I have had no special charge during the Convention year 1889-1890, there have been few Sundays on which it has not been my privilege to take active part in the services of the Lord's House.

I have done occasional missionary work in the vicinity of San Francisco, supplied vacant pulpits, and taken charge of parishes during the absence or illness of the Rector.

REPORT OF THE REV. J. H. C. BONTE, D.D.

UNIVERSITY OF CALIFORNIA.

BERKELRY, May 5, 1890.

To the Right Reverend WM. INGRAHAM KIP, D.D., Bishop of the Diocese of California,

Right Reverend Sir:—In obedience to Canon Law I submit my annual report.

My voice has improved during the past year, and I am now able to use it continu-

ously for nearly an hour at one time. I have continued my University Lectures on Ethics without much pain. I am still compelled to avoid prolonged conversations.

Respectfully submitted,

J. H. C. Bonte, Presbyter.

REPORT OF REV. J. D. H. BROWNE.

MISSION OF THE AZUSA VALLEY.

Rt. Rev. Father:—The Missionary reports services held in the Town of Glendora, where large congregations have been gathered in the "Christian Church," kindly placed at his disposal. Services have been regularly held in the town of Corina once every fortnight, and in the congregation have been about a dozen communicants, who have been faithful in their attendance. Here Dr. J. H. Miller has acted as lay reader on the alternate Sandays.

The Missionary reports five baptisms, one burial, and thirty services. The Hon. J. F. Houghton, of San Francisco, has generously donated a lot 75x120, on a prominent corner, for a church, and efforts are now being made to secure the means to build. The few Church people here are in earnest, and the prospects are encouraging for the future. In Azusa town the Missionary has not yet held services, but hopes to do so soon.

A resident Missionary in this great valley would rapidly build up an interesting and successful Mission.

JOHN D. II. BROWNE, Missionary.

REPORT OF REV. G. W. DUNBAR.

Presidio, San Francisco, Cal., May 1, 1890.

Rt. Rev. Father in God:—I have the honor to report that, during the Conventional year now ending, I have held the usual services at our chapel, almost with out omission. Our S. S. numbers over fifty, with seven faithful teachers. I have baptized eight children, officiated at eight funerals, and assisted at one wedding.

We have had thirty-five communicants, but, even as I write, they are, the large majority of them, about departing for an eastern station, and I know not how many will come in their places.

The reports of the various Treasurers will show what we have given for Diocesan purposes. In addition, we have collected over two hundred dollars for Sunday School and chapel expenses.

Very respectfully,

Your obed, servant,
G. W. DUNBAR,
Chaplain, U. S. A.

REPORT OF THE REV. WM. H. HILL.

To the Rt. Rev. BISHOP KIP:

My Dear Bishop:—Failing eyesight compelled me to resign my position as Chaplain of the State Prison at San Quentin in November last, since which time I have been quietly living at Berkeley, in Alameda county, without parochial-charge. I have occasionally preached for my brethren, and assisted them in the Communion service.

My last year at the Prison was the most interesting of the eight of my chaplaincy. The confirmation of twenty-one prisoners in August last by Bp. Wingfield, and the impressive manner in which he administered the rite, will not soon be forgotten by the hundreds who witnessed the solemn scene. May the recipients have grace given them to hold fast their profession to the end.

I parted from my unique charge with regret, and think I may say, without egotism, that the regret was mutual. May the good Lord send a shepherd to feed these sheep in the wilderness.

I have some little hope that a year or so of quiet and rest may so far restore my sight, that I may once more engage in parochial or missionary work.

Your brother in Christ,

BERKELEY, May, 1890.

WM. H. HILL.

REPORT OF THE REV. WM. T. MANNING.

To Rt. Rev. W. I. KIP, D.D.:

From Christmas, 1889, until Easter, 1890, I acted as assistant to the Rev. E. S. Burford, Calvary Church, Memphis, Tenn.

Am now continuing my studies in the Theological Dep't of the University of the South.

Respectfully submitted,

WILLIAM T. MANNING,

Deacon.

SEWANEE, TENN., June 9th, 1890.

REPORT OF REV. WALTER H. MARRIOTT.

Rt. Rev. Father:—During the past year I have held service in my own house every Sunday, with Holy Communion monthly and on the special Feasts.

Some years since there were several families who attended our services, but they have moved away, and now but one person beside my own family is present. There is little prospect of establishing a Mission here.

WALTER H. MARRIOTT.

Reports of Revs. H. B. Monges, P. B. Morgan, P. S. Ruth, Hale Townsend.

REPORT OF REV. HENRY B. MONGES.

MARTINEZ, CAL.

My Dear Bishop:—I have only to report that during the Convention year, ending Easter day, 1890, I have assisted both the former and the present Rector of Grace Church, Martinez, officiating for them when they have been unavoidably absent from the Parish.

Yours respectfully,

HENRY B. MONGES.

REPORT OF REV. P. B. MORGAN.

Rt. Rev. and Dear Sir:—Up to March 1st, I officiated regularly in St. Stephen's Church, San Luis Obispo. In that church great improvement has been made during the year. A few pews have been added, and a spacious recess chancel, with stalls and organ chamber. Also a very delightful Guild Room has been completed in connection with the church. The church and chancel have been carpeted throughout, and the last dollar of indebtedness paid. The number of communicants has increased from eight to forty-five. The Sunday School numbers sixty. For several months I held services regularly at Arroyo Grande, fourteen miles south, and occasional services at other points; and I am ready to say that San Luis Obispo County offers a good and promising field for a sound minded and energetic missionary.

Such a man should at once be sent to that large and utterly destitute field. Having resigned the Parish at San Luis Obispo, I am now at San Rafael, waiting to know and do my Divine Master's will, and in the meantime am engaged in a secular calling.

Very respectfully,

P. B. MORGAN.

REPORT OF REV. P. S. RUTH.

Rt. Rev. Father:—During the past year I have officiated in various offices of the Ministry, as occasion offered and my health permitted. I have preached at Pomona ever since the vacancy in the Rectorship; have held service in Santa Monica several times.

P. S. RUTH.

REPORT OF REV. HALE TOWNSEND.

Rt. Rev. and Dear Rishop:—I would respectfully report that for the year past I have continued in the performance of my duties as an Assistant Minister of St. John's Church, San Francisco, and Chaplain resident in St. Luke's Hospital.

Faithfully yours,

HALE TOWNSEND.

Report of Rev. W. C. Young.

REPORT OF REV. W. C. YOUNG.

Rt. Rev. Father:—The Rev. W. C. Young reports his work among the Chinese in San Francisco, as follows:

The average attendance at evening Sunday Schools and Divine services is twenty.

The Divine service is held in Trinity Sunday School room, or Trinity Chapel, every Sunday evening at 6 o'clock, after the Sunday School. The prayer books are printed in Chinese.

The instruction for evening school is given five nights in a week, and a lady teacher is hired. At the closing of each night school the "Ten Commandments," the "Creed" and the "Lord's Prayer" are repeated.

The monthly expenses to carry on this school depend on the subscriptions, some from the Church members and some from the Chinese scholars. The expenses are reached monthly, twenty-five dollars.

The present communicants are five.

JOURNAL.

FIRST DAY.

St. Paul's Church, Los Angeles, Wednesday, April 29, A. D. 1891.

The forty first annual Convention of the Protestant Episcopal Church in the Diocese of California assembled for divine service at half past ten o'clock on the morning of this day, in St. Paul's Church, Los Angeles, in accordance with the provisions of the canons and the appointment of the Bishop of the Diocese.

Morning prayer was said by the Rev. H. D. Lathrop, D.D., Rector of the Church of the Advent, Oakland, the Rev. A. L. Brewer reading the first lesson, and the Rev. J. D. Easter, D.D., Ph.D., Missionary at Glendale, reading the second lesson.

The Holy Communion was celebrated by the Right Rev. W. F. Nichols, D.D., Assistant Bishop of the Diocese. The Rev. D. O. Kelley, Dean of the Northern Convention, read the Epistle, and the Rev. A. G. L. Trew, D.D., Dean of the Southern Convention, read the Gospel. The Bishop was assisted in the various offices of the Service by the Rev. Geo. F. Bugbee, Rector of St. Paul's Church, Los Angeles, the Rev. J. B. Wakefield, D.D., Rector of Trinity Church, San Jose, the Rev. H. B. Restarick, Rector of St. Paul's, San Diego, and the Rev. Thos. W. Haskins, Rector of Christ Church, Los Angeles.

The Rev. R. C. Foute, Rector of Grace Church, San Francisco, preached the sermon, from St. John's Gospel, vii: 17.

At the conclusion of the service the Convention assembled, the Assistant Bishop in the chair.

The Secretary of the last Convention called the roll of the names of clergymen entitled to seats, and of the Parishes in union with the Convention.

Twenty of the Clergy being present, and fifteen Parishes being represented by lay delegates, the President declared the

Election of Secretary.

Convention organized in due form, and prepared to proceed to business.

The Rev. Dr. Lathrop moved that two laymen be appointed, to constitute with the Secretary, a Committee on Credentials.

The motion prevailed, and Messrs. A. H. Phelps and J. F. Towell were appointed such Committee.

Thereupon the Convention took a recess for one hour.

TUESDAY, 3 P. M.

The Convention reassembled, and was called to order by the President.

The Committee on Credentials reported that they have examined the credentials of the Lay Delegates, and that they found fifty-seven Parishes and Missions represented by delegates whose credentials are in proper form; whereupon the Secretary of the last Convention called the roll of these delegates, and those present answered to their names.

By direction of the President, the Secretary read the Order of Business and the Rules of Order.

The Convention proceeded to elect a Secretary. The Rev. R. C. Foute nominated the Rev. H. D. Lathrop. No other nominations being made, the Assistant Secretary of the last Convention, on motion of Rev. J. A. Emery, was authorized to cast the ballot of the Convention for Rev. H. D. Lathrop, which was done, and he was declared duly elected. The Secretary appointed Mr. W. M. Cubery as his Assistant.

The Rev. H. D. Lathrop offered the following resolution:

WHEREAS: Certain Parishes and Missions,—to wit, St. Mark's, Berkeley; Grace, Martinez; Şt. Paul's, Pomona; All Saints', Riverside; St. John's, San Bernardino; St. Paul's, San Diego; Our Saviour, San Gabriel; Christ Church, Sausalito; Good Shepherd Mission, West Berkeley; and St. John's Mission, Wilmington,—have been represented for years in this Convention, while there seems to be no record of their formal admission into union with the Convention, Therefore be it

Resolved, That those Parishes and Missions before named be admitted into union with the Convention.

The resolution was adopted.

The Rev. D. O. Kelley offered the following resolution, which was adopted:

Mr. A. H. Phelps' Resolution. Appointment of Committees.

Resolved, That the hour for the adjournment of this Convention, sine die, be and is hereby fixed at twelve o'clock noon, Friday, May 1st.

The Rev. H. D. Lathrop moved that Revs. W. P. Case, Hobart Chetwood, W. H. Dyer, W. H. Hill, L. Y. Jessup, and C. F. Loop be admitted to membership in the Convention, with all rights and privileges thereto belonging; and that all clergymen present not canonically connected with this Diocese be invited to occupy seats and to be present at our deliberations. The motion prevailed, and under this resolution the Rev. W. E. Potwine, of the Diocese of Oregon, and the Rev. Edmund T. Perkins. D.D., of the Diocese of Kentucky, were present. Mr. A. H. Phelps-offered the following resolution:

WHEREAS: The steadily increasing importance and amount of the several Funds of the Diocese, and the additional work in the administration of the same, require for their careful and safe management a radical change in the manner of conducting the financial business of the Diocese, and

WHEREAS: The plan now followed of having several separate Treasurers is troublesome and annoying, and has outlived its day of usefulness; and the necessity is apparent that a better method of handling the financial affairs of the Church than the present one should obtain;

THEREFORE, be it

Resolved, That this Convention recognizes the necessity for a consolidation of the financial business of the Diocese under one responsible Treasurer, under the control of the Diocesan Corporation, and the supervision of the Auditing Committee of the Convention.

Resolved, That a Committee of five laymen be appointed by the Assistant Bishop, to report to this Convention a plan and the necessary amendments to the Constitution and Canons to accomplish the same.

Resolved, That the report of this Committee be made the order of the day, for ten o'clock, Thursday morning.

The Resolution was adopted, and Messrs. A. H. Phelps, G. W. Gibbs, W. A. M. Van Bokkelen, John Wigmore, and Daniel Cleveland were appointed the Committee.

The President announced the appointment of the following Standing Committees of the Convention:

Ţ

The motion was carried.

The Rev. R. C. Foute, from the Committee on Canons, presented the following

Report.

The Committee on Canons submit the following report:

They have received and examined the report of the special committee appointed by the last Convention, which has their approval, and they would recommend its adoption.

On a careful examination of the Canons, your Committee would recommend the following changes:

Canon IV, Title II, Section t, strike out "and residents of the parish." Also, the words "provided," to the end.

Canon VI, Section 7, Title 1, strike out "whose duties * * to succeeding Convention."

Canon VI, Section 7, change 3 to 4 clergymen.

The report was adopted.

Mr. C. V. S. Gibbs gave notice of the following Amendment:

Strike out Canon IV, Section I, Title II, and substitute therefor the old Canon, viz., Canon III, Section I.

The Rev. Dr. Trew gave notice of the following:

That Section I of Canon II, of Title III, be amended by inserting the word "Orange" after the word Los Angeles.

Mr. C. V. S. Gibbs proposed the following:

Amendment to Canon II, Section 3, Title IV, Page 29, substituting the words "July, October, January and April" for August, November, February and May; also in Section 4 to substitute the words "August, November, February and May," for July, October and January.

Amendments to the Canons.

The Rev. T. W. Haskins moved:

That Article IV, of the By-Laws of "The Protestant Episcopal Church of the Diocese of California" be amended, by striking out the word "Convention," and substituting therefor the words "Bishop and Standing Committee of the Diocese."

The motion was carried.

The Rev. D. O. Kelley gave notice of the following amendment:

Title II, Canon I, Sections 2 and 3. To provide for the appointment of the officers of a Mission upon its first organization by the Bishop, instead of their election.

The Rev. Dr. Spalding gave notice that he should move to

Amend Canon III, Section 3, Title III, by inserting after the word "writing," fifth line, "And he shall call a meeting within forty-eight hours previous to the meeting of the Annual Convention, for the purpose of final action upon the Annual Report of the Committee to the Convention."

The Rev. T. W. Haskins presented the following:

Substitute for Section 1, Canon VI, Title II, Page 21, Diocesan Canons:

"Within three days after the Annual Parish Meeting, Easter Tuesday, each Parish or Mission shall forward to the Bishop of the Diocese, or if there be no Bishop to the ecclesiastical authority thereof, a copy of the Annual Report made at the Easter Meeting, duly certified to by the Rector, the Senior Warden, and the Treasurer thereof, together with a list of the names and postoffice addresses of all communicants of the same, segregated by families or individuals."

Section 2 of same Canon amended by omitting the word "substantially."

Resolved, That the Committee on Canons be requested to report what, if any, changes should be made in the items enumerated in the parochial report of Section 2 Canon VI, Title II, in the interest of accuracy, to exhibit the actual state of the Church.

These amendments were respectively referred to the Committee on Canons.

The applications of Parishes and Missions for union with the Convention were received and given to the Committee.

The Rev. A. T. Perkins, Secretary, read the

Report of the Standing Committee.

Report

OF THE STANDING COMMITTEE.

Los Angeles, April 29th, 1891.

The Standing Committee of the Diocese of California respectfully reports to the Forty-first Annual Convention of said Diocese its official acts during the Convention year ending April 29th, 1891.

On May 16th, 1890, the Committee organized by the election of the Rev. R. C. Foute as President, and the Rev. Hobart Chetwood as Secretary. Before adjournment of the meeting on this day, the Rev. Hobart Chetwood announced that as he had resigned the rectorship of St. Paul's Church, Oakland, he desired to resign his position as Secretary, and as a member of the Standing Committee.

His resignation being accepted, the Rev. Alfred T. Perkins, of Christ Church, Alameda, was elected a member of the Standing Committee, and at the meeting of May 24th he was also elected Secretary, to fill the vacancy.

At the meeting held July 11th, 1890, the Right Rev. Wm. F. Nichols, D.D., Assistant Bishop of the Diocese, met with us, and it is with great satisfaction that since that time we record each and every assemblage of your committee as having been cheered by his presence,—guided and comforted by his counsel and advice.

February 12th, 1891.

December 31st, 1890.—Consent was withheld to the consecration of the Rev. John Wright Chapinan, Bishop-elect to Alaska.

January 6th, 1891.—The Rev. J. S. Reed presented a petition for the establishment of new boundary lines for Trinity Parish.

After careful consideration, on March 3rd, 1891, the following action was taken: Resolved, That the Standing Committee of the Diocese of California feel unable to give their consent to the change of Parish limits requested by Trinity Church.

Resolved, That they are prepared to consider a proposition for the change of boundaries of Trinity Parish to points within the area, viz:

Commencing at the intersection of Pine and Powell Streets, thence along the center of Powell Street to Ellis Street, thence along the center of Ellis Street to Gough Street, thence along the center of Gough Street to Sutter Street, thence along the center of Sutter Street to Larkin Street, thence along the center of Larkin Street to Pine Street, thence along the center of Pine Street to the beginning.

We cannot close our report without reference to the recent death of the Rev. Hiram W. Beers, D.D., who for many years was the President of the Standing Committee of this Diocese.

Our records bear a test imonial of his worth and ability.

With this report we submit the financial condition of the Eastman Educational Fund, viz:

And the motion prevailed.

The Constitution, as amended and approved by the last Convention, was then taken up, and the Rev. Dr. Spalding moved that the Constitution be made the Order of the Day, Thursday morning, the first thing after reading and approving the minutes.

The motion was carried.

The Rev. T. W. Haskins offered the following resolution:

8 o'clock, p. m.

The Convention met as a Missionary Council.

Evening Prayer was said by the Rev. A. G. L. Trew, D.D., Dean of the Southern Convocation.

The Rev. J. A. Emery, Secretary, read the

Report of the Board of Missions.

Report

OF THE BOARD OF MISSIONS.

The Board of Missions elected last year respectfully submit to the Convention the following report:

At the first meeting held on the 13th of May, 1890, it organized, electing the Rev. John A. Emery as Secretary, and Mr. W. A. M. Van Bokkelen as Treasurer. Mr J. G. Clark having resigned, Mr. J. B. Curtis was elected to take his place. During the year twelve regular and one special meetings have been held, and at no time has the Board adjourned for lack of a quorum.

The largest number of missionaries actively engaged at one time during the past year was twenty-three; at present there are twenty. Services have been held at seventy-four different points, an increase of more than fifty per cent over any previous year.

The past has been a remarkable year in many different ways, in results of different kinds. The Missionary reports from the different stations show that they embrace 946 families, containing 3,898 individuals, and 1,396 communicants. There have been 270 baptized, of which 66 were adults, and 204 infants or children; 170 have been confirmed, and there are 44 candidates waiting confirmation. 37 marriages and 76 burials are reported; while the Sunday schools number 135 teachers, and 1,044 scholars. 2,650 public services have been held during the year, and the Holy Communion has been celebrated 601 times.

Special attention is directed both to the unusual number of baptisms and confirmations, and to the very large number of services held, as proof of the faithful and untiring efforts of those who have charge in the mission field of the Diocese. With hardly an exception it may be said that the missionaries have looked beyond the stations to which they were originally assigned, and have gone abroad in every direction looking for those to whom they could carry the glad tidings of the gospel of peace.

Since the meeting of the last Convention, the Missions at Hanford, Bakersfield. and Pomona have become parishes. The missionaries at the two former points had each labored faithfully for eight years, even from the days of small beginnings, and the vestry of each honored themselves, as well as their pastors, by electing them to the rectorships of the new parishes.

Within this year churches have been erected at Oceanside, Fallbrook and Ontario. Parsonages and new buildings are contemplated at Bakersfield, Hanford, Santa Clara and Pacific Grove. Building sites have been secured at Coronado, Fallbrook, Del Mar, El Toro, Fowler, Sanger, Fresno Flats, North Oakland, and in Paso Robles; and during the coming year the building of two churches and three Guild Halls, that can be used for chapels, is contemplated, while very important additions and improvements to church property have been made at several points, notably at Selma and Tulare, at Haywards and Kings City.

The Board would call the attention of the Convention to the remarkable financial showing made by the Missions for the fiscal year just closed. The receipts have been as follows:

Report of the Board of Missions.

From pledges and offerings\$ • From donations to the Missions	
To which add	7,933 77
10 which add	
Offerings to the Board from Parishes and Missions\$	5,398 73
Offerings at Services held by the Diocesan Missionary	349 50
And we have the sum of\$3	3,682 00

as the total amount given in and for Missions in the Diocese, exclusive of the appropriations from the General Board, or \$11,882.77 more than reported in 1888, when the donations to missions were nearly \$21,000.

Among the items of expenditure we find \$7,212.13 paid in pledges to the Board; \$857.34 to the various funds of the Diocese, and \$11,544.91 for additions to Church property, payment of debts, etc.

Not the least gratifying items to be noted in the financial report of the Missions is the large addition to church property, and the marked reductions of debts. Some of these last have been wiped out entirely, like the one that rested so long upon the parsonage at Modesto, and that on the church at Redlands, while many others have been brought down to so low a figure that it is reasonable to hope that they may be paid this year.

Thirteen new Missions have been organized, viz: at Lorin, Madera, San Leandro, North Oakland, Fowler, Rosedale, Paso Robles, Carpenteria, Monrovia, Duarte, Covina and San Jacinto; and the old Missions at Redwood City and Belmont are awakening to new life under the charge of the present missionary.

While there is much in the year's record to be thankful for, there is also much that is a subject for deep regret, but especially that there should be so many points that can have only occasional services. At this present time the Missions of Jolon, Kings City and Gilroy, Sonora, Modesto and Oakdale, Visalia, San Miguel, Paso Robles and San Luis Obispo, San Pedro and Wilmington, and Ontario, are all vacant. New and important work is constantly demanding attention and claiming help, and unless the offerings for Missions should be very largely increased during the coming year, there must be at all times a number of points without pastoral supervision other than can be given by the Diocesan Missionary.

The Board would call attention to the work done by the Missionary in Ventura County, and to the able manner in which, with his assistant, he has reached so many points in his large field, and ministered to so large a number; and ask for special offerings from all parts of the Diocese toward the reduction of the great debt of over four thousand dollars which he found resting on the church property when he took charge, and which has hampered his efforts in so many ways. If every parish in each Convocation would devote an evening offering twice a year, and make a special effort each time, the debt might be removed before the next Convention meets.

The annual report of the City Missionary will be published in full in the Pacific

Churchman. Each year shows more and more the importance of this work. In the great cities of the East this is made a special department,—with its own Missionary house and staff of clergy, its own Board, and its own income. There is work enough in San Francisco to demand these newer methods; the question is where to obtain the means. Our Missionary is doing all that he can with his limited resources, and he has had valuable help from the St. Andrew's Brotherhood.

The Board would place upon record in this report a tribute to one who during the past year has been elected rector of a parish which is the outgrowth of a Mission planted by him seventeen years ago. At the time of his election the Rev. J. S. McGowan was the oldest missionary in years of continuous service in the Diocese. Always on the frontier, doing pioneer work in hard places, he has built five churches in different points in the Salinas Valley, and opened opportunities for his successors that promise to be of great importance in the near future.

The Board would ask the Convention to define the meaning of the Canon which calls for four quarterly offerings, and adds to these the offering made at an Episcopal visitation to administer Confirmation. A number of parishes have held that the giving of this latter releases them from the offering for the quarter in which it takes place; and by their action the treasury of the Board has suffered materially. Also to define what is meant by the quarterly offering: whether it be the full offering at the morning service, or such part of the same as the Rector and vestry may see fit to send.

As trustees of the Disabled Clergy Fund, we report that the amount invested has increased during the past year by the sum of \$1,690.72, and that the efforts made by the Woman's Auxiliary this spring resulted in an Ash Wednesday offering of \$1,077.16 for the Widows' and Orphans' Fund. It hardly seems necessary to urge upon every parish and mission in the Diocese the sacred duty of observing these two collections, and of striving to increase the capital of these funds. Each year will see an increasing number who will have a claim upon the Church, and who may be saved from want by the stipends that can be granted them, not as a charity, but as a right. The amounts of each now invested are \$13,692.94 and \$6,175.81, respectively.

All of which is respectfully submitted.

By order of the Board of Missions at a regular session held in the Diocesan House, San Francisco, on April 23d, 1891.

JOHN A. EMERY, Secretary.

The Rev. J. D. H. Browne moved the following resolution, which was adopted.

Resolved, that the portion of the report of the Secretary of the Board of Missions asking for an interpretation of the Canon in reference to Missionary Collections be referred to the business session of the Convention.

WM. A. M. VAN BOKKELEN, Chairman.

SAN FRANCISCO, April 21st, 1891.

Rev. J. A. Emery's Report as Diocesan Missionary.

We, the undersigned, a committee apppointed at the last Convention to audit the accounts of the Treasurer of the Funds of the Diocese, respectfully report that we have carefully examined the accounts of W. A. M. Van Bokkelen, Treasurer of the Missionary Fund, the Disabled Clergy Fund, and the Fund for the Widows and Orphans, together with the warrants drawn on him, and receipts for the sums paid out by him, and find the same correct.

We further report that we have examined the securities in which the moneys of these Funds are invested, and find all as reported by him to the Convention.

C. V. S. GIBBS, Wm. L. CHALMERS.

The Rev. H. D. Lathrop moved

That this Convention say to the Treasurer of the Diocesan Board of Missions, "Well done, good and faithful servant." The motion was unanimously carried.

The Rev. J. A. Emery presented his

Report

AS DIOCESAN MISSIONARY.

To the Right Reverend WILLIAM F. NICHOLS, D.D., Assistant Bishop of California.

Reverend Father in God:

My report as Diocesan Missionary covers a period of eight months,—from my resignation of the Rectorship of St. Andrew's Parish, at your request, on September 1st, 1890, to the present date. It includes: 1st, a record of official acts performed and of work done; 2d, a review of the portions of the Mission fields actually visited; and, 3rd, a statement of what seem to be the pressing needs for the near future, with suggestions of ways and means by which the work of the Diocesan Missionary might be materially assisted, and the Missionary interests advanced.

OFFICIAL ACTS AND WORK DONE.

During these eight months I have held or taken part in 125 services, delivered 110 sermons or addresses, and celebrated the Holy Communion 28 times. I have baptized 7 adults and 23 children, a total of 30; and prepared and presented 23 candidates for confirmation.

At your request I have met with the Vestry of one vacant Parish, and with the officers of seven vacant Missions; have visited ten Parishes, thirty-two Missions, and held services at five points where we have no organization; and in doing this, have travelled over 5,600 miles. The expense account of these various journeys stands as follows:

From the Missions that were vacant, but that are now filled, pledges have been received, and are now being paid into the treasury of the Board, at the rate of \$900 per annum; and from others amounting to \$2,380, that will be paid when missionaries are appointed.

The deeds to building sites at Fresno Flats and Paso Robles have been secured to the corporation of the Diocese, the value of the land being \$450. \$600 has been raised for building purposes, and \$550 for the payment of taxes and of debts on Mission property.

REVIEW OF THE FIELD VISITED.

Much of my time has been spent at the various points in the Diocese at which, owing to different circumstances, no services are maintained. At present there are three separate sections that are singularly in need of such occasional supervision, viz: that in the San Joaquin Valley, which includes the counties of Tuolumne, Stanislaus and Merced; that in the Salinas Valley; and the counties of San Luis Obispo and Santa Barbara in the Southern Convocation. Widely separated as these sections are, they have at the present time the common misfortune of being entirely unoccupied by the Church. Each section has an importance of its own, and is likely within the near future to have a largely increased population. We have nearly 200 communicants already, a number of churches and chapels, and we need to have at once three earnest workers who can at least hold what we have, and perhaps add something to the same, until the day comes when we can enter in and possess the land with Associate Missions, who will give to the work the strength that comes from numbers, and the impetus and enthusiasm of young lives newly consecrated to the service of the Master.

NEEDS FOR THE FUTURE.

When we compare the condition of the Diocese to-day with its state ten years ago, we realize not only what the growth has been, but what it is likely to be in the next ten years. So soon as the tunnels are completed between Santa Marguerita and San Luis Obispo, and the railroad extended on to Santa Barbara, the great counties of Monterey, San Luis Obispo, Santa Barbara and Ventura will undergo a change fully as great as that which has transformed the southern counties of the Diocese since 1880 from a stock range to one vast orchard and garden.

When the irrigating systems in Stanislaus and Merced counties are completed, there will be a similar change there. Already we can note a difference in the character of immigrants going into these sections. The Church should be getting ready for the new responsibilities that will soon confront her.

Statement of the Southern Convocation.

She has great problems to meet, and must prepare to meet them on a large scale. It is impossible to occupy every small village or growing town; it is possible, and she must manage, to plant a fortress in each great and growing county, and to send out from these centers those who shall be quick to see the strategic points, and equally quick to seize upon and hold them.

The apparent hardship of withdrawing present help from different points in the same county now aided, can be partially met by the voluntary help extended and services given by the Rectors of Parishes in these counties, and by regular services from the Missionary of the county.

We need at once that our people should realize more clearly the great work that lies waiting for the Church to take up, and their own personal relation to it and responsibility for its execution. We need the earnest prayers, the hearty interest, the liberal gifts of all our members. We need united efforts on the part of all, Clergy and Laity, in the North and in the South; and then, and not until then, may we by God's grace hope to be able to go in and occupy this good land, which the Lord our God hath given us.

The Rev. J. D. H. Browne read the following

Statement

OF THE SOUTHERN CONVOCATION OF THE DIOCESE OF CALIFORNIA.

To the Assistant Bishop, and the Members of the Board of Missions of the Diocese of California.

Right Reverend Father and Brethren:

The Convocation of Southern California, which has just been in session in this city, adopted the following resolution, to wit: "That a committee of three Clerical and two Lay delegates be appointed to prepare a statement of the Missionary needs of the Church within the limits of the Convocation, and present it to the Assistant Bishop and Board of Missions at the present meeting of Convention, urging a grant from the Mission Funds of the Diocese for the support of a General Missionary for Southern California." As the Committee appointed under this resolution, we respectfully submit the following considerations:

- 1. There are in Southern California a very large number of independent settlements and scattered hamlets which far outnumber the ability of the present organized Church work to reach and minister to. In almost all of these places there are to be met with families and individuals who elsewhere have enjoyed the regular services of the Church, and who value her ministrations, and are sorely suffering from the spiritual privation under which they now labor.
- 2. That owing to the fact that the fruit industry of Southern California, upon which depends the prosperity of the country, is relatively yet in its infancy, and that the numerous ranches in most cases are not yet bearing, or are not of sufficient age to bear paying crops, the people are in comparatively straitened circum-

Statement of the Southern Convocation.

stances, and are unable to contribute to the support of the Church with the liberality which they desire to do, and which would secure them the regular ministrations of her Clergy. And that as regards the few organized Missions, many are, and have been for a long time, vacant, owing to the inability of the people to contribute to the full support of a clergyman, and the Board of Missions not feeling able to make grants large enough to supplement the local pledges, so as to secure men for the purpose.

- 3. Owing to these considerations, the weighty fact stares the lover of souls and the Church in the face, that a very large number of Church people are either being gradually absorbed by the religious bodies which surround them, or are falling into a condition of practical heathenism, attending no religious services, and losing all interest in the cause of Christ and their own souls.
- 4. Your Committee, speaking with a full knowledge of the facts, are obliged to admit that the Church's losses to a great extent exceed her gains in Southern California, owing to the people of these numerous places being left unsought out and uncared for; and that if some way is not speedily discovered to overcome the present want of effort in the direction of reaching this class, this leakage will prove not simply a tremendous offset to the Church's growth and success elewhere in the South, but also a constant menace to the well being of the whole body, by incurring GoD's judgments upon us for serious and criminal neglect in the loss of immortal souls for whom Christ died.

Your Committee therefore respectfully suggest and urge that, as a definite and immediate plan of action to ward off threatening dangers, and make some sort of provision for immediate necessities, that the Board of Missions appoint, and fully meet the expense of supporting, a Traveling Missionary for the Convocation of Southern California, for one year, so as to practically test the question whether a sufficient sum in collections and subscriptions can be secured from the people themselves to continue the office and the work permanently, without any, or but little, further expense to the Board of Missions.

All of which is respectfully submitted.

Much other printed matter has been received, bearing upon the Church at large, of Dioceses, Clergy, Parishes, etc.

Many of the above Journals have been obtained by corresponding with Registrars of other Dioceses.

There is no complete set of our own Journals of Convention in this department, as those of '56 and '59 are wanting, as also from 1850 to '53, for any numbers of which ONE DOLLAR A COPY WILL BE PAID. It is desirable that Bishop Nichols should have, in full, the past history of the field over the which he has been called to preside and govern.

As these records are now to be removed to San Francisco, in care of other hands, the present incumbent would state:

private, pet amusement in Church history. From that date it has gradually increased, till now California falls heir to nearly as complete an historical collection of its kind as may be found in any other Diocese of this country. In time it may be made entirely complete, provided that continuous efforts shall be made to supply wanted documents, and that no Journal, or any other printed or written matter, be allowed to pass from under the hand of the Registrar. He, as custodian and PRESERVER of Church records, should always be ready and willing to furnish attested extracts, or to allow others to copy any desired information.

These records are at present in the Vestry Room of St. John's Parish, Oakland, alphabetically arranged up in 164 running feet of shelving. To provide for their future accommodation, and in view of their annual increase, at least 200 feet of shelving will be required, as also a closet for letters, testimonials, etc., of the Standing Committee and other committees.

Fare thee well, Old Pets! In parting, we drop a tear; And pray that other hands may be As lovingly careful of thee

It was ordered that the Report be published in the Journal.

The Rev. W. H. Hill moved

That the Secretary telegraph to the Convention of the Diocese of Massachusetts fraternal greetings, and express the hope that Massachusetts may be guided to as wise a choice of Bishop as has come to California.

After the adjournment of the Convention, the following letter was received by the Secretary:

DIOCESE OF MASSACHUSETTS,

OFFICE OF THE SECRETARY OF THE CONVENTION,
St. Andrew's House, 38 Chambers Street,

BOSTON, May 22, 1891.

Reverend and Dear Brother:

The telegram of the Diocese of California, in Convention assembled, to the Convention of the Diocese of Massachusetts, sending fraternal greetings, and expressing the hope that the Convention of this Diocese may be guided to as wise a choice as had come to the Diocese of California, was not received until after the final adjournment of this Diocese, and, consequently, no reply could be made by that body to the very gratifying token of brotherly remembrance and interest.

Permit me, however, as the Recording Officer of that body, to acknowledge the receipt of the fraternal message, and to inform you that the choice of a Bishop for this Diocese was made on the first ballot, and that the spirit manifested by the members of the Convention in all the proceedings connected with the Episcopal

election was such as to promise peace, growth, and prosperity to the Diocese in its work for the glory of God and the salvation of men.

Wishing you every blessing,

I am, very sincerely,

Your friend and brother,

WILLIAM HENRY BROOKS.

Secretary of the Convention of the Diocese of Massachusetts.

The Rev. HENRY D. LATHROP, D.D.,

Secretary of the Convention of the Diocese of California.

Mr. G. W. Gibbs moved

That a committee be appointed to send a message of greeting to Bishop Kip.

The motion prevailed, and the Rev. A. G. L. Trew, D.D., and Messrs. G. W. Gibbs and A. W. Hale were chosen the Committee.

The Committee subsequently reported that the following message had been sent to Bishop Kip: "We send greeting. We are having a pleasant Convention, and are full of energy and hope."

The Rev. R. C. Foute moved

That a committee of three clergymen, with the Rev. Dr. Wakefield as Chairman, be appointed by the Chair, to prepare suitable resolutions in memory of the Rev. H. W. Beers, D.D., so long a member of the Diocese.

The motion prevailed, and the Revs. J. B. Wakefield, D.D., and H. Chetwood, and Mr. C. V. S. Gibbs were appointed the Committee.

Subsequently the Committee presented the following

Report.

Resolved. That, while we bow in humble submission to the Divine Will, we do express our deep sense of the loss sustained by the whole Church, and especially by ourselves of this Diocese, in the death of the Reverend Doctor Hiram W. Beers.

Resolved, That we recognize in the late Doctor Beers, in every best quality, a man of mark in the Church of God. For more than a third of a century he has served as a priest at the altars of the Church. Of great natural wit and good learning, he has adorned the pulpit of the Church as a preacher, and brought strength and confidence to the counsels of the Church in convention, both Diocesan and general, by his thoughtful wisdom and by his keen, incisive power in

Resolutions in Memory of Rev. Dr. Beers.

debate. In Iowa, in Wisconsin, in Illinois, in Albany, and in California, he has always occupied the same prominent and leading position, in both parochial and Diocesan duties, being everywhere regarded, esteemed, and respected by the Bishops, clergy, and laity of the Church.

He has lived and worked in the most important historic period of the American Church. He has mingled with the great men of the Church, of a generation now fast disappearing, and was on familiar terms with most of the leading minds of the American churchmen now living. And he has been identified, more or less, with all the great movements of the Church within his time. The extension of the Missionary Episcopate, the establishment of the See system with the cathedrals, the enrichment of the worship of the Church, and the promotion of a sound ecclesiastical judiciary, were all subjects which had received much of his thought and attention, and which will make this century illustrious through all the coming ages and annals of the American Catholic Church.

Not inconsistently with his great breadth of view, he was a man of singular devotion to duty, and of marked spirituality of life. In parochial life—as pastor and priest over the people of God, as a witness for Christ, and a dispenser of the means of grace vouchsafed by the Divine Spirit—he was always equal to the Church's best standard of service. In domestic and social life, as a husband, father and friend, and as a man among men, while not above infirmities to which we are all prone, yet he "adorned the doctrine of Christ in all things," and was ever on the side of truth, integrity and purity—bringing knowledge to the ignorant, rebuke to the erring and dishonest, wise counsel to the perplexed and doubtful, help to the destitute, consolation to the heartbroken and distressed, and conviction and strength to the strong.

His last few years had been encumbered with failing health and a gradual weakening of his great natural powers, and unwillingly he gave up active work and went into retirement. During this time he suffered much, but all has been borne with dignity and patient gentleness.

"In the communion of the Catholic Church; in the confidence of a certain faith; in the comfort of a reasonable, religious and holy hope; in favor with God, and in perfect charity with men," he has been gathered unto the Fathers. May he rest in the assurance of a joyful resurrection!

JOHN B. WAKEFIELD, Chairman.

The Rev. G. F. Bugbee offered the following resolution:

Resolved, That a Committee of three Clergymen, with the Rev. Mr. Hill as Chairman, be appointed by the Chair, to draft suitable resolutions in memory of the late Elias Birdsall, so long an influential member of this Diocese, and for many years the honored Rector of this parish, of the Revs. F. W. Reed, W. S. Neales and T. W. Brotherton.

The resolution was adopted, and the Revs. W. H. Hill, G. F.

Resolutions in Memory of Revs. Elias Birdsall and W. S. Neales.

Bugbee, E. B. Spalding, L.H.D., J. A. Emery and E. J. Lion were appointed the Committee.

The committee presented the following, relative to the late Rev. Elias Birdsall:

WHEREAS, It has pleased Almighty God, in His wise providence, to call to the rest of Paradise the soul of our deceased brother, the Rev. Elias Birdsall, we desire to give fitting expression to our deep sense of regret at his removal from us, and to our appreciation of his high character and worth, both personally and as a minister of Jesus Christ.

Mr. Birdsall was a graduate of Nashotah, and began his ministry under Bishop Upfold, of Indiana. He has been on the roll of this Diocese since 1864, and during these twenty-six years, as in the former diocese, so in this, he served the Church with painstaking fidelity, honored by those among whom he labored, and drawing to the Church the increased respect of those who were without. Genuine and sincere, with an aversion for everything savoring of unreality or pretense, seeking with single eye the path of high principle, his convictions of duty were at all times unhesitatingly followed, without regard to consequences affecting himself.

As a preacher, he was decidedly clear and cogent, and both direct and persuasive in his reasonings; while his wide reading in theology, as well as the soberness of his judgment, made him a faithful exponent of the doctrines of the Church, as formulated in her Articles and Liturgy.

In the councils of the Diocese he had much weight, and his influence was often the determining factor in the policy to be pursued in the action of the Church.

In his departure from this earthly field of labor, we unhesitatingly record our conviction that the Gospel has lost a faithful and effective preacher, the Diocese a wise and safe counsellor, and the Church at large one of her truest and most loyal defenders.

Also the following, relative to the late Rev. Wm. S. Neales.

WHEREAF, It has pleased Almighty God, our Heavenly Father, to release from earthly service our esteemed brother, Rev. Wm. S. Neales, Rector of St. Paul's Church, San Francisco: Revived, that we bow with resignation to the Divine Will, and bless God that we have known so eminent an example of Christian pureness of life, and holy zeal in pastoral service. We do, therefore, commend his bereaved wife and sorrowing flock to the tender compassion of the Holy Ghost, the Comforter.

Also, the following relative to the Rev. F. W. Reed.

Entered into life, Whit-Sunday, May 25th, A. D. 1890, Frederick Wilcox Reed, Priest of the Diocese of California, and Rector of Christ Church, Sausalito. Born April 17th, A. D. 1859.

Resolutions in Memory of Revs. F. W. Reed and Thomas W. Brotherton, D.D.

A holy man, unspotted from the world; a scholar, rich in knowledge, ripe in wisdom; a pastor, faithful unto death; a preacher, rightly dividing the word of truth; having won of many sincere affection, and of all a good report, he rests from his labors and his works do follow him.

"Forever with the Lord. Amen-so let it be."

Also, the following, relative to the late Rev. Thomas W. Brotherton, D. D.

The Rev. Thomas Woodley Brotherton, some time a Priest of the Diocese of California, but for the last few years of his life connected with the missionary jurisdiction of Northern California, entered into rest at Healdsburg, June the 5th, 1890.

The Rev. Dr. Brotherton was born in Baltimore, Maryland, December 8th, 1828, and was educated for the medical profession.

In 1849 he came to San Francisco in his father's ship.

He first made his home in Georgetown, El Dorado County. Here he practiced medicine, and engaged in mining and edited a newspaper.

In 1860 he entered the ministry of the Church, and began his labors in San Francisco.

Here he built and was the first Rector of St. John's Church, where he remained thirteen years.

He resigned this cure to undertake the founding and care of St. Luke's Hospital.

To perfect his knowledge of this much needed work, he spent an entire year in the East, studying the best methods of hospital building and work.

In 1864 he established the first Church paper in California—the Pacific Churchman.

In 1877 failing health compelled him to resign his position as Superintendent of St. Luke's Hospital, and he made his residence in Healdsburg, where he did such work for the Master as he might until God took him.

Dr. Brotherton married Mary Elizabeth, the youngest daughter of Surveyor General P. D. King. She was indeed a helpmate for him, and survives to mourn the loss of a most loving husband.

As is seen, Dr. Brotherton's ministerial life was practically passed in the Diocese of California. In San Francisco was the Parish of St. John, of which he had the first and most beloved Rector. In San Francisco was St. Luke's Hospital, of which he may well be called the founder.

Here loving souls, to whom he had ministered in Parish life and hospital work, clung to the memories of his devoted labors as the holiest recollections of their lives.

It was fitting, then, that to the Diocese and to the city of his life's work his remains should be brought for a final resting place.

In the old Church of St. John's, where so often he had told of the Master, and administered the Bread of Life, the last rites of the Church were observed.

Here in his old Parish home, amid many of the older Californians who had

known and loved him well, the solemn words were said that consigned his body to the dust. May he rest in peace.

This memorial is inserted in the Journal of the Diocese of California by the unanimous vote of the Convention held in Los Angeles, May, 1891.

Rev. D. O. Kelley from the Committee on the Incorporation of Parishes and Missions and their Admission into union with the Convention, reported that Trinity Mission, Madera, Fresno county; Trinity Mission, Escondido, San Diego county; Grace Mission, Oceanside. San Diego county; St. John's Mission, Fallbrook, San Diego county; St. Luke's Mission, Monrovia, Los Angeles county; St. Matthew's Mission, Lorin, Alameda county; St. John's Parish, Los Angeles, and the Parish of St. Mary the Virgin, San Francisco, had presented satisfactory evidence of being organized in accordance with the Canons of the Diocese, and he recommended that those Parishes and Missions be admitted into union with the Convention. They were, on motion, admitted. Thereupon the names of lay delegates representing those Parishes and Missions were called, and those present answered.

Mr. A. H. Phelps offered the following:

Resolved, That the Assistant Bishop and the Secretary of the Convention be authorized to prepare a form for the admission of new Parishes for union with the Convention.

The resolution was adopted.

The Assistant Bishop then read his address.

Address

OF THE ASSISTANT BISHOP.

My Dear Brethren of the Clergy and Laity:

Upon this Forty-first Annual Convention of the Diocese—the first to assemble in this fair city of the Angels, the first in which it is my high privilege to meet with you—be grace, mercy, and peace from God our Father, and Jesus Christ, our Lord.

From the venerable Bishop of the Diocese I bring you greetings in the Lord.

Address of the Assistant Bishop.

In his inability to be present with vs, he has asked me to be the bearer of this message, and in place of a formal address to express for him his regret, that he cannot attend the Convention, and to report that besides the taking part as he was able in such services of the Church as he could attend, he has performed the following official acts:

Turning from these matters of record, contemplated in the Canon as "tending to throw light on the affairs of the Diocese," there press upon our attention many topics of close interest in the general Church and in this stirring age, as well as in the Diocese itself. The geographical isolation of our Diocese makes it all the more necessary that we should not rest content short of an intelligent, active interest in the wide questions of the Church and of society, like those of practical righteousness between man and man, and of Church unity. The crowding, absorbing claims of the active work in our vast and promising Diocesan missionary field should put us the more on our guard, not to neglect the diligence in the study of the truth, which will enable us to think soberly upon the phases of truth and of error that are most noticeable in our day. But because our field is

so large and so varied, and our Diocese so much thrown upon itself by its isolation, I am constrained, by the very multitude of its concerns and opportunties I have in my heart, to speak to you at this time simply of Diocesan matters. I cannot hope to do more than touch upon them; indeed, I cannot include them all. Even in a California Diocese, I must remember that it is not expected that an Episcopal address will grow by the California scale of growth.

It was through the assiduous care and thought of the Committee of fifty-one, appointed by the last Convention on the motion of Mr. A. H. Phelps, to receive my family and self, on our coming to the Diocese, that we had our first experience of California hospitality. It is proper that I should express here our deep appreciation of all that was done, -and more could not have been done, -and my abiding thankfulness that my Episcopate has had so many happy associations at its beginnings. Not the least of these have been the personal cordiality and kindness of the Right Reverend Chairman of that Committee. Wide as have been the bounds of his Diocese, long as has been the service he has given to it, wider far and far more lengthened is, and will be, the real scope and influence of his Episcopate both in the multiplying editions of the Church teachings from his pen. and the seed scattering from all these years of his public ministrations, and from the potent example of his private life and charactor. To be, by the providence of God, welcomed by such an one, however unworthily, to his side, is an honor which will ever be a fond remembrance; and may we all strive to be to him a comfort and a stay, as his advancing years bring him

"Such calm old age as conscience pure And self-commanding hearts insure."

Since your last meeting, four of the clergy have gone to their rest, and the clergy list of the Diocese loses names that have honored it as men eminently fitted for the work under its conditions here. Those of you who were privileged to know them have lost friends and fellow-workers of whose value and devotedness you could speak better than I. But you will the better understand how much I would have counted on them all, had God extended their active labors on into my Episcopate, for help and co-operation in that Master's work to which their hearts and lives were consecrated. The deep spirituality and scholarly mind of the Rev. Frederick Wilcox Reed; the gentle, chastened character, ever in itself a power, marked in all the other power of his faithful ministry, of the Rev. William Stirling Neales; the sturdy pioneer qualities of the Rev. Elias Birdsall, winning respect and affection as for himself, so for the Church, as he built up this parish and church in which we are assembled, and extended the work elsewhere in the Diocese; and the clear, incisive mind and shaping judgment felt on the floor of this Convention, and of the General Convention, as well as in his parochial and private sphere, of the Rev. Hiram Wadsworth Beers, D.D.-not to mention other traits of them all that will occur to you-how much, how very much, dear brethren, these qualities ever have to do with the real progress of the Church of God; and Mr. Birdsall, Rector Emeritus of the oldest parish of the South, and Dr. Beers, Rector Emeritus of the oldest parish of the North-Mr.

Neales and Mr. Reed both beginning their work in the Diocese in the same year, 1882, as they were both taken in the same year,—all alike, and each in his own way, have, under God, had no small formative influence in the advance of the Church in our borders.

Among the Laity who have died during the year were Mr. H. S. Austin, of the Church of the Advent, San Francisco, and Mr. D. R. Risley, of All Saints' Church, Pasadena. Both were delegates to the last Convention, and with both I feel a personal association, in that Mr. Austin's sad death came just before the Convention committee of which he was a member met me; and Mr. Risley was the one appointed to speak the words of greeting when the committee went to Sacramento to give their welcome. Mr. Austin, in the fidelity of his lengthened tenure of the Wardenship of the Church of the Advent, San Francisco, and Mr. Risley, in his vigorous and fair-minded participation in the discussions of measures of general Church interest, were both honored as Churchmen, as well as true men in their secular callings, and to each could worthily be applied that simple but significant term used by a recent writer of biographical sketches,—"a good layman."

But to you, my brethren, who, whether Clergy or Laity, are now my living fellow-workers and hope in the Lord, my heart prompts me to speak a word of warm appreciation of your welcome, your loyalty, your zeal, your self-denying labor, your enterprise and love for the Church, your high and worthy ideals for its growth and position in our Diocese, and your endeavors to make a conscience of your ways, and to know and live and teach Christ, the power of God and the wisdom of God. These are no idle, fair-sounding words. In speaking them, I do not forget human infirmity, as it works in a new civilization. I am not ignorant of ideals far from realization; I do not forego hopes of accomplishment far beyond the present. But coming to you from a ministry spent entirely in the older eastern centres of the Church, it only serves to show you-many of whom, indeed, have come from those same centres-how much I learned to love my brethren of the Clergy and the Laity there for these things, to say like things to you. Here, as there, worketh that one and the selfsame Spirit. The standards I find here winning their way, whatever be the obstacles, of high-minded honor and of self-forgetful consecration in the ministry, of ability in teaching and preaching the Word, of patient continuance in well-doing, of wide and intelligent interest and judgment in Church affairs and questions, and of that character of mind and of heart that the Church at her best produces, are full of hopeful import

And this leads me to speak of the favoring conditions we have for a genuine missionary enthusiasm in the Diocese. I need only refer you to the report of the Board of Missions, to show you a stimulating record of both gains and opportunities in our Diocesan work. With the large and healthy increase in our contributions, with thirteen new missions organized in the year, and three missions of the Board reaching parochial strength and organization, and relinquishing their appropriations for other points, besides one missionary of a city parish that has become itself a parish, we read the record with gratitude to God, who has continued His blessings to us. And to go about the Diocese, and find the rapid and extensive operations which have undertaken to develop its vast and varied

resources, and everywhere to find little groups of incoming Church people who have brought the devoted love of their Church with them, and then to see those groups growing into communities almost under the eye, to say nothing of opportunities to carry the blessings of the Church to those who have never known them, -all this very stir and atmosphere of the life is congenial to missionary push and prescience. There is need of caution, undoubtedly, and careful study of the promises of growth and permanency at each point. There is no lack of difficulties and perplexities, withal. It would not be fair to leave the impression that there was never a discouragement. But when all allowance for these is made, I believe I may safely appeal, my dear brethren, to each one's knowledge of his own locality, to confirm my conviction that it would be hard to find a missionary field more inviting of the offerings and the labors of faithful and good men full of the Holy Ghost and of power, -men who are willing to endure hardness, -than we have in our own Diocese. And if in my letter to the last Convention I ventured, at a distance, to suggest an ardent missionary spirit as a pervading ruling spirit for the Convention, now that I have been over the Diocese I can say that I cannot see how we can help, as we study, and pray over, and rise to our opportunities, the kindling of a holy missionary enthusiasm that will, under God, carry along with it measures, and means, and men. May we all regard the great op. portunity as a great responsibility before God!

To measures and institutions, familiar and well tried, others have been added during the year. The orphanages, the homes, the hospitals, the schools, and the other institutions under Church auspices in the Diocese, have with scarcely an exception had a large measure of prosperity. It is hoped that St. Hilda's School at Glendale, in the Southern Convocation, will soon receive sufficient patronage to carry it beyond the anxieties which seem to belong to the first years of the establishment of Church schools.

Of large and immediate usefulness to the Diocese has been the Diocesan House, which was formally opened with a service of Benediction, on Monday, August 11, 1890. The building, ready for occupation, was given to the Corporation of the Diocese by one with whose name a gift of that nature is naturally associated,—Mr. George W. Gibbs,—to be used under the direction of the Bishop and Standing Committee of the Diocese, and has already been found invaluable as a place for the Diocesan offices and a center for Diocesan work. I trust your body will place on the Minutes of this session some recognition of the act.

Of much importance to the Missionary work of the Diocese has proved the creation of the office of Diocesan Missionary made possible by the provision of the Board of Missions and the Woman's Auxiliary of the Diocese, and the acceptance of this office by the Rev. John A. Emery. In itself an office forming part of the settled missionary system in many Dioceses, its duties here have been discharged with a faithfulness and efficiency that from the circumstances of the case can be appreciated by none better than by the Assistant Bishop. My acknowledgments are here due the Board and the Woman's Auxiliary—the work of which, I believe, is found helpful wherever its membership spreads—for the furnishing the sum needed, and no part of the Missionary appropriation could do more to furnish occasional services at vacant points, and prospect for future openings for the Church,

and carry the privileges of the Church to its isolated members, than this has done. And in that part of the Assistant Bishop's work which makes him by virtue of his office a Diocesan Missionary, no provision could afford him greater help in the details or greater relief from the anxieties about closed churches or unoccupied fields.

Besides the extensive work of the women of the Diocese, fostered by the Woman's Auxiliary and by local organizations in the parishes and missions, a step has been taken towards availing ourselves of the Canon which provides for Diocesan Deaconesses. Couched in general terms, that Canon allows wide opportunity for local adaptation, and we can only speak of beginnings, recognizing the need of carefulness in each step, and of striving more for what will best fit in with our California conditions, than for following anything like a fashion in the Church. And it has long been in the minds and prayers of many in the Diocese to have some provision for the setting apart of those who would devote their lives wholly to the work of the Church. This has received cordial recognition from the Bishop, who has ever improved the opportunities to carry the movement on from stage to stage. So that, in point of fact, the beginnings of a Deaconess Training Home are only the results of what would appear to be providential guidance leading up to them through years. And when by favoring circumstances, which include offerings and acts of self-denial, it was made possible to open the St. Phœbe's Church Training Home in San Francisco, on Wednesday, the 15th of April, it was with the faith that might write over the cherished aim,

"So long thy power hath led me, sure it still Will lead me on."

The Rev. J. A. Emery is the Warden of the Home, and Mrs. Emery the House Mother; the Rev. Edgar J. Lion is the Dean of the Faculty, and Mrs. A. M. Lawver is in charge of the practical department. It is better to here restrict ourselves to the record of what has been done, without outlining the promises of hopes to be realized; but I venture to bespeak for the Institution your interest and your prayers, and to ask those in the Diocese who feel the Holy Spirit moving them to the work of a Deaconess, to communicate with me or with the Warden for fuller information as to the Institution.

Of opportunities to which I feel we, as a Diocese, ought to give earnest heed, lest at any time we let them slip, I would call attention to the many openings at new points of population where by a little care and forethought land can be secured for the future Church buildings. Much has already been done in this way, but much more can be done, and we would seem to have ready to our hands an agency which could have its scope widely extended in that as well as in other ways provided in its Charter. The Church Extension Society, now that there is an incorporation of the Diocese to hold property, might be enabled everywhere throughout the Diocese to exert an active interest in procuring property, and in fostering weak stations with such pecuniary aid as it could command, in erecting churches, rectories, etc. Though limited by its means, it has already been instrumental in these directions to a considerable degree. Steps have been taken to arrange for its fuller co-working with the Corporation of the Diocese, as

its corporate powers supplement the powers of that on the lines above indicated. It also, for the Diocese, may serve somewhat as the American Church Building Fund serves the general Church. From that General Fund, so worthy the offerings of our people we, as a Diocese, have had many grants, and we should make to it what contributions we can. But when we have reached the reasonable limit of application to that, it will be of great advantage, especially in smaller and more temporary loans, if we can give the Church Extension Society the means to aid struggling parishes and missions in their plans for building. I should be glad if the Convention could further the aims of the Church Extension Society in any way.

By a resolution of the last Convention, the ownership and control of the Diocesan paper, the Pacific Churchman, was, upon my entrance upon the duties of my office, placed in my hands. At the same time, the Church News and Forum, an independent Church paper of the Diocese, was turned over to me, in accordance with a previous understanding. The editors of the two papers were appointed to the editorship of the new paper, and the business manager of the Pacific Churchman was continued in the same relation. The services of these brethren have been given without remuneration, and to the Rev. Messrs. Kelley and Miel, as well as to the business manager, the Rev. Hamilton Lee, recognition is due here for the present prosperity and sound financial condition of the paper. It has become evident, however, that, with its growing circulation and usefulness, no one could be expected to find the time to attend to its interests, unless some special provision were made for it. From my first connection with it, I have felt that its best status, is to have independent editorship, with proper space reserved for Diocesan purposes. I am glad to be able to announce to the Convention that a Joint Stock Company has been formed to carry out this idea, and that in the exercise of my trusteeship I have reserved all needed space for Diocesan use. Further details will be duly stated in the paper itself, when the new arrangement goes into effect.

It would be easy to plead a wish to avoid anything like the reopening, at this time, of a question over which earnest men have had earnest issues, as it would not be unconservative to exempt myself on the score of recent residence, from the mention of the matter of a future division of the Diocese. Indeed, anything that is said must be said with these things well in mind. But not one moment does my office allow me to forget that it would be fatal for us to live merely in this present. The inspiration of a great Church future is what we have every reason to believe seemeth good to the Holy Ghost as well as to us. We are making not only the history of a Diocese, but the prophecy of a province. If you follow the parallels which bound our Diocese on the Pacific across to the Atlantic, they will be found to include practically three Dioceses on that seaboard, which are considerably less in actual extent than our Diocese. Comparison of proportions of communicants to the population, which is far more to edification than grandiose statistics of ecclesiastical square miles, shows that today the Diocese has no mean comparison with results on the Atlantic. All this, with our rapid increment of population and wealth, I venture to submit, is full of food for reflection and for far-seeing Churchmanship, -if I may force the meaning of that word a little, to

give you a term equivalent to statesmanship for the State. Why not have a working ideal for a province before separation into parts, so that here the question of a province may be in rather a different, and it would seem less difficult, shape than in other parts of our Church when it is agitated? To bring Dioceses which have been separate units together into a provincial federation is one thing. To distribute territory on well-considered lines of provincial unity is another thing. To the first belong many of the problems of the congregational theory. It proceeds from the units to the center, and is a mutual consociation. The other follows the analogy of the Church herself, and proceeds from the center to the units. The provincial system in the one instance is very like mere articles of agreement, however good they may be; in the other case it is more like blood relationship. And there will be a time in the future, no doubt, when, if we simply follow examples, we shall have a number of Dioceses here within our present borders trying to group themselves into a province, with no lack of courteous exchanges, but with no great progress. What moves me to say this is the belief that, if we are sufficiently far-seeing and wise, the Holy Ghost will help us to anticipate that time and our subdivisions will be dictated by an instinct which will give birth to Dioceses in the real kinship and sisterhood of a province, avoiding the creation of ecclesiastical law procedures to help one sister adopt another.

In laying before you this ideal, I wish to be understood to carefully guard against anything like prematurely anticipating its practical details; and I do not forget that in carrying them out there must be difficulties to be surmounted. At the same time I believe the difficulties are surmountable, and that the practical steps in due time can be taken. The authority for it would necessarily emanate from the General Convention, and so proceed from the proper center; and Title III, Canon 6, of the Digest provides for it. We have no right to forecast anything for other parts of the Church on this coast, but we can hope at least that other provincial lines will be wisely and satisfactorily adjusted for the Pacific seaboard. At any rate, there is in true and large ideals a power which shapes sentiment and plans and thought and act; and this ideal, it seems to me, will not be found to want in that power, if we take it to our hearts and prayers. Its outcome would be the strengthening of that common purpose now animating the Diocese everywhere, to unify it and assimilate its energies and consolidate it. The healthy sisterhood of Dioceses should come from healthy stock. Then the preparation for separate Dioceses could include preparation for provincial membership. An Episcopal fund, when the time comes to give especial attention to it, could be accumulated, with the provision that contributions to it should be ultimately given to that Diocese in which a designated city should be at the time of separation. A committee of Convention could have the whole matter under careful consideration, in order to work out and suggest details. It would no doubt take time, and I am free to add that, in dealing with the whole question of the best methods of developing administration in our American Episcopate, there seems to be something to be learned from the working of large responsibilities of administration in some of our great business corporations. There the chief office, as the details of the great business increase, is divested of non-essential duties and departments are created, to leave the office free for the main responsibilities of

oversight. Some of our largest cities, in a measure, show this in the Episcopate. Division of duties into sub-departments as well as division of area, tends to better provision of the Episcopate for a given section. But, again, I do not at this time go beyond the suggestion thrown out, though satisfied that within our own borders local administration in missionary and other measures is capable of much further and fuller development than it has now. Details may be safely left to take care of themselves. If first we can, as a single Diocese, so release the Bishop's office by a simple organization into departments, that he may the more fully exercise that office to the upbuilding and compacting of the Diocese, and after Church, on some such lines as those indicated; then, large as is the Diocese, and inadequate as I daily feel for its great and increasing responsibilities, I believe we can patiently await the guidance of the Holy Ghost as to time and methods of His will in this important matter.

Faith in that Holy Spirit, beloved, and fervor in our several stations in the Church, are qualities that have far more to do than we sometimes think with the progress of the Church of God. Money and organization we properly use and undoubtedly need. But we need, even more, faith in the Head of the Church at the right hand of God, who has promised to be with that Church to the end of the world. Anything like the yearning for the splendid organization of the papacy can, if it will, find a scriptural shaping toward the closer accordance with the will and guidance of that Invisible Head whose Vicar on earth is the Holy Ghost. And the trials of His Body, the Church, like the suffering of His Incarnate Body, lead scripturally to the instinct to try to drink the cup in patient trust, rather than to try to summon the legions of angels of overwrought human organization or of earthly policy or power.

And much as we are obliged to depend upon material resource, may we never forget that the gift of God for His Church, in true spiritual progress or in influence, cannot be purchased with money. In a land so suggestive in its physical conditions of the land of promise of old, so full of the nomenclature of holy names, so overspread with the bounties of the God of nature,—in vineyard and orchard and harvest field, in mine and mansion and garden and health,—with blessings so direct from His hand, may our faith in Him offer Him of His own, and may our Israel sanctify the means for our widening work, and render in our generation all praise to the Father, the Son, and the Holy Ghost!

Rev. R. C. Foute offered the following resolution:

Resolved, That on this occasion of hearing the first Convention address of our "well beloved" Assistant Bishop, we desire to give expression to the gladsome delight that fills our hearts, as also to make some manifestation of our sincere and loyal welcome to our Right Reverend Father in God, by singing the Gloria in Excelsis.

The resolution was adopted by a rising vote, and the hymn was sung with enthusiasm.

Resolutions.

The Rev. A. G. L. Trew offered the following:

Resolved, That so much of the Assistant Bishop's address as relates to a future division of the Diocese be referred to a Special Committee of Seven—four clergy and three laymen, in addition to the Bishop, as Chairman—to report thereon at the next Annual Convention.

The resolution was adopted.

The Bishop requested that the Convention name the committee, and on motion of Dr. Trew the following gentlemen were chosen: The Assistant Bishop (Chairman), Revs. A. G. L. Trew, D.D., R. C. Foute, E. B. Spalding, L.H.D., H. B. Restarick, Messrs. G. W. Gibbs, D. Cleveland, and T. P. Stoney.

The Rev. J. D. H. Browne moved

That in accordance with the reference by the Bishop in his address, and the recommendation contained in the report of the Mission Board, this Convention adopts the following:

Resolved, That a Missionary Committee consisting of three clergymen and three laymen, who shall be members of the Southern Convocation, shall be appointed by the Bishop, who shall suggest to the Board of Missions the amount of stipends to be appropriated to new stations that may be organized in that Convocation, and who may take such measures for arousing interest in Missionary enterprises, and for securing increased offerings from the members of that Convocation, as shall receive the sanction of the Assistant Bishop.

The resolution was adopted, and the President appointed the Revs. A. G. L. Trew, D.D., H. B. Restarick, and Geo. F. Bugbee, and Messrs. J. F. Powell, Wm. Pridham, and J. W. Hughes, the committee.

The Rev. J. A. Emery moved

That a Committee of Three be appointed to take into consideration that portion of the Assistant Bishop's address which referred to the gift to the Diocese of the Diocesan House.

The motion prevailed, and the Revs. J. A. Emery, D. O. Kelley and D. Cleveland were appointed the committee.

The committee subsequently reported, and moved the adoption of the following resolution:

Resolved. That the thanks of this Convention are due, and are hereby tendered, to Mr. George W. Gibbs, for his munificent gift to the Bishop of California and his successors in office, of that building now known as the Diocesan House.

JOHN A. EMERY.
D. O. KELLEY.
DANIEL CLEVELAND.

The resolution was unanimously adopted.

The Rev. R. C. Foute, from the Committee on Canons, reported the following amendments, and recommended their adoption. These amendments were on motion adopted.

THE VESTRY.

Title II. Canon IV. Section 1.

At an annual Parish meeting to be held on Tuesday in Easter week of each year, or as soon thereafter as practicable, each Parish of the Diocese shall elect to manage its temporalities a Board of Trustees and Vestrymen, or Directors and Vestrymen, who shall be qualified to vote for Vestrymen in the Parish which elects them, the number of which shall be governed by its articles of incorporation. In all new Parishes the number shall comply with the statute law of corporations of the State.

In every Parish the Vestrymen and Trustees, or Vestrymen and Directors, shall be the same number and the same persons.

THE DIOCESAN FUND.

Page 29, Title IV, Canon II, Section 3.

Each Parish and Mission of the Diocese shall pay to the Treasurer of this Fund one-fourth of its assessment for the Diocesan Fund, on or before the first of July, October, January, and April of each year.

Thereupon the Convention took a recess.

FRIDAY, 2 P. M.

The Convention met, and was called to order by the Assistant Bishop.

The Rev. Geo. F. Bugbee, from the Finance Committee, presented the following

Report of Committee on Church Charities.

Mr. George W. Gibbs offered the following report:

At the Special Convention held Feb. 6, 1890, the committee reported that they deeply regret that, in their judgment, the Diocese will not be able to pay our beloved Bishop any larger salary than \$3,000, but will supplement by an additional provision of \$1,000 a year from individual contributions of a few of the laity.

I have to report that \$1,000 has been raised and paid the Bishop.

GEORGE W. GIBBS, Chairman

The committee appointed by the last Convention, to examine the Civil Code and statute law of the State, and report to this Convention what, if any, further legislation, or amendments to existing legislation, are necessary to secure, protect, and maintain the rights, interest and property of the Protestant Episcopal Church in the Diocese of California, reported progress, and asked further time for the consideration of the subject, which was on motion granted.

The Rev. J. A. Emery moved the following resolution, which was adopted:

Resolved, That the Secretary of this Convention be, and he hereby is, instructed to have the Journal of this Convention printed by the Pacific Churchman press, provided that the same can be done at reasonable rates.

The Committee on Church Charities presented their report:

To the Forty-first Annual Convention of the Diocese of California:

On behalf of your Committee on Church Charities, I beg to submit the following report:

Owing to the failure of its lay members to respond to the call of its Chairman, your committee has been able to hold no meeting during the past conventional year.

During the year an effort was made by your committee to investigate certain rumors current, regarding the management of St. Luke's Hospital. That this effort was fruitless, was owing to the refusal of the managers and directors of this institution to recognize either the authority of your committee or of the Convention which appointed it. Of St. Luke's Hospital, therefore, this committee can say nothing. It gives me pleasure to state that the other charitable institutions of the Diocese, to wit, The Old Ladies' Home, The Bishop Armitage, and The Maria Kip Orphanages, are in a flourishing condition, and under wise management are doing their work faithfully and well. These institutions deserve the liberal support of the churches and people of the Diocese In view of the failure to hold a meeting, and in view of the attitude of the authorities of St. Luke's Hos-

pital towards your committee, I respectfully ask to be discharged from further service as a member of the same. Respectfully submitted,

CHARLES L. MIEL, Chairman.

San Francisco, April 24th, a D. 1891.

The Rev. A. L. Brewer read the report of the Committee on Christian Education:

Your committee have to report, during the Convention year just closed, unwonted prosperity to the Church schools of the Diocese. The recent rapid growth and prosperity of the State, and the development of the fruit industry, have given a great impetus to the growth of educational interests, and this has been further increased by the interest so generally felt in the opening of the "Leland Stanford Ir. University," announced for the near future.

All the schools in and around San Francisco, or the northern part of the Diocese, share this stimulus in a large degree; and those in the southern part, while perhaps not so immediately affected, yet hold their own, and are being built up by that necessary process to all good and permanent institutions of learning—the gradual development and consolidation or crystalization which comes with growing numbers, age and experience.

What is wanted is, the oft-repeated demand of "the hearty and unflagging patronage of these schools by our church people," for while they are awakening to the appreciation of such schools, yet it is still too true that the majority of their patrons are not church people, but largely those of other Christian bodies, or of no religious convictions at all.

There is one suggestion that your committee desires to make, which seems to them an important one, viz: the desirability of a class of schools for both sexes, of a cheaper grade, designed for those unable to pay the higher prices of select schools. To accomplish this, some endowments would eventually be required, no doubt; but a large and desirable class would be thus reached who are now shut out from our schools, and from the Church's more direct and continued influence; and they, being sent to other schools, are often lost to the Church. We fear that this will have to be made the subject of private experiment, and so brought to the Church's attention, before any action will be taken upon it. One other way of accomplishing the same end would be the founding of Scholarships in the schools already existing by private endowment. This, however, we cannot expect at present. But we throw out both these suggestions as tentative, and looking to a desirable end in the near future.

We close with the reports from the different schools which chiefly represent distinctive Church education:

Those for Girls:—Irving Institute, San Francisco, and St. Hilda's Hall, Glendale, report each as follows: Irving Institute reports a larger number of pupils than ever before, and a high degree of prosperity. The property occupied by the school is now secured to it by long lease, with right of purchase, that gives it a permanent value as a church school, in a location exceedingly desirable for ed-

ucational purposes. There have been in attendance during the year 133 pupils, 56 of whom have been boarders, and 16 of whom are to be graduated in May next. The corps of teachers numbers 19. St. Hilda's School, Glendale:—The present year has been one of gratifying progress in many respects. While the increase in the number of pupils has not been what was hoped for, the tone of the school has been admirable, and it has achieved a reputation for thorough work and high character, which must have a very favorable effect on its future. The atmosphere of the Church surrounds the pupils, and the habit of reverence and devoutness is fostered by daily prayers and careful instruction in the Holy Scriptures. The school is believed to furnish advantages for thorough, Christian education not surpassed by any similar institution in the country. The health of the pupils has been remarkable.

During the Convention year we are glad to say that a new enterprise has been begun by Rev. Mr. Breck, at Ventura, in a school for education and home-training for young girls. This school is under the charge of this clergyman and his wife, and is begun in his own house.

The Schools for Boys:—St. Matthew's Hall, San Mateo, and Trinity School, San Francisco, also report. St. Matthew's Hall, San Mateo, reports a very sucful and satisfactory year, with an increase in the number in attendance (about 120—nearly all boarders), and an excellent spirit in discipline and morals pervading the school.

Six pupils will go forth at the close of the year in May,—graduates and post-graduates,—one to the University, one to the study of Law, and one other, it is hoped, to the study of a profession. Twelve members of the school were confirmed during this current session. Trinity School, San Francisco, graduates seven students the present year; three enter the University. Seventy students have been in attendance; of these twenty-seven are boarders, and eight have been confirmed. The school is in a healthy and prosperous condition.

The Committee on the State of the Church presented the following

Report.

Your committee, to whom was referred the following resolution, viz: "That the Committee on the State of the Church report to this Convention what, if any, action can be taken by the Convention to enable the Bishop to send an official monthly publication to every member of the Church within the Diocese"—beg leave respectfully to report that, in their judgment, the object contemplated is very desirable, and if carried out would be productive of much good. There are many families and individuals belonging to the Church who have left home and old associations of every kind in other and older communities, and have come to

Report of Committee on State of the Church.

this State; and in seeking new homes and employments, they are scattered and isolated in settlements where there is no church, and where nearly all their neighbors are persons whose faith or unfaith is either indifferent or antagonistic to the Church's holy living and belief. Both as members of the Church, and in their individual and personal religious life, they are thus exposed to peculiar dangers. No longer buttressed by the strength of old associations in Church and Home, they are at the same time in the stress of a new set of surroundings, whose influence must tend towards lower levels of belief and practice. Often, in just such a case, all that is needed to avert falling away is the establishment of some thread of connection with the Church's life, that will serve to bind the memory of the past with the present, and will keep alive in the distant member the sense of the Church's communion with him. To persons so situated, the regular coming of a paper bearing on Church life, and telling what the Church is doing around them, even though not in their particular locality, would be an evidence for the Church, and a voice of the Church, that would reawaken convictions of duty, and call them back to their old allegiance.

This is but one illustration of many ways in which a good purpose would be served by what is proposed.

Your committee has next to inquire into its practicability. On this point, after consultation with the Bishop, we are able to report favorably. It is understood that such an arrangement has been, or can be, made with the corporation formed for the publication of the *Pacific Churchman*, as will enable the Bishop to do what is proposed at very little, if any, additional expense.

If the rectors and missionaries throughout the Diocese will make note of the names and addresses of isolated churchmen and churchwomen of whom they may hear from time to time, and will send them in, the mailing list can be easily made up. In the Pacific Churchman there will always be the Bishop's page, containing such matter as he officially desires to place before the churchmen of the Diocese. Let a sufficient number of additional copies of the Bishop's page be printed, and let them be mailed to all churchmen not subscribers to the Pacific Churchman. As a standing notice, let there be a brief explanation of how and why it is sent, and of the terms of subscription for the whole paper, and the result will probably be a large addition to the subscription for, and the circulation of, the Diocesan paper.

In conclusion, your committee, bearing in mind that the purpose sought is dependent upon the action and consent of the Bishop, would recommend the adoption of the following resolution:

That this report be respectfully presented to the Bishop for his consideration, with a request that he will take such action thereon as in his judgment may seem proper.

Election of the Standing Committee.

Report

OF THE SPECIAL COMMITTEE ON THE CONSTITUTION AND CANONS.

To the Forty-First Annual Convention of the Protestant Episcopal Church of the Diocese of California:

The Special Committee appointed by the Fortieth Annual Convention of this Diocese, to ascertain and report to the next Annual Convention "what is the Constitution and what are the Canons of the Diocese at the time of adjournment" of the Fortieth Annual Convention, respectfully report as follows:

The Committee has carefully examined the Journals of the preceding Annual Conventions, and from them it appears that the provisions of the Constitution annexed to the report* have all been canonically adopted, and together constitute the whole body of constitutional law in force at the time of the adjournment of the Fortieth Annual Convention.

The Committee deems it proper to add, that after the appointment of the Committee a proposed new Constitution was introduced and approved by the Convention, and awaits the final action of the Convention.

The Committee further reports that a new body of canon law was by the same Convention adopted and substituted for all canons then in force in this Diocese; and the Committee annex to this, as part of their report, a copy of said new canons, authenticated by the signatures and certificate of the President and Secretary of the Fortieth Annual Convention, and of the members of this Committee.

Rev. J. A. Emery's Resolution.

The tellers, having retired and canvassed the ballots, in due time returned, and reported that the Revs. R. C. Foute, E. B. Spalding, L.H.D., J. Sanders Reed and A. T. Perkins, and Messrs. R. W. Kirkham, G. W. Gibbs, A. N. Drown and G. H. Mendell, had received a majority of the votes cast for members of the Standing Committee of the Diocese, and those gentlemen were declared duly elected.

The tellers reported that the ballot for members of the Board of Missions had resulted in the election of the Revs. E. J. Lion, J. A. Emery, F. J. Mynard and R. Ritchie, and Messrs. A. H. Phelps, W. A. M. Van Bokkelen, E. B. Perrin and C. V. S. Gibbs, and those gentlemen were declared duly elected.

The Rev. R. C. Foute moved

That the sum of \$200 be appropriated to the Secretary for services during the past year.

The Rev. H. D. Lathrop moved

That \$200 be appropriated to the Treasurer for services during the past year.

The Rev. J. A. Emery offered the following, which was on motion referred to the Committee on Finance:

Resolved, That the Committee on Canons be charged with the duty of printing and publishing an authorized edition of 1000 copies of the Constitution and Canons of this Diocese, in the form in which this Convention shall have adopted the same; and to make such arrangements for the printing as in their judgment shall be for the best interests of the Diocese, either by private contract, or by paying for the same from the Convention Fund; and that the members of this Convention shall be provided with copies of the same.

The resolutions were respectively referred to the Finance Committee.

Subsequently the Finance Committee presented the following

Report.

To the Forty-first Convention of the Diocese of California:

Your Committee on Finance, to whom were referred the several resolutions appropriating or ordering the expenditure of money, would respectfully report that they have carefully considered the whole subject.

Your Committee believes that the assessment already made for the Convention Fund is as large as can be reasonably made, and that to increase it at the present time would prove burdensome to many of the smaller Parishes and Missions.

THEREFORE, your Committee has been compelled to cut down the amounts proposed to be appropriated, and would report the following Resolutions, with the recommendation that they be adopted in the place of those referred to the Committee.

Resolved, That the sum of one hundred dollars be appropriated to the Secretary, and one hundred dollars to the Treasurer of the Convention, for services during the past year.

Resolved, That the Secretary of the Convention print the Constitution, and all the Amendments to the Canons, and all the proposed Amendments to the Constitution adopted or approved at this Convention, as an Appendix to the Journal of the Convention, referring to the same in the body of the Journal by letter or number, to avoid the expense of double printing, and that three hundred copies of said Appendix be printed in pamphlet form without covers, two hundred for distribution, and one hundred for the use of the next Convention.

The Committee also recommend the following appropriations:

To Sexton of St. Paul's, Los Angeles, \$15.00.

The necessary amount to pay bill for printing the new Constitution, for use of this Convention,

GEO. F. BUGBEE, Chairman.

The report was adopted.

The Rev. D. O. Kelley moved to amend Title II, Canon I. Section 2.

In place of the words beginning "upon receiving," and ending with "treasurer," the following:

"The organization of such Mission shall be effected by the appointment by the Bishop of a warden, a clerk and a treasurer."

In Section 3—omit all down to and including the words "officers elect, and also the," and insert in their place these words: "Upon receipt of the Bishop's certificate of the organization of the Mission and the appointment of officers, the Secretary of the Board of Missions shall be notified by the officers of the Mission what."

The amendments were severally adopted.

Election of Registrar.

Also to add the following to the Constitution:

ARTICLE XXI.

The Church in this Diocese shall be incorporated under the laws of the State of California, under the name and title of The Protestant Episcopal Church in the Diocese of California.

The subject was referred to the next Convention.

The Rev. J. A. Emery offered the following resolution, which was adopted.

Resolved, That the sense of this Convention is, that by the words four quarterly offerings, in Paragraph B, Title IV, Canon IV, Section 2, the whole of the offerings on the Sunday mornings specified is meant, except such offerings as may be specially devoted by the donor to some other purpose. Also, that the offering at an Episcopal visitation, in Paragraph S of the same Canon, is an additional offering, and does not take the place of a quarterly offering.

The following communication was read, and the courtesies tendered accepted, with thanks:

Y. M. C. A. BUILDING, 209 BROADWAY, LOS ANGELES, Cal., April 29, 1891.

Report

OF THE DIRECTORS OF "THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF CALIFORNIA."

To the Forty-first Annual Convention:

The Directors of "The Protestant Episcopal Church in the Diocese of California" (a corporation,) present the following report of their acts and proceedings, and of the property acquired, received, disposed of, and held by them during the past year.

The persons who were elected Directors of this Corporation by the last Annual Convention, having been thereafter duly notified of their election, met for the purposes of organization. J. F. Houghton, having found himself to be ineligible to an election as a Director under the By-Laws, tendered his resignation; and the vacancy thereby occasioned was filled by the election of W. E. Dean. The Rt. Rev. W. I. Kipp, D.D., also tendered his resignation as a Director of this Corporation, which was, upon motion, duly accepted, and the vacancy thereby created was filled by the election of Rt. Rev. William F. Nichols, D.D. The Board of Directors thereupon organized by the choice of Rt. Rev. William F. Nichols, as President; A. N. Drown, as Secretary; and W. A. M. Van Bokkelen as Treasurer; and designated the Diocesan House, No. 731 California Street, in the City and County of San Francisco, as its principal place of business.

As has happened thus far in the history of this Corporation, the person elected as Treasurer has not qualified or acted as such during the past year. It still remains evident to the Directors of this Corporation that some provision should be made by which the Treasurer of this Corporation should be, either ex-officio or by appointment, Treasurer of the Diocese, and have the receipt and disbursement of all church moneys. In order to secure the services of a competent and reliable person in this capacity, some provision should be made for adequate compensation for the labor performed.

This Corporation has not hitherto been called upon to receive or disburse any moneys, and its function has been confined to receiving and holding the title to various Church Properties. On the 5th day of January, 1891, however, there was handed to the Secretary of this Corporation, under the impression that he was also the Treasurer thereof, ten One Hundred Dollar seven per cent. Bonds of the Cosmos Club of San Francisco. This sum of One Thousand Dollars came from the Treasurer of the "Rev. F. W. Reed Memorial Fund," and has been

Report of the Church Directors.

placed in the hands of this Corporation as the "Rev. F. W. Reed Memoriai Fund," the interest upon which only is to be used by the Bishop of California, to supply poor divinity students with books. The proper custody of these bonds, and of other moneys or securities which may be in like manner turned over to this Corporation, and the proper disbursement of the income or proceeds thereof, require the appointment of a Treasurer, who shall give adequate bonds.

During the past year this Corporation has received conveyances of the following properties:

First—St. Paul's, Walnut Creek, Contra Costa County. From Henry O'Neil, John Thorn and Alfred P. Harrison, Trustees, a Deed bearing date and executed on the 3d day of May, 1890, and conveying Lot 2, in Block 5, in the town of Walnut Creek, and certain lands contiguous thereto.

Second—COVINA, Los Angeles County. From James F. Houghton, a Deed bearing date and executed on the 23d day of July, 1890, and conveying the southerly 75 feet of Lots 11 and 12, in Block No. 6, of the town of Covina—the same being a parallelogram of one hundred and twenty feet, bounding upon the northerly line of Badillo Avenue, and 75 feet upon the easterly line of Third street, in said town of Covina.

Third—DIOCESAN HOUSE, San Francisco. From George W. Gibbs, a Deed bearing date and executed on the 11th day of August, 1890, and conveying a lot of land situated on the southerly line of California street, in the City and County of San Francisco, distant thereon sixty-eight feet and nine inches (68 ft. 9 in.) easterly from Stockton street, and running thence easterly on California street 34 feet and 4½ inches, by a uniform depth southerly of 100 feet.

Fourth—SAN DIEGO COUNTY. From F. W. Bartlett, a Deed bearing date and executed on the 6th day of October, 1890, and conveying Lot No. 12, in Block No. 44, of West Fallbrook townsite, in San Diego County.

Fifth—OCEANSIDE, San Diego County, California. From Orville S. Hecox and Ella L. B. Hecox, his wife, a Deed bearing date and executed on the 27th day of December, 1890, and conveying fractional Lot No. 9, in Block No. 90, of Horner's Addition of Oceanside, and a part of a tract of land outside the plat of said town of Oceanside and said Horner's Addition, fronting 50 feet on Hill street, and known as Lot 9, in Block 90 of Horner's Addition. Also, from Francis S. Barle and Harriet F. Earle, his wife, a Deed bearing date and executed on said 27th day of December, 1890, and conveying Lots Nos. 1 and 2, in Block No. 70, of Horner's Addition to Oceanside.

Sixth—Paso de Robles, San Luis Obispo County. From Drury W. James, Daniel D. Blackburn and Cecilia Blackburn, his wife, a Deed bearing date and executed on the 7th day of January, 1891, and conveying Lot No. 12, in Block No. 193, in said town of El Paso de Robles. Also, from Cecilia Blackburn, as trustee of her minor children, a Deed bearing date and executed on said 7th day of January, 1891, and conveying the same premises.

Seventh—TOWN OF TULARE, Tulare County. From William Ingraham Kip, Bishop, etc., a Deed bearing date and executed on the 3d day of April, 1891, and conveying Lots Nos. 17 and 18, in Block No. 132, in said town of Tulare.

Report of Diocesan House Committee.

Eighth—SAN FRANCISCO, Cal. From William Ingraham Kip, Bishop, etc., a Deed bearing date and executed on the 3d day of April, 1891, and conveying Lots Nos. 27, 28, 29, 30 and 31, in Block No. 4, of the "Garden Tract Homestead Addition," at South San Francisco, sometimes known as the "Paul Tract."

There have also been procured from the Secretary of State five certified copies of the Articles of Incorporation of this Corporation, one of which was on the 30th day of August, 1890, filed in the office of the County Clerk of Monterey county. The charges of the Secretary of State for these certified copies were thirteen dollars.

To meet the disbursement above mentioned, and also the expense of recording certain Deeds now in the hands of the Secretary, an appropriation of at least fifty dollars should be made. Respectfully submitted.

A. N. Drown, Secretary.

The Committee appointed to have charge of the Diocesan House offered the following report, which was ordered to be published in the Journal:

DIOCESAN HOUSE, 731 California St., San Francisco, April 20, 1891.

To the RIGHT REV. WM. F. NICHOLS, D.D.,

Assistant Bishop of California:

The Executive Committee elected by the clergy at your request to look after the Diocesan House, until such time as the Convention should provide for its maintenance, would respectfully submit to you a report of its transactions.

In August, 1890, Geo. W. Gibbs, Esq., tendered to you the house adjoining Grace Church for the use of the Diocese. When received it had been painted and carpeted throughout.

At the service of Dedication, held on the 11th day of August, 1890, a committee was appointed, who adopted the following *Minute*: In accordance with a Resolution adopted at a meeting of Clergy and Laity—after the service of Benediction of the Diocesan House, held by the Right Rev. William Ford Nichols, D.D., Assistant Bishop of California, on the 11th day of August, 1890, the undersigned Committee, then appointed, have adopted the following

MINUTE.

On behalf, and in the name of the Diocese of California, we hereby desire to make grateful acknowledgment to Geo. W. Gibbs, Esq., for his noble generosity in donating the "Diocesan House" for the use of the Bishop and his successors in office forever, and also to place on record this public testimonial of our sincere gratitude to the donor for his munificent gift, with assurances of our highest appreciation of the same.

R. C. FOUTE,
F. J. MYNARD,
A. N. DROWN,
Committee.

Report of Diocesan House Committee.

The work of the committee has been to provide for the heating, lighting and minor repairs, an account of which is subjoined.

After estimating the expenses, the committee levied an assessment of \$2.50 per month upon each organization or committee regularly occupying the offices, viz: The Pacific Churchman, Board of Missions, Standing Committee, and Clerical Club. The Bishop also insisted on paying toward the expenses. From Sept. 12th to April 20th the receipts and expenses have been:

Mr. Wm. M. Cubery offered the following:

Resolved, That the thanks of the Convention are extended to the Rector, Wardens and Vestry of St. Paul's Church for the use of their beautiful edifice, to the ladies of the various parishes for their bountiful lunches; to the press of the city for their excellent reports of the proceedings; to the Railroad and Steamship Companies for the reduction in fares, and to the citizens generally for their kind hospitalities.

The resolution was adopted.

Adjournment of Convention.

The Rev. T. W. Haskins, for the Churchmen of Southern California, said:

That our hearts are warmed, our energies revived, and faith strengthened by the meeting of the Diocesan Convention in Los Angeles; and we desire to express our appreciation of the action of the Assistant Bishop and the brethren of the other portion of the Diocese for the courtesy extended to us, and we wish them God speed in their journey home.

The minutes of this day's proceedings were read and approved, and after appropriate religious services the Convention of 1891 adjourned without day.

Clerical Reports.

The Bishop of the Diocese has also received reports according to the canon from the following clergymen of the Diocese not having parochial or missionary charge:

THE REV. BROOKS O. BAKER.

I would respectfully report that for the past year I have been in charge of St. Paul's, Port Townsend, Washington. My work has grown very much, and the parish is in a very satisfactory condition.

THE REV. J. H. C. BONTE, D.D.

I have not been able to perform any public church work during the past year. Indeed, I have been wholly disabled for several months, and at one time on the verge of the grave. As all my difficulties have their origin in the throat, I rarely indulge in the hope of permanent restoration to health.

THE REV. ALFRED LEE BREWER.

I would respectfully report, that during the past convention year I have been engaged constantly as rector of St. Matthews Hall, and as chaplain of the "Bishop Armitage Church Orphanage."

I have held services from time to time on Sundays in the chapel of the school, when necessary, and have held services uniformly in the chapel of the orphanage on Sunday afternoons, hearing also a Bible class, and instructing the older boys for Confirmation. Five were confirmed there, and many have been baptized.

In St. Matthews Hall seven of the pupils have received Holy Baptism, and twelve have been confirmed during the year.

I have assisted in services elsewhere from time to time.

My official acts have been reported, by rectors of parishes, where the acts were performed.

THE REV. W. A. BREWER.

I have for the past year been head master and chaplain of St. Matthews Hall.

THE REV. H. J. CAMP

Respectfully reports, that under the arrangements existing in the valley for several years past, I conduct public worship on one half of the Sundays in the year. This I have done during the past year, except on four Sundays, when sickness prevented.

Since the first of September last, I have given two Sundays each month to the Mission in Fall Brook, holding one service each day.

In Fall Brook, at Mr. Jacob's request, I baptised one person by immersion.

In DeLong we have three families connected with our Church, including my own.

The Sunday School is a union school. In this we have nine children; 4 male, 5 female.

Baptized the past year, two adults; I male, I female.

Confirmed, 3. Communicants, 3.

THE REV. HOBART CHETWOOD.

I respectfully report that, since my resignation of St. Paul's Parish, Oakland, May 15, I have officiated as follows: For four months and a half I did duty for the Rector of St. Paul's Church, San Diego, during his absence abroad. For three months, from November I, I had charge of St. George's Church, St. Louis, Missouri; the Rector being absent for rest. After that, for two months, at Bishop Tuttle's request, I held services at Ferguson, Mo. I have also officiated once in the diocese of Maryland.

THE REV. J. G. GASMANN.

I would respectfully report that during the past year I have had no regular charge. I have assisted Dr. Wakefield, of San Jose, from time to time as occasion offered.

THE REV. W. L. GITHENS.

I hereby submit the following report of services during the past nearly eight months, since taking charge of the Old People's Home as Chaplain and Superintendent.

In the Home—Daily Morning Prayer at 8:30 o'clock, and on Sundays at 3 P. M., service and sermon. Also, occasional services of the Holy-Communion.

For two months I acted as provisional rector at St. Paul's Parish, until the arrival of the most excellent rector, the Rev. Mr. Mynard.

At Trinity Church I conducted a number of Lenten Services; and the Sunday after Easter, and since then, have taken charge of a Bible Class, and have a

brief service in St. Alban's Mission. This, until you make other provision for them.

From the Mission I presented for Confirmation a class of 26; the rector of Grace Church kindly loaning his church for that service.

I have baptized 15 children and 6 adults. Have had 9 marriages, and 41 burials; and in addition have held occasional services for the different rectors in the city, and have delivered a number of lectures.

THE REV. H. J. GURR.

In accordance with canon law, please find statement for past year. I have held occasional services in Merced, though not as regularly as I could wish.—but as often as seemed expedient and my health has permitted.

THE REV. W. H. HILL

Respectfully reports, that owing to his failing sight he has been unable to perform full duty during the year. He has officiated at one wedding and one funeral, and assisted at other funerals. He has preached several times in Berkeley, and held the Easter service in Suisun, diocese of Northern California.

THE REV. L. Y. IESSUP.

I respectfully report that since the meeting of the last convention, May 7th, 1890, I have had no regular charge. I have officiated temporarily in Santa Anaduring the absence of the Rev. F. J. Mynard; and also for a time in Riverside, for the Rev. B. R. W. Tayler; and again at Santa Ana from January 25th to March 8th, 1891.

The record of my official acts will be included in the reports of the parishes in the above-named places.

THE REV. A. A. McALISTER.

I respectfully report, that during the past year I have served as Chaplain on the U. S. S. Chicago, flag-ship of the Squadron of Evolution.

The usual services have been Morning Prayer, with a sermon on Sunday, and Even Song, either with or without a lecture, an Sunday and one or two week days.

I have also instructed the apprentices, visited the sick, buried the dead, and performed many other pastoral duties.

THE REV. DAVID McCLURE, Ph.D.

Respectfully reports that during the convention year, 1890-'91, up to September 1st, his official acts were at Santa Barbara, and are found in the parish records of Trinity Church. Since then he has been officiating in such parishes and missions in the Northern Convocation as needed temporary supply.

THE REV. WILLIAM T. MANNING.

From Christmas, 1890, until Easter, 1891, I was in charge of Holy Trinity Church, Melbourne, Florida, at the same time pursuing my studies with the Rev. W. P. DuBose, S. T. D.

I am now continuing my studies and acting as tutor in the Theological Dep't of the University of the South, and am ministering on alternate Sundays to Christ Church, Tracy City, and Trinity Church, Winchester—towns in the vicinity of Sewance, Tenn.

THE REV. ARTHUR L. MITCHELL.

I sen'l herewith my canonical report. During my stay at Nashotah House, I was engaged in holding services in the adjoining Mission Churches. In the summer vacation service, since my ordination to the diaconate, I assisted at various times in the services in the College Chapel on Sundays and week days, and in the above Mission Churches. Since December last to May last, I had temporary charge of St. John's Church, Evansville, Diocese of Milwaukee; and in two Mission Churches—St. Mark's, Juneau, and St. John's, Horicon, both in the same diocese.

THE REV. W. C. MILLS, CITY MISSIONARY.

The work of ministering the Gospel in the great public charitable and reformatory institutions of this city, should press with greater force upon the conscience and heart of our Church people. Thank God, it is becoming better known, thus challenging the hearty interest and co-operation that is full of hope for the future. Bishop Nichols, and some of the city clergy, have warmly espoused it, and opened the way for addresses setting forth the need of lay workers, money, second-hand garments, literature, and a horse and buggy for the missionary's use. He has made addresses in the following parishes, viz: three times in St. Stephen's, once in Grace, once at a meeting of S. Andrew's Brotherhood in Trinity Chapel, and once in St. John's, at a meeting of the Northern Convocation.

Public services, with sermons or addresses, 128; communicants in the almshouse, 25; baptism of adults, 3; confirmed, 4; buried, 1; public celebrations of the Holy Communion, 10; clinical administrations of the same, 63.

The following sums of money have been contributed: Rev. E. J. Lion, 0.20; a communicant of Grace Church, 0.50; Mrs. C. A. Castner, \$1.25; Mr. G. W. G., Grace Church, \$100; Mr. C. P. Silkman, \$3; Rev. A. L. Brewer, \$1.35;

from Oakland, name unknown, Easter, 1891, \$2.50; the "Ministering Children's League," St. Stephen's Parish, \$3, also, from the same, \$3 15 (in P. O. stamps). \$8.30 balance received from last year's cash account, makes a total of \$123.25 cash receipts.

THE REV. HENRY B. MONGES.

I would respectfully report that during the past Conventional year I have assisted occasionally at Grace Church, Martinez, and St. Luke's Church, San Francisco. Any official acts I may have performed are included in the reports of those parishes.

THE REV. P. B. MORGAN, M.D.

I would respectfully report that I have been without a parish for the year past, but have been glad to assist in the services, and have preached for my clerical brethren as opportunity offered. I hope to enter upon regular Sunday work soon.

THE REV. EDWARD PIDSLEY.

I would respectfully report that, having no Cure during the past Conventional year, I have assisted the rector of Trinity Church, San Jose, by reading portions of the Sunday morning services. I have also officiated once at Los Gatos in the rector's absence, have baptized one infant, and attended two funerals in San Jose.

THE REV. R. W. SUMMERS.

I would respectfully report that during the year I have officiated in St. Stephen's, San Luis Obispo, on five Communion days. Have baptized five infants, married eleven couples, and officiated at five funerals.

THE REV. W. C. YOUNG.

I would respectfully report that the work among the Chinese stands as usual. During the past year the average number of attendants at the evening schools has been 20; at the Sunday Schools and Divine Services about the same number. The instruction in English and in the Christian religion is given five nights in a week. A Bible Class is held every Wednesday night; and the Ten Commandments, the Creed, and the Lord's Prayer are repeated every night at the closing of the school. An English lady teacher is employed. The school is not well supported, and receives a small amount of monthly subscription from the outside. To carry on this work I have to pay, so as to meet the monthly expense, thirteen or fourteen dollars out of my own stipend. I earnestly trust in God, that He may send some help to do this work.

ARTICLE XXII.

Alterations and Amendments.

This Constitution may be altered, or amended, or added to, in the following manner: Any proposed alteration, amendment, or addition, which shall have been introduced in writing, setting forth the article as amended, and duly considered and approved at an Annual Convention, shall be referred to the next Annual Convention for final consideration and action; and if then approved and adopted by the Convention, by a majority of both orders, voting separately, and concurred in by the Bishop, it shall become law, and this Constitution shall be held as altered, amended, or added to accordingly; provided, that the proposed alteration, amendment, or addition may be amended before its adoption by a two-thirds vote of the Convention to which it was finally submitted.

JOURNAL.

FIRST DAY.

St. John's Church, San Francisco,

Tuesday, May 17, A. D. 1892.

The forty-second annual Convention of the Protestant Episcopal Church in the Diocese of California, assembled for divine service at half past ten o'clock on the morning of this day, in St. John's Church, San Francisco, in accordance with the appointment of the Assistant Bishop of the Diocese.

The Hely Communion was celebrated by the Rt. Rev. W. F. Nichols, D.D., Assistant Bishop of the Diocese. The Rev. R. C. Foute, Rector of Grace Church, San Francisco, read the Epistle, and the Rt. Rev. J. H. D. Wingfield, D.D., LL.D., Bishop of the Missionary Jurisdiction of Northern California, read the Gospel. The Bishop was assisted in the various offices of the service by the Rev. D. O. Kelley, Dean of the Northern Convocation; the Rev. A. G. L. Trew, D.D., Dean of the Southern Convocation, the Rev. Dr. Spalding, Rector of St. John's Church, San Francisco; and the Rev. Geo. F. Bugbee, Rector of St. Paul's Church, Los Angeles.

The Rev. H. B. Restarick, Rector of St. Paul's Church, San Diego, preached the Convention Sermon, from Deut. x:12; "And now, Israel, what doth the Lord thy God require of thee?"

At the conclusion of the service the Convention assembled, the Assistant Bishop in the chair.

The Secretary of the last Convention called the roll of the names of clergymen entitled to seats, and of the Parishes in union with the Convention.

Twenty of the Clergy being present, and fifteen Parishes being represented by lay delegates, the President declared the Convention duly organized, and prepared to proceed to business.

Election of Secretary.

The Rev Dr. Lathrop moved,

That two laymen be appointed, to constitute with the Secretary, a Committee on Credentials.

The motion prevailed, and Messrs. H. Daggett and Geo. H. Hooke were appointed such Committee.

Thereupon the Convention took a recess for one hour.

TUESDAY, 2.30 P. M.

The Convention reassembled, and was called to order by the President.

The Committee on Credentials reported,

That they have examined the credentials of the lay delegates, and that they find fifty-five Parishes and Missions represented by delegates whose credentials are in proper form.

They also find that quite a number of Parishes delinquent in the payment of their assessments to the funds of the Diocese, have been reported by the Treasurer of the Diocese to the Secretary in accordance with the Canon, and they find that those Parishes and Missions thus reported delinquent, are not entitled to representation in this Convention.

Consideration of the report, so far as it relates to doubtful seats in the Convention, was deferred until brought up in the regular order of business. The names of lay delegates, concerning whose rights there was no question, were then called and those present answered to their names.

The reading the order of business was on motion dispensed with.

The election of a Secretary being in order, the Rev. H. D. Lathrop was nominated. There being no other nominations, the assistant Secretary of the last Convention was authorized to cast the vote of the Convention for the Rev. H. D. Lathrop, which was done and he was declared duly elected. The Secretary appointed Mr. W. M. Cubery his assistant.

The Rev. H. D. Lathrop moved,

That the Rt. Rev. Bishop Wingfield, all clergymen present belonging to this Diocese not members of this Convention, and visiting clergymen from other Dioceses, be admitted to seats and invited to be present during the sessions of this Convention.

The motion was carried by a rising vote and under the reso-

Report of the Registrar.

The Secretary of the Convention then read the

Report

OF THE REGISTRAR.

The Registrar respectfully reports to the Forty-second Annual Convention of the Diocese of California, that during the past year he has received the Journals of such Conventions as the Secretaries have mailed to this office or to the Secretary of the Convention.

Your Registrar would state his views as to the purport of the office he holds: That it is not simply for the preservation of the Journals of this and other Dioceses of these United States of North America, but of any printed or manuscript matter that may come to his hands, officially, bearing upon the history of Parishes, individual Churchmen, or the Church at large in every part of the world. Hence he conceives that whatever matter may come addressed to a person, in his capacity as an officer in any department of the Diocese, should be filed in the Registrar's office for preservation and future reference.

Will the Convention please order, that a complete list of all matter at present in the keeping of this office may be printed, and in such number—say 100—as to supply each Diocese a copy.

We are in need of the Journal of this Diocese for 1856 to complete Bishop Nichols' set. For any of 1850, '51, '52, '56, '59, one dollar a copy will be paid.

BENJ. AKERLY, Registrar.

The Rev. R. C. Foute, presented the following resolution, which was adopted:

WHEREAS, It is said that there exists some doubt and uncertainty as to the exact legal status of the property held by St. Luke's Hospital, San Francisco, and of its relations to the Church in this Diocese.

Resolved, That a Committee of three, consisting of H. E. Highton, W. A. M. Van Bokkelen and Francis Avery, to confer with the Trustees of said hospital and report to this Convention the result of their conference.

The Rev. Dr. Spalding presented the following resolution, which was adopted:

Resolved, That this Convention places on record its most emphatic endorsement of the American Church Building Fund Commission.

Resolved, That this Convention requests the clergy of this Diocese to explain the purposes and press the claims of such Commission upon their different Parishes and Missions, and to solicit aid from such individuals as may be able to assist the Commission to advance the work.

Rev. J. D. H. Browne's Resolution.

The Rev. J. D. H. Browne presented the following resolution, which was adopted:

WHEREAS. The importance of the Sunday-school work of the Church calls for some organized system whereby the various Sunday-schools of the Diocese may be brought into closer relations with each other; and

WHEREAS, An annual convention or conference of Sunday-school teachers would contribute very materially to supply the deficiency referred to, and would afford a recurring opportunity for the interchange of views, and comparison of ways and means, to the mutual benefit of the whole body. Therefore

Resolved, That this Convention favors the election of a standing committee, to be known as the Committee on Sunday-schools, who shall make arrangements for an annual meeting of Church Sunday-school workers, to be called for and held at the time and place of the meeting of the Diocesau Convention, or immediately before or after, or at such other time and place as may be thought best by the Committee after consultation with the Assistant Bishop.

On motion of Rev. Dr. Spalding, the Convention adjourned to come together as a Missionary Mee.ing in the evening.

TUESDAY EVENING, May 17, 1892.

The Missionary Meeting was held at 8:15.

Prayers were said by the Rev. J. H. Waterman, Assistant General Missionary of the Northern Convocation, the Rev. John Gray, Rector of the Church of the Advent, reading the lessons.

The Secretary of the Board, the Rev. John A. Emery, then read his

Annual Report.

The members of the Board of Missions elected at the Forty-first Annual Convention, met immediately after its adjournment and organized by the election of the Rev. John A. Emery as Secretary, Mr. W. A. M. Van Bokkelen, the Treasurer of the Diocese, being Treasurer.

During the past year 12 regular and 3 special meetings have been held, and these have been all well attended.

At the last Convention the Board reported that there were 20 Missionaries in the field. This year we report two Convocational Missionaries doing general work in the Northern and Southern Convocations, re-

Secretary's Report, Board of Missions.

spectively; 21 Missionaries with regular stations, and 2 Rectors of Parishes in charge of Missions of the Board. The number of points at which regular services are held is 64.

The year just closed has been a very remarkable one. The tabulated reports from the Missionaries furnish the following statistics:

Number of communicants, 1483; baptisms, 259 (of which 73 were adults, 186 children and infants); 3184 public services have been held during the year, and Holy Communion has been celebrated 705 times.

The receipts from the Missions themselves have been:

\$13,082.54 more than was raised last year.

From pledges and offerings	\$14,203.07
From gifts and subscriptions	19,228.05
From other sources	5,736.16

\$39,167.28

To which add the amount received by the Treasurer from the quarterly and confirmation offerings, and the sum given for the Southern Convocational Missionary..... \$7,606.22

And we have......\$46,763.50 As the total amount given in and for Missions in the Diocese, or

Among the items of expenditure are \$9265.33 paid in pledges to the Board; \$419.04 to the various funds of the Diocese; \$16,307.11 additions to Church property; and \$2773.20 toward the payment of debts.

During the past year six new Missions have been organized, viz.: At South Riverside, Perris, Menifee, Niles, San Luis Rey and Murietta.

The Mission at Redlands has become a Parish; another is nearly ready to make the change, and others are rapidly reaching the point where they will be self-supporting, as the one at Santa Clara already has.

A church has been built at El Toro, and one at Rosedale, and the funds are well in hand for the one at Trinity Mission, Oakland. A spacious Guild Hall has been erected at Paso Robles, in which services can be held until a church is built; and large and commodious parsonages at Pacific Grove and Santa Clara have been begun and completed during the past year.

ENCOURAGING FEATURES OF THE WORK.

There is a marked difference between the work of our Board and that which falls to the lot of many Boards in older Dioceses. appropriations are generally made to enable services to be continued at points where, in days gone by, there were self-supporting Parishes. but where now the Church is growing weaker year by year. In California, on the contrary, the call for help is almost invariably from places where Church families have moved in from other Dioceses, and

Secretary's Report, Board of Missions.

where our Church people only ask for temporary assistance, confident that in a short time they can make out of each Mission a self-supporting Parish. That this confidence is not misplaced, may be proven by the fact that of the Missions that received aid from the Board only five years ago, no less than twelve are to-day independent Parishes.

If the record of the past twelve years is taken, we can show that of the Missions that have received help in that time, not only have 21 become Parishes, but that some of these have already turned into the funds of the Diocese a much larger amount than they received from the Board of Missions during the entire time that they were being fostered.

We have further the very material advantage, that in every instance where an application for help is made, some of the members of the new Mission are Churchmen who have been connected with strong Parishes in the East, and who are not only well grounded in the faith, but have a high ideal of what they wish the Church to be in the new home that they have chosen in our midst. This is well illustrated by the well-matured plans and the far-seeing policy that is being pursued at the Missions in Pacific Grove and Monterey, and at Paso Robles, as well as at other points that might be named. There is, too, a reserve force in what we can call our older Missions that can hardly be found in any other Diocese in our land, that responds readily to the call of truly-devoted and competent leaders, as is the case of the Missions at Santa Clara and San Luis Obispo, where Churches that three years ago seemed almost dead have sprung into new life and vigor under the able guidance of the clergymen in charge.

THE WORK BEFORE US.

Thankful as we may be for the progress we have made, the Convention, when it meets as the Missionary Committee of the Whole, should try to realize the heavy responsibility that rests upon it for the coming year. This is no time to cry a halt. Here in the city of San Francisco there is a pressing necessity to organize a Board of City Missions, with a superintendent in charge and its special staff of clergy, to carry on work as it is done in the great centers of population elsewhere. It is not only the work in the public institutions that demands our care and attention, but the electric and cable roads are opening up new districts almost every month, where Missions should be planted that in the near future will be strong Parishes. Where the masses of population center, there should we throw our forces. A few thousands expended in our larger cities the next five years would yield abundant returns before the dawn of the twentieth century.

But the cities are not the only points that demand immediate attention. Appropriations are needed at once for the three groups of

Secretary's Report, Board of Missions.

Missions in the San Joaquin Valley that have been cared for this last year by Dean Kelley and the Rev. J. H. Waterman. Each of these groups demands the care and services of a resident Missionary, and unless they receive them the work in that great valley, where the population is rapidly increasing, will receive a serious setback, and the faithful energetic work of the Dean and his assistant be almost thrown away. In the coast line of counties new life and hopes are stirring. The tunnel through the mountain range between Santa Marguerite and San Luis Obispo has been begun, and when that link in the railroad is completed, and the overland travel is diverted, as it will be to that route, the pioneer work of the Rev. W. A. M. Breck and of the Rev. J. R. De Wolfe Cowie and Rev. A. L. Mitchell will begin to bear fruit, and the counties of San Luis Obispo, Santa Barbara and Ventura will each require additional workers

CAN WE MEET THE DEMANDS?

There are always those who are prompt to counsel caution—and the number may be increased this year because of the financial depression that exists. We would not be blind to the signs of the times, and we realize the fact that business is dull in the city and in the State, but we would put on record our convictions that if when the opportunity for extending the church offers itself to the Church and is accepted and entered upon in faith and the work that lies in hand is taken up heartily, that He who is the Head of the Church will provide the means to carry it on. A review of the past decade shows that while there have been certain years when there has been a slight falling off in the receipts, there has been on the whole a steady and healthy increase, and we believe that if the appropriations for the coming year are carefully considered and equitably divided, there need be no decrease in the total amount appropriated, but there might be a slight increase in proportion to the growth that the Church has made in the past twelve months; there need be no doubt of this if all the clergy in the Diocese would carry out both the spirit and the letter of the canon on Missions and do all in their power to secure generous offerings at each of the four quarterly collections, and remit to the Treasurer the whole amount of the offerings and not a part of the same.

As trustees of the Disabled Clergy Fund, we would report that the amount invested has increased during the past year by the sum of \$1,157.58, the capital amounting now to \$14,850.52, yielding an income of \$801.90, and that the Widows and Orphans' Fund now amounts to \$7,752.45, an increase over last year of \$1,576.64, with an income of \$405.78. The Board unanimously endorse an amendment to the canon that refers to this fund, which will be offered to this Convention for consideration and action. Each of these funds should possess a special in-

terest for all members of the Church, and there should be a generous rivalry on the part of every Parish and Mission to see which can contribute most largely to their increase.

By order of the Board of Missions at a regular session held in the Diocesan House, San Francisco, on May 9th, 1892.

JOHN A. EMERY, Secretary.

The Treasurer of the Diocese then read his

Report.

WM. A. M. VAN BOKKELEN, Treasurer.

San Francisco, May 5, 1892.

The Assistant Bishop made an address, in which he spoke of the Missionary work of the Diocese as in all respects hopeful, and especially commended the zeal and faithfulness of the Missionaries. He introduced the Rev. Dr. G. S. Mallory of the Diocese of Connecticut, who spoke of what he had seen in his late journey from the East, of the self denial and stead-fastness of the Missionaries, in carrying on their work in our Western Dioceses, and of the progress which the Church is making through their efforts.

The Rev. J. R. de W. Cowie, General Missionary of the Southern Convocation, made an address, giving some details of his work extending over seven counties of Southern California. Several new Missions had been established with every prospect of permanence, especially South Riverside and Perris, and the work strengthened all along the line.

The meeting closed with the benediction.

Amendments to Constitution.

SECOND DAY.

WEDNESDAY, May 18, 1892.

The Convention assembled at 9:30 for morning service.

Morning prayer and Litany were said by the Rev. W. J. Lemon, Rector of St. John's, Stockton, and the Lessons were read by the Rev. Hobart Chetwood, minister in charge of Trinity Church, San Francisco.

Immediately after service the Convention met and was called to order by the Assistant Bishop.

The Minutes of the proceedings of yesterday, and of the Missionary meeting of last evening were read and, on motion, approved.

The roll of clergy and lay delegates not present yesterday was called, and those present answered to their names.

The subject of amendments to the Constitution and Canons was then taken up.

The Rev. Dr. Spalding moved to amend Article VI, Sec. IV of the Constitution, so that it shall read:

Section 4. The lay members shall consist of delegates, not exceeding five, from each Parish and Mission in union with the Convention. The lay delegates from each Parish to be chosen by the Vestry thereof, and the lay delegates from each Mission to be chosen by the members thereof; provided, that no person shall be competent to serve as a lay delegate, unless he has been a qualified voter of the Parish or Mission he represents during the six calendar months next before his election.

Appendix, Sec. 21.

Mr. A. H. Phelps moved to substitute for Article X, of the Constitution, the following:

ARTICLE X.

Section 1. The Treasurer of the Corporation known as "The Protestant Episcopal Church in the Diocese of California," shall be ex officio "Treasurer of the Diocese."

The duties of the Treasurer of the Diocese shall be those prescribed by the Canons of this Diocese, together with such as may devolve upon him by resolution of the Convention.

Sec. 2. When not a delegate to the Convention, the Treasurer shall

Parishes Admitted.—Address of the Assistant Bishop.

be entitled, ex officio, to all the rights and privileges of membership, except that of a vote.

Appendix. Secs. 31, 32.

The Rev. D. O. Kelley moved to add to the Constitution:

ARTICLE XXIII.

The Church of this Diocese shall be incorporated under the laws of the State of California, under the name and title of The Protestant Episcopal Church in the Diocese of California.

Appendix, Sec. 60.

These several amendments having been presented to the last Convention, and by that body approved, a vote was taken on each in succession, by orders, and the several motions for their adoption having been unanimously carried by concurrent vote of clergy and laity, the Chairman announced that these amendments had been adopted and were part of the Constitution of this Diocese.

The Rev. D. O. Kelley, from the Committee on the Incorporation of Parishes and Missions, reported:

That the Missions of St. Michael's and All Angels, Golden Gate; and Trinity, Oakland; had presented the canonical evidence of their organization, and recommended that they be admitted into union with the Convention.

They were, on motion, admitted.

The Secretary called the names of the lay delegates from those Missions, and those present answered.

The Assistant Bishop then read his

Annual Address.

In the Triune Name invoked at the opening of the session, we have entered into the important business of this Forty-second Annual Convention of the Diocese. Faith in that name animates us to rise to all the high and holy purpose of a Convention. As the Church prays, so may we deliberate. It will ennoble debate, it will give character to voting if that purpose rests constantly in our minds to be so directed, sanctified and governed "in our present work, by the mighty power of the Holy Ghost, that the comfortable Gospel of Christ may be truly preached, truly received, and truly followed in all places, to the breaking down the kingdom of sin, Satan, and death."

Address of the Assistant Bishop.

The privilege of having with us the Bishop of the Diocese is one on which I had much counted, and it is with a deep regret, in which you will share, that I have received word from him that he cannot, in the opinion of his physician, venture to attend our session. His note, which is at once a regret and a loving message to the Convention, is as follows:

May 15th.

Dear Bishop: I expected to be with you at Convention, but my doctor positively prohibits it, and I must obey. Will you express to the Convention my regret at not being able to meet them, and tell them my prayers will be with them, as of old.

Affectionately, your friend and brother,

WM. INGRAHAM KIP. By M. E. L. KIP.

Before I proceed to lay before you the record of such acts as the Canon requires, I cannot but voice in this connection a very present sense of the way in which the fruitage of one episcopate may be rooted in another, and the statistics of growth in one year of grace may be the statistics of planting and watering in earlier years. It is no small advantage to us now to have placed before us with a charm of language that almost makes hardship sound like happiness, the story of the early days of Bishop Kip's episcopate. It is easy for a generation to forget what its Church heritage cost the generation before it. And aside from the valuable contribution to that Californiana which now so much has the mind of the readers of current periodical literature, Church people, and especially those of California, will, I believe, be led by the book to value what we have all the more, and will, if it were possible, revere all the more him-and it is but just to say her-to whose agency and patience, under God, we owe so much. To his old friends it will tell nothing new; indeed, it will tell only a small part of what they know. To those who have entered into the activities and interests of the Church since those days, while it reveals something of the real debt of the present to the past, it will show Bishop Kip's call to endure hardness as a good soldier of Jesus Christ in a way in which no successor will be likely to participate. Well may he feel that comfort of retrospect expressed by him in another place—History of the American Episcopal Church, Vol. II., p. 317-"We can feel, in reviewing the past, that this Diocese has always been true to the Church in the maintenance of its distinctive principles. They have never been sacrificed to views of temporary expediency. Such has always been my object in administering this Diocese I wished so to act as not to bequeath to my successor, when I must resign to him my office, questionable precedents which might embarrass a true Churchman in carrying out the principles of our Catholic faith. And I believe that this result has been attained, and that today the Diocese of California stands before the world characterized by the conservative Church

Address of the Assistant Bishop.

principles which have ever marked its legislation." O si sic omnes may every succesor in his office in this Diocese have for an aspiration, for each successor must inscribe on all the days of his episcopate something of a tribute to the early days of Bishop Kip's.

In proceeding to spread before you the record of my official acts, I may say that while my journal for the year in full provides a permanent and convenient record for reference, preserving dates and places of events that otherwise might become difficult to verify, it is restricted for the most part to the simple notice in each case, excluding for brevity's sake, words of comment and memoranda of acts not strictly official.

I have consecrated six Churches, viz.: St. Barnabas's, Vernon, V. S. after Easter, May 3, 1891; Trinity Church, Redlands, Sunday after Ascension, May 10, 1891; St. Augustine's-by-the-Sea, Santa Monica, XX. Phillips Brooks, D.D., as Bishop of Massachusetts; to the consecration of the Rev. Isaac Lea Nicholson, D.D., as Bishop of Milwaukee; to the consecration of the Rev. Cleland K. Nelson, D.D., as Bishop of Georgia; and to the election of an Assistant Bishop for the Diocese of Springfield.

The following notices of discipline have been received:

From the Bishop of Colorado, of the deposition of George H. Rice, Presbyter, and of H. Digby Johnson, Presbyter; from the Bishop of Delaware, acting for the ecclesiastical authority of the Diocese of

Massachusetts, of the deposition of Lyman H. Merrill, orders not stated; from the Bishop of the Missionary Jurisdiction of the Platte, of the deposition of Samuel F. Myers, Presbyter; from the Bishop of Ohio, of the deposition of Howard MacQueary, Presbyter; from the Bishop of New York, of the deposition of Francis E. Shober, Presbyter; from the Bishop of Nebraska, of the deposition of William Dunlop Morrow, Presbyter; from the Bishop of New Jersey, of the deposition of Edward Ransford, Presbyter; from the Bishop of Missouri, of the deposition of Edward J. P. B. Williams, Presbyter; from the Bishop of Fond du Lac, of the deposition of Rene Vilatte, Presbyter; and from the Bishop of Western New York, of the deposition of James Hattrick Lee, Presbyter.

Four of the Bishops of our Church have been called to their rest since our last Convention: The Right Reverend Cyrus Frederic Knight, D.D., D.C.L., Bishop of Milwaukee; the Right Reverend William Jones Boone, D.D., Missionary Bishop of Shanghai: the Right Reverend John Nicholas Galleher, S.T.D., Bishop of Louisiana; and the Right Reverend Gregory Thurston Bedell, D.D., LL.D., who lately resigned the Bishopric of Ohio. It belongs to others who have been longer in the episcopate than I to eulogize their worth to the church at large, and especially to the Dioceses in which they faithfully did their work. There comes to me out of the memories of past years the emphasis with which Bishop—then Dr.—Knight, with all his geniality, spoke to me in a conversation of his longing for the rest of the Paradise of God. With the others he earned, and we may believe the others with him, learned to long for that blessed rest.

Of our own clergy that have died, Mr. Drummond taught by his example in all his long months of weakness and suffering as he had so clearly taught in his active and devoted ministry, the power of the Cross of Christ; Mr. Mayhew had not for several years engaged in the active work of his Diaconate in which he had previously served faithfully; the Rev. Mr. Mills leaves the memory of a consecration of life to a ministry among the poor and afflicted and sin-laden with whom his city missionary work brought him in contact, that is very suggestive to all in its single-minded searching out, and compassionate spending and being spent for, the ignorant and "them that are out of the way"; Mr. Ilderton was called on the threshold of a ministry full of promise, but not called before he had in that ministry shown a singular inchristness of disposition—to use the expression of another—as if there were dawning upon him some of that greater realization, of which St. Paul spoke, of being "with Christ."

From the saddened households of the laity, his public career in the church leads me to especially note the death of the late Judge T. P. Stoney. An exact and rigid canonist, the devout and conscientious churchman he was, gave him qualities that this convention was not slow

to recognize and use, and not to speak of his place in his home, his parish, his profession, or the community, I may here record the great loss to this convention and his Bishop in the taking off of one so well furnished and so well experienced in church law.

It is due from me as a matter of record here to recognize the efficiency of the general institutions of the Diocese, and to say that there has been no decrease of momentum in the educational and charitable organizations in which we take a just pride. They are all the time passing steadily and rapidly to higher and wider degrees of usefulness. Woman's Auxiliary, as ever, has been a real auxiliary to the missionary work and to the Bishops, and I hail with especial gratification the initiation on the part of the laymen of San Francisco of the Church Club. It has already demonstrated the advantages of its existence. Not to speak here of its accomplishments or projects for the practical work of the church, especially for our city missionary work of San Francisco, I wish to bear my cordial testimony to its thought for the Bishops of the Diocese in arranging, a few months since, for the reception then given at the Occidental Hotel and for attending to so many of the details of the Bishops' reception at the time of this convention. The generous provision for hospitality made by the Club for the delegates needs no words of commendation from me.

The year just ended is noteworthy for the number of large gifts that have come to the Church in the Diocese, the home and domain for the Bishop Armitage Orphanage at San Mateo, purchased at a cost of \$40,000 and presented by Mr. George W. Gibbs, the constant friend and helper of the orphanage from the beginning; the gift of \$10,000 towards the building fund of the Church of the Advent, San Francisco, from Mr. Searles, besides a gift of \$5,000 from Mr. George W. Gibbs for the same fund; the large offer of the anonymous giver to pay half of the debt of St. John's Church, San Francisco; the costly marble altar at Grace Church, San Francisco, given by Mrs. Wilson; the generous gift of the valuable city lot to Trinity Mission, Oakland, by the Rev. Dr. Bakewell; the cancelling of a mortgage of upwards of \$5,000 on Trinity Church, Santa Barbara, by Mrs. Broome, and the like sum raised on their part by the parishioners and friends to build a rectory for the same Church; the gift of St. George's Church and property by Mr. Whiting, Mr. Keating and others, at El Toro; these and other gifts and payments of Church debts throughout the Diocese. I believe, show that we are to be not one whit behind the older parts of the Church in our coming era of large gifts, and if we are faithful to the work of Christ the current means for that work and the endowments for institutions, with those we have and those we need, will come in God's good time. Those who by their prayers and efforts are contending with the difficulties of support which generally confront the earlier years of Diocesan institutions should find more and more financial help coming to them from our own people as the years go

on and I should be glad if, as one step towards that, the Bishop Armitage Orphanage for boys and the Maria Kip Orphanage for girls could have—as other institutions in the Diocese have—some Sunday designated by the Convention, not for mandatory offerings which would hardly be practicable under present conditions—but for such voluntaty offerings as on that given Sunday the Parishes and Missions might be willing to make. And though, perhaps, the time has not yet come for the initiation of any direct steps towards them, other needs for substantial money endowments should be in our prayers and in our thoughts if we are to rise to the privileges and responsibilities of church men for the times and for the opportunities of California, notably, provisions for the establishment of a Training School for students in Theology, and for the making and beginning of a Cathedral enterprise, worthy of the Church and of the greater San Francisco.

Indeed, my dear brethren, we live under conditions of rapid development, and what there will be here five or ten years hence depends so much on what we do now that our very opportunities in their multiplicity and magnitude are sobering. To ask what will be best in a decade is to make one set about all the more cautiously to ask what is really best now. To build strongly and systematically makes demands on time and patience that to build for immediate covering does not. Expediency alone may, like necessity, seem to compel. It is always difficult not to allow it to impel. But patience becomes brave when, in spite of present expediency, the future achievement possesses the soul. And if even in so short a time as the beginning of the new century those, who then are making the history of the Diocese, can look back to about this time with approbation on what we do now, it will be because in many things we were as willing to bide our time as in other things we were determined not to be behind hand. There is no conflict between push and prudence. When the steam is all hissing in the locomotive, the engineer pulls the throttle all the more confidently while he has in the cab the handle to the air brake. And so with all our eagerness for progress, in the present under the stimulus of our California climate and conditions, we must have a clear eye out ahead and a present mind exercised in an estimate of ultimate good. Considerations of this sort have prevailed with me in other matters from time to time, but especially in the matter of the proposed division of the Diocese, as it has presented itself to me since I have been called upon to study it. It should be distinctly understood that anything I here say covers only that period of my personal responsibility in the matter, and has no bearing whatever upon conditions which prevailed at the time of the last General Convention. Since that time there has been a complete change of financial conditions in the southern part of the Diocese, and it is a non sequitur to reason in that respect from now to then. But looking on to the exercise of the responsibility placed upon me by Article V. of the

General Constitution of the Church, the careful review again and again of conditions to which visitations to all parts of the Diocese have given me access, I am disposed to recommend that all steps for the division of the Diocese be shaped towards strong and united action and consent preliminary to the General Convention of 1895. In reaching this conclusion it has not escape me how much division of care and labor would be effected by an earlier division of territory, nor how much more worthily another might do the work so shared, but these have had to yield to weightier considerations, and I would submit to this Convention, since it is not inconsonant with the report of the Special Committee of this Convention upon the matter, the advisability of appointing a Committee of clergy and laity to begin at once to enter upon such measures as will in their judgment best tend to actively prepare the way for the division of the Diocese in the year above named.

Measures of practical administration we must attend to because they demand the thought and ear of the Church, but we should never forget that they are not to be allowed to obscure the position of the Church as a teaching power in the land. The weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds, casting down imaginations and every high thing that exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ. The church of the future for America will be the Church that is true to the use of such weapons and true to the attainment of such victories. To understand this and to teach this is to have and wield a safeguard against faintheartedness before the strongholds of evil in our civilization. It is to have a true standard of success It is to discredit false standards. It keeps us from losing courage. It keeps us from undue elation. The wholesome teacher of the position of the Church is one who neither tries to think that it is all right nor all wrong under its human conditions-that it is neither all wheat nor all tares. He teaches Christ's ideal and admits human infirmity in carrying out that ideal. And so it seems to be an especially opportune time for the clergy to bring lessons to the church of the present from the church of the past, to teach the people in courses of lectures the history of the church in order to interpret to them its present history-making, and inspire them with a true ideal of it. There is no better way than in the ingenuous presentation of church history to prevent the mistaking of a cult for Catholicity, or a school of thought for an Ecumenical Council. And we should avail ourselves more than we do of the opportunity to circulate sound church literature. I should be glad if in this Diocese, when the new plates of the Prayer Book are prepared, to embody the changes made by the revision, we could have a society like those in the East for the wide distribution of the Prayer Book. The same society could be called the Church Book Society, and have for its object the distribution of Bibles and of Church books and tracts, and would be a valuable auxili-

ary to all our missionary fields in the Diocese. If we carry on the teaching traditions of the Church in our borders and inculcate in all ways we can the simple truths of the Church, we shall be doing much to prepare our people for controversies which go on in older sections of the Church—from the force of which we, by our isolation and absorption in Church extension, now escape. We cannot hope always to be as free from them unless the widening atmosphere in which we live proves, as it may, persistently uncongenial to them. With faithful care, however, for the enlightenment of our people upon Catholic truth in its really Catholic outlines we need have no fear. That will give the true sequence of knowing the truth first, then becoming cognizant of error, instead of knowing error first and then standing the chances of learning the truth.

And may that spirit of truth that guides into all truth be to us in all our deliberations a spirit of strength for Christ and His Church, so that when we go away from this Convention to our several stations it may be to carry with us a deepened sense of brotherliness, a truer love for the Church of the Living God, the memory of a manifest conscience in the whole Convention, and a fresh and all-animating enthusiasm for our Lord and Master, Jesus Christ.

The Rev. R. C. Foute presented the following resolution, which was adopted:

Resolved, That that portion of the Bishop's address referring to the distribution of Prayer Books and Church literature be referred to a Committee of three clergymen.

The Revs. R. C. Foute, A. G. L. Trew, D.D., and H. B. Restarick were appointed the Committee.

Mr. W. A. M. Van Bokkelen, from the Finance Committee, presented the following

Report.

To the Forty-second Convention of the Diocese of California:

Your Committee on Finance would herewith respectfully present the annual schedule of assessment for the Diocesan and Convention Funds. This schedule has been prepared after a careful consideration of the whole subject and of the numerous letters received on the subject. We have been compelled to make a larger assessment than usual for the Convention Fund, owing to the large amount delinquent, that will fall due during the year on account of our portion of the expenses of the General Convention. The following is the basis on which the assessment has been levied:

We have been compelled to keep the estimate of the cost of printing and mailing the Journal down to \$250 and this will be sufficient by the omission of all matter not strictly necessary and the tabulating the parochial reports as adopted in 1889 instead of printing in extenso.

As Canon V., title I, page 7 provides for a very liberal distribution of the Journal, and in order to relieve the Convention of a portion of the expenses of printing the Journal, we would recommend that a charge be made for all extra copies.

We would recommend the adoption of the resolution of Rev. E. B. Spalding, L.H.D., in referring to printing the Canons.

We report the following resolution:

Resolved, That \$100 be appropriated to the Secretary of this Convention, and \$10 to the sexton of St. John's Church.

Upon request of the donors, the sum of one thousand dollars, in the form of ten (10) one hundred dollar seven per cent (7 per cent) bonds of the Cosmos Club of San Francisco, delivered to this Corporation on the 5th day of January, 1891, by the Treasurer of the "Rev. F. W. Reed Memorial Fund," has been surrendered by this Corporation, in order that the same may be invested in a Memorial Church or Chapel to the memory of Rev. F. W. A lease made by Frank M. Pixley, as lessor, to William Ingraham Kip, lessee, for the benefit of the Church of St. Mary-the-Virgin, in the City and County of San Francisco, and bearing date on the 1st day of September, 1890, has been, pursuant to resolution, adopted by the Vestry of the Church of St. Mary-the-Virgin, surrendered to said lessor, by instrument in writing duly executed by this Corporation.

The Corporation appointed George W. Gibbs and W. E. Dean as a Committee for the purpose of auditing the semi-annual accounts of the Treasurer of the Diocese. It has received the report of the Treasurer for the past year, but, by reason of a quorum not being present at the meeting called for and held on the Saturday next preceding the session of this Convention, such report has not been acted upon by this Corporation; nor has it been able to apportion the salary of the Treasurer for the past year between the various funds which have been in his charge; such apportionment, therefore, will fall to the province of the Convention.

Respectfully submitted.

A. N. DROWN, Secretary.

Report of the Committee on Christian Education.

The Rev. E. B. Spalding presented the

Report

OF THE COMMITTEE ON CHRISTIAN EDUCATION.

The state of Christian Education in the Diocese during the past year exhibits but little change.

The usual degree of prosperity has blessed the Church Schools of the Diocese, and efforts are being made to increase their number and usefulness.

Irving Institute for Girls report an attendance during the past year of 131 pupils, 61 of which have been boarders. It has a corps of nineteen (19) teachers, eight of whom are resident in the school family. The boarding pupils all attend St. John's Church, and are carefully instructed in the Church doctrines and customs.

Trinity School has had upon its roll between 80 and 90; its usual prosperity. Its members are limited in attendance to 60 students and 25 boarders. The school has a corps of 9 teachers, and is an accredited school with the University of California, and the Leland Stanford Jr. University. The school graduates 7 students the present year, making an alumni roll of 75. Of this number over 44 per cent. have entered College or University here or at the East, and are either now in attendance upon such institutions or have graduated with credit. Steps have been taken by warm friends of the school to make its work permanent by the purchase of grounds and the erection of buildings for its use.

St. Hilda's Hall, the Church School for Girls in the South, has lost during the year the valuable services of its first Rector and Principal, the Rev. Dr. Easter, but the work has been most efficiently carried on since by Miss Darling, who succeeded Dr. Easter as Principal of the school. Efforts are now being made to secure the property to the Church, and it is hoped the coming year will see this institution placed upon a financial foundation.

St. Mathew's School, San Mateo, has been during the past year in a very satisfactory condition, with an attendance equal to that of last year. During the year new buildings have been erected, and occupied within the last month—just after Easter. They are situated about two miles northwest of San Mateo, on an elevated tract of land of eighty (80) acres, which overlooks the plain of San Mateo and San Francisco Bay, with an extended view in every direction. A specially beautiful and healthy site, hardly surpassed anywhere in the country. There are six (6) buildings, three of which are for school purposes. The larger and

Report of the Committee on Christian Education.

prominent one is Kip Hall, named after our aged and honored Diocesan. Kip Hall is for the use of the Grammar and Academic departments, the second, Tyler Hall, for the Preparatory department, and the third for a general Refectory and Infirmary. The other buildings are for the material and practical needs of the school, including steam house, laundry, barns, etc. The prevailing style is a mcdified Gothic; they are spacious, and have all modern conveniences with arrangements for electric lighting. The expense of this new departure has been great, and has been incurred as a business proposition with the determination to maintain the highest standard in education and training, and with the confident hope that the churchmen of California will sustain the undertaking.

St. Katherine's School, a day school for Girls and young children, at present occupying rooms in St. Stephen's Parish building, has been increasing in numbers during the year past, and has been doing quietly and unostentatiously an excellent work for religious education. The intellectual standard maintained has been such that the pupils rank very highly in the public schools when removed from St. Katherine's.

Your Committee cannot close this report without calling the attention of this Convention to the need of an active co-operation with and of assistance to be given to those engaged in the (often thankless) office of laboring for Christian education. Schools of every description are springing up all about us, and unless the church efforts in this much needed line of her work shall fail, there must at least be as earnest an effort by churchmen to sustain her educational work as the world gives to secular education.

Signed: E. B. SPALDING,

A. L. BREWER,

E. B. CHURCH.

The Rev. E. J. Lion moved

That the Forty-second Convention express its hearty sympathy with the cause of Christian education, as with those who labor in that part of Christian work.

The motion was carried.

The Rev. H. B. Restarick presented the

Report

OF THE COMMITTEE ON CHURCH CHARITIES.

To the Forty-second Annual Convention of the Diocese of California:

Report of the Committee on Church Charities.

Your Committee on Church Charities begs to submit the following report:

It gives as pleasure to announce that the charitable institutions connected with the Church in this Diocese are doing good work and are showing evidence of substantial growth.

St. Luke's Hospital, San Francisco, during the past year has had four free beds, fully supported by the Parishes of Grace, Trinity, St. Stephen's and St. Luke's. There are five others which have been partially supported. These free beds cost parishes or individuals \$20 per month, and have been constantly occupied by free patients. Altogether, about \$2000 charity work has been done during the year. The management desires to have a Chaplain as soon as possible, and has the plans drawn for a study and room for one when appointed, and has \$3500 on hand towards a building fund for this purpose. There is a debt of \$6000 on the property. This was chiefly incurred by the erection of a brick wall and the laying of pavement, as ordered by the city. A new Resident Physician has been appointed, who, we are glad to say, is a communicant of the Church. As a Committee, we recommend to the Church people of the Diocese the desirability of providing a suitable endowment enabling the management to extend its charitable work. Beds can be endowed during life of donor for \$3000. In perpetuo, \$5000. Your Committee desires to express its great regret that the Trustees of St. Luke's Hospital do not make public such statement of the financial condition of the Hospital as would remove the painful feeling of doubt existing in the minds of many of our Church people, and hope that the Board will do so at an early date.

The Old Ladies' Home owns a 50-vara lot, and building thereon, situated on Golden Gate avenue between Mission avenue and Lott street, is free from debt and has money in bank. It is managed by a Board of Trustees, all of whom are Churchmen; the Bishop and Assistant Bishop are President and Vice-President (ex-officio). The society is in a very prosperous condition; has at present 32 inmates, but expects to build an addition this summer, thereby enlarging its sphere of usefulness and benevolence. The institution is supported by admission fees (\$330 for each inmate), subscriptions and Thanksgiving Day offerings from members of the Diocese. The Trustees are endeavoring to raise an Endowment Fund from subscriptions and bequests, and have \$1400 towards such purpose. It is earnestly hoped and desired to endow each room at a cost of \$3000, each of which will be named after its donor. Your Committee desires also to express its approval of the internal management of this institution under the care of Sister Alice.

The Bishop Armitage Orphanage of San Mateo has just moved into a new building, which is to be dedicated on Saturday, May 21st. The

building has been erected at a cost of \$40,000, the gift of Mr. Geo. W. Gibbs. It has charge at present of 135 children, who are supported by subscriptions, gifts and State aid. Many of the children are supported by the adoption system. The institution is under the charge of B. F. Le Warne, Superintendent, and a Board of Managers and Trustees, and is excellently managed.

The Maria Kip Orphanage owns no property, but expects to do so at an early date. It has nearly \$6000 towards a building fund. The institution has 64 children, who are supported by subscriptions, gifts and State aid; many are supported by the adoption system, at \$30 per annum, by Parish societies and individuals for each child. The home is under the charge of Sister Anna. Both of these orphanages should be remembered by the faithful by gifts and bequests, as an endowment is highly desirable.

The Sheltering Arms is entirely under the care of Sister Julia. Her work is the rescuing young girls from a life of shame, and the protection and care of abandoned children. The Committee would put itself on record as having a high regard for the unflinching bravery of Sister Julia in meeting the difficulties peculiar to her work. The Institution deserves the sympathy and alms of the Church people in the Diocese.

St. Paul's Hospital of Los Angeles. The Rector of St. Paul's is President ex-officio. There is a Board of Trustees consisting of eleven men and women, selected from the several churches of Los Angeles and vicinity. The hospital has its building and lot free from debt, valued at \$8,000 dollars. The building is fully furnished; will accommodate 12 patients. It has been full nearly all of the time; is generally self supporting and has several hundred dollars in bank. There has been raised about \$1,800 by the Girls' Committee of the Guild, towards the endowment of a free bed. There is one free bed provided for by annual subscriptions from Church people and friends.

The Hospital of the Good Samaritan, San Diego, is an incorporation of members of St. Paul's Parish. It has property free of debt valued at \$6,000 at least. After performing good work and maintaining two free beds, it is temporarily closed because the physicians decided that the building was unfitted for the purpose. It was impossible at the time to secure the necessary money for a new building. It is the full intention of the Corporation to re-open it as soon as possible.

Changes in the Prayer Book-The State of the Church.

Mr. Foute presented the following resolution, which was adopted:

WHEREAS, The work of altering, changing and amending the "Book of Common Prayer" has been going on for many years past; and,

WHEREAS, It appears that there is a disposition to seek for further changes of our Prayer Book to the great disturbance of the Church. Therefore, be it

Resolved, That this Convention is earnestly opposed to any further changes in the "Book of Common Prayer," and that it hereby requests its Deputies to the approaching General Convention to present this memorial to that body, and to use their best endeavor to bring this work of altering, amending and changing our Prayer Book to an end at this time.

The Rev. Wyllys Hall, D.D., presented the

Report

OF THE COMMITTEE ON THE STATE OF THE CHURCH.

The Committee on the State of the Church reports:

That as nothing has been especially referred for their consideration by the Convention their range is not limited. The diversified and teeming topics which present themselves under a careful study of the state of the Church might well occupy very grave as well as interesting and profitable discussion, and they would suggest that all apart from what must necessarily be a superficial and hurried report, prepared by a Committee appointed by, and working during the occupied hours of a single Convention, a special Committee might be appointed who could, during a recess, present to a succeeding Convention such a report as might convey well digested thought and intelligence, and stir up the hearts of all, both clergy and laity, to a more practical appreciation of the real working state of the Church in this Diocese, as far as its needs and its opportunities, its failures and its successes are concerned.

In a vast field, such as this great Diocese of California covers, outside of one or two centers, those who have had neither the observation, nor the experience, cannot at all understand how very largely California is a purely Missionary Diocese, as distinguished from a mere jurisdiction—and that means a great healthy child, fat and well-liking, struggling to keep upon its own feet and to earn its own living. The reports which come up from all quarters, especially from the faithful, self-denying clergy, whose cures cover many scattered centers and isolated church

homes, indicate needs and opportunities which should press heavily upon those to whom God has given the power and the privilege of prayer and bounty; and at the same time, upon the principle that he who works hardest and accomplishes most, always sees more to be done, the growth of the work, while it is most encouraging, points to a possible future which should at once both shame and stimulate us towar is a great zeal and activity in taking a fuller possession under the leadership and blessing of the great Head of the Church, of this fair land. Perhaps never before in all the history of the Diocese has the time been so ripe for strong and energetic work upon the part of every one who loves and believes in the Lord Jesus Christ and His household, the Church, Beyond a doubt, as never before, the present decade will very materially condition the next ten decades. It is too much the radical failure of our modern historic and apostolic Christianity that we let slip of portunities, and then weariedly learn that it is better to occupy at once, planting the good seed upon virgin soil, than to recover a possession from which we must first painfully dig up the tares from a disordered Christianity, before we can begin to plant, and then plant upon an impoverished soil.

In the brief episcopate of him whom God has given to be a leader, there has been a quickening all along the lines. The close and wise supervision, with the tireless and cheering activity of a successful leadership, and the accompanying signs of brighter promise in Church growth and extension, especially in portions of our Diocese which are opening up mechanical and agricultural industries, having a constantly increasing population, this, with the belief that God is in the midst of Ziou, and that He will help her, and that right early, should need no further appeal to every churchman.

This is a wealthy Diocese, and it is a poor Diocese. But much of its wealth, in the scattered and rural regions, where are to be found many solitary members of our fold, and so many more who would gladly welcome the quiet but soul-uplilting ways of the Church—her simple and her nurturing Sacraments, is in the hands of those who are, and who will be for sometime, what we call land poor, fortunes invested in lands and enterprises, which tie up generosity for the time, but which will with a little outside help, very soon begin to water others as they themselves are watered.

The circumstances are not peculiar to any new country but they are striking and suggestive to anyone who has had but a limited observation over this rich and teeming coast. It is simply the Church's opportunity—her open door—the now of her accepted time.

In presenting this, the one single outlook over the state of the Church your Committee has no resolutions to offer, but we would urge the suggestion that this Convention and all whom it represents should enter

more largely and more generously both into the high fellowship of Him, who labored and prayed and gave Himself for the lost and scattered sheep of the wide family of humanity and by consecrated prayer and bounty, be made like Him—and then into the practical consideration as business men that a copartnership in this work of widely and deeply sowing the seeds of the Church will some day, because He is faithful that promised, prove the best investment we can by any possibility make.

And your Committee would suggest as one of many means to accomplish good in the direction desired, perhaps because a small, therefore an overlooked means, is, to put at the disposal of the Bishop or into the hands here and there, of our Missionary workers, a fund or a gift for the free and wide distribution of Prayer Books, Church literature and tracts, which are most useful in calling attention to, and keeping alive an interest in, the Church, in intervals of days and months between the services which, at best, can be held among these scattered sheep of the wilderness.

Respectfully submitted,

WYLLYS HALL, JOHN A. EMERY, WM. B. HOOPER.

The Rev. B. W. R. Tayler offered the following resolution, which was carried:

The Revs. H. D. Lathrop and R. Ritchie and Mr. John Moss were appointed the Committee.

On motion of the Rev. R. C. Foute, the Convention took a recess.

During the past year the Diocesan Library has been increased by the addition of the first 12 volumes of the "American Church Review," donated by the Rev. Dr. A. L. Brewer of St. Matthew's School, San Mateo: several later volumes of the same, by the Rev. C. O. Tillotson; Church

Eclectic from various sources; also, volumes from the late W. C. Mills, and a complete set of Encyclopdeia Britanica (25 vols.), a set of Encyclopedia Americana (4 vols.), the Schaff-Herzog Encyclopedia (3 vols.), and a number of miscellaneous volumes from the Rev. Daniel Kendig; Chaplain Kendig has also given three large book cases.

As soon as possible, the Library will be put into working order, that clergy and theological students may be benefited by it. We will soon need more cases, and are always ready to receive additions in the line of theology, history and letters.

The Committee would also report that a large portrait of the Right Rev. Wm. I. Kip, D.D., has been presented to the House, also one of the Rev. Dr. J. L. Ver Mehr, first Rector of Grace Church. A committee of the Clergy appointed by the Clericus has been engaged during the past year, in securing photographs of the Clergy who have labored in this Diocese. A large number have responded, and the photos will soon be framed and hung on the walls.

It is feared that some difficulty will be experienced in preserving the oil and water color portraits on account of the excessive dampness. Some steps should be taken by the Convention to obviate this difficulty, as the revenue of the House will not suffice.

Respectfully, submitted,

R. C. FOUTE.
WM. W. DAVIS,
F. H. CHURCH, Treasurer.

Mr. Geo. W. Gibbs offered the following resolution, which was adopted:

Resolved, That this Convention regrets the enforced absence of the Right Rev. Bishop from its sessions, and desires to express to Bishop and Mrs. Kip its continued affection and appreciation of their labors in this Diocese.

The Rev. H. B. Restarick offered the following resolution, which was adopted:

Resolved, That the thanks of this Convention be extended to the Rector, Wardens and Vestrymen of St. John's Church, San Francisco, for the use of their Church building; also to the Church women of the several city parishes for their most welcome and hospitable provision of lunches for the members of the Convention.

The Rev. J. D. H. Browne moved the following resolution, which was carried:

Resolved, That the warmest thanks of the members of the Convention are due and are hereby given to the Church Club of San Francisco, for its

THE REV. D. O. KELLEY, GENERAL MISSIONARY OF THE NORTHERN CONVOCATION.

As Convocational Missionary for the Northern District, my report is as follows:

My appointment dates from July 8th, 1891, with instructions to care for the six then vacant Missions at Selma, Fowler, Tulare, Visalia, Madera and Merced, while continuing to give St. James's parish, Fresno, such administrative and other services as I could. All these Missions were promptly visited, excepting Merced, and plans matured for continuing or rebeginning services.

After a few weeks the Rev. John H. Waterman was appointed to assist me, and very soon the entire care of the first four above-named Missions was left with him, since which time he has most faithfully and efficiently ministered in them. I then gave especial attention, at your request, to the nearly defunct Mission at Merced, while continuing the charge of Madera, taking up my residence at Merced in December. The Mission (St. Luke's) at Merced has now been revived, and placed in a position in which growth and good fruits may be looked for as a result of future missionary work. Not a little credit is due to the faithful services of Mr. Alfred R. Gurr, as lay reader at Merced; also to Mr. Joseph E. Newan, lay reader at Madera.

I have also held occasional services at Sanger, Dinuba and O'Neill's.

My travelling expenses have all been met by collections at the various points visited.

Reports of Baptisms, Confirmations, etc., will appear in the usual parochial reports to the Bishop and Convention.

THE REV. JOHN ACWORTH.

I respectfully present my report for the past year, from April, 1891, to April, 1892. My work has been done as the assistant of the Rev. S. Gregory Lines, Rector of Church of the Beloved Disciple, New York. Number of baptisms, 12 children; marriages, 8; burials, 21; recorded in register of above Parish. I have assisted in about 90 celebrations of the Holy Communion, also at morning and evening prayer, in all about 100 services. I have also been Superintendent of the Sunday-school for about eight months.

I have done considerable visiting in the Parish, principally among the sick.

Besides the above I have attended a post graduate course at the General Theological Seminary.

THE REV. B. O. BAKER, M.D.

Since the meeting of the last Convention I have had morning service 95 times; evening service, 154 times; Holy Communion, 95 times; baptisms, 31; Sunday-school, 53 times; six funerals and four weddings; had Io persons confirmed, and have a class being prepared. I have a free school and other mission work.

THE REV. J. H. C. BONTE, D.D.

I have preached once during the past year.

My health is better now than at any other time during the past eleven years. My voice is comparatively strong, and I have been able to deliver my lectures on Ethics in the Law Department of the University of California without interruption, and for this privilege I thank God.

As my health improves I begin to long for opportunities to perform he work that belongs to me as a Christian minister.

THE REV. J. D. H. BROWNE.

I have to report the following statistics for the congregation of the Holy Trinity, Covina, which, although not yet organized regularly as a Mission, has made considerable growth during the year, notwithstanding the loss of its new church building only a few Sundays after its erection. Funds are now being raised to rebuild it, and in a few months, at the farthest, it is hoped the church people will have again a House of God to worship in, when, with your permission, a Mission will be formed. There are 67 persons of all ages connected with the work, of whom 60 are baptized, and 30 are communicants.

There have been 2 baptisms during the year, I confirmed, I married, I buried, and 7 communicants added. Thirty services have been held, 6 celebrations of Holy Communion, 50 visits paid, and 750 milestraveled. Five hundred and fifty dollars have been raised for building purposes. The Woman's Working Guild, organized two months ago, has 15 members, and has already earned in work \$10 towards the building fund.

THE REV. H. J. CAMP.

During the past Convention year I have held Service in De Luz on the second and fourth Sundays of each month.

Prior to Advent I also held service at St. John's, Fallbrook, on the first and third Sundays of each month, assisting Rev. W. E. Jacob, Missionary in charge.

With Advent I took up the work begun at Murrieta by the Rev. Mr. Jacob, giving to it the first and fifth Sundays, and continuing other services as above.

THE REV. W. L. GITHENS.

I would hereby make a report of services performed during the past year, from May, 1891, to May, 1892. As Chaplain of the Home, I have had daily morning prayer at 8:30 o'clock; service, with sermon, on every Sunday at 3 P. M.: occasionally a service of Holy Communion, and have had twenty burial services.

For some four months I took the morning service at the Presidio, and while there baptized one infant and presented a class of three for confirmation.

At St. Alban's Mission I have held service for at least eight months of the year on Sunday evenings—preaching or lecturing—and during Lent prepared a class for confirmation. These candidates were presented on Maunday Thursday evening in Grace Church.

I have baptized during the year 9 adults and 27 children; t tal 36. Have presented for confirmation 3 at the Presidio, 24 from 8-t. Albans, and 2 from Grace; total, 29.

I have officiated at 27 marriages, and, including the 20 in the Home, have attended 75 burials.

THE REV. W. H. HILL

Regrets extremely that he is unable to report any work done during the past year, but his failing health and want of sight have prevented his

taking part in any service even, except once in a baptismal service at Berkeley. He was also present at the funeral of Rev. W. C. Mills, and went in the chancel. This is all the report he can make. He was not well enough to attend the last Convention, greatly to his regret, as it is the first time he has been absent during the thirty-six years he has been in the Diocese.

THE REV. L. Y. JESSUP.

I respectfully report to you that during the last Conventional year I have had no regular charge, but have officiated occasionally as a clerical supply in several of the Parishes in Los Augeles and also in Mission Stations and Parishes in towns in the vicinity of Los Augeles. A record of my official acts will be included in the reports of said Parishes and Missionary Stations.

THE REV. L. D. MANSFIELD.

I beg respectfully to report that I have, agreeably to your request, held services at Grace Church, Martinez, regularly on Sundays, and also on Good Friday, since the first Sunday in March; have attended meetings of the Guild and of the Sunday-school; have made parochial visits to most of the families of the Parish, and have twice administered Holy Communion

I have also held services and addressed the congregations assembled on the ships "Drumrock," Capt. Bailey, and "Grassendale," Capt. Green—the congregation on each ship numbering about 150, many of whom joined heartily in the services, while all gave respectful attention. In endeavoring to interest the large number of seafaring men, whose ships are lying in the straits off Martinez awaiting cargo, I have acted on your thoughtful suggestion, and have been gratified to find the masters of the ships so ready to welcome religious services on their respective ships and so painstaking in their preparations for the comfort and convenience of minister and people. It is expected that the services will be continued.

THE REV. A. A. McALISTER.

U. S. S. "Chicago." At Sea, South Atlantic Ocean, May 2, 1892.

I respectfully report that during the past year I have served as Chaplain on the U. S. S. Chicago, flagship of the squadron of evolution, doing duty on the North and South Atlantic Oceans. Diwine service has been held on every Sunday morning and even-song fre-

quently on Sundays and week days. I have visited the sick on ships and in hospitals, buried the dead, officiated for English speaking people in foreign lands, and performed other pastoral duties.

THE REV. DAVID McCLURE, PH.D.

My report of Church work for the Convention year, 1891-92, is the same as for the previous year—temporarily supplying Parishes and Missions.

THE REV P. B. MORGAN.

I have only to report that I am still located at San Rafael. I have occasionally officiated, as opportunity offered, in San Francisco, Oakland, San Quentin and San Rafael. I still wait the opening of Divine Providence, fully purposing to continue to proclaim the gospel of the Kingdom; and, while waiting and watching for the coming of the Heavenly Bridegroom, I hope by the mercy of God to occupy till Hecomes. All of which is respectfully submitted

THE REV. EDWARD PIDSLEY.

I would respectfully report that during the past Convention year I have officiated twice at Los Gatos, once each at Santa Cruz, San Mateo, Santa Clara and San Jose; also officiated at three marriages and four burials.

THE REV. ALFRED TODHUNTER.

During the past Convention year I have officiated (without charge of any Parish or Mission) in Los Angeles county and in Alameda, in the latter place assisting Rev. A. T. Perkins. I have to report the baptisms of two infants.

THE REV. W. C. YOUNG.

I respectfully report that the work under my charge among the Chinese in San Francisco stands as usual. The evening schools for the Chinese held at 915 Clay street, to which the attendance on an average, number 15. The divine services and Sunday-school are held in Trinity Chapel. The Sunday-school is to be held there, because it is inconvenient for the teachers to go a long distance, as to 915 Clay street. The number of attendance to come to Sunday-school and to attend the divine service are as many as come to the evening school. One of the pupils was recently baptized.

CANON I.

Trial of a Clergyman not a Bishop.

Whenever any Minister of this Diocese, not being a Bishop thereof, shall become 'liable to presentment and trial,' under the provisions of any Canon of the General or Diocesan Convention, the mode of proceeding in this Diocese shall be as follows:

§ 219. The trial shall be on a presentment in writing, addressed to the Bishop of this Diocese, specifying the offense or offenses of which the accused is alleged to be guilty, with reasonable certainty of their time, place and circumstances. Such presentment may be made by the majority of the members of the Vestry of any Church of which the accused is a Minister, or by any five members of a Mission of which he may have charge, or by any three Presbyters of this Diocese entitled to seats in the Convention, or as hereinafter mentioned. Whenever from public rumor or otherwise, the Bishop shall have reason to b-lieve that any Clergyman is under the imputation of having been guilty of any offense or misconduct, for which he is liable to be tried, and that the interest of the Church requires an investigation, it shall be his duty to appoint a Court of Inquiry of five persons, of whom three at least shall be Presbyters, to examine the case, a majority of whom may make such examination; and if there is, in their judgment, sufficient ground for presentment, they shall present the Clergyman accordingly.

- § 220. A presentment being made in any one of the modes above prescribed, the Bishop, if the facts charged shall not appear to him to be such as constitute an offense, may dismiss it: or if it allege facts, some of which do, and some of which do not, constitute an offense, he may allow it in art, and dismiss the residue, or he may permit it to be amended. When it shall be allowed in whole or in part, the Bishop shall cause a copy of it to be served on the accused; and shall also nominate twelve Presbyters of this Diocese entitled to seats in the Convention, and not being parties to the presentment, and cause a list of their names to be served on the accused, who shall, within thirty days after such service, select seven of them, and notify their names in writing to the Bishop; and if he shall not give such notification to the Bishop within the said thirty days, the Bishop shall select seven and the Presbyters so selected shall form an Ecclesiastical Court for the trial of the accused, of which the Bishop shall appoint the President and Recorder, and it shall meet at such time and place as the Bishop shall direct, and shall have power to adjourn from time to time, and from place to place (but always within this Diocese.)
- § 221. A written notice of the time and place of their first meeting shall be served, at least thirty days before such meeting, on the accused, and also on one of the persons making the presentment.
- § 222. If, at the time appointed for the first meeting of the said Court, the whole number of seven members shall not attend, then those who do attend may adjourn from time to time; and if, after one adjournment or more, it shall appear to them improbable that the whole number will attend within a reasonable time, then those who do attend, not being less than five, shall constitute the Court, and proceed to the trial, and a majority of the members shall decide all questions.
- § 223. If a Clergyman presented shall confess the truth of the facts alleged in the presentment, it shall be the duty of the Bishop to proceed to pass sentence; and if he shall not confess before the appointment of a Court before his trial, as before mentioned, he shall be considered as denying the allegations in the presentment.

- § 224. If a Clergyman presented, after having had due notice, shall not appear before the Court appointed for his trial, the Court may, nevertheless, proceed as if he were present, unless for good cause the Court shall see fit to adjourn till another day.
- § 225. When the Court preceeds to trial, it shall hear such evidence as shall be produced, which evidence shall be reduced to writing and signed by the witnesses respectively. If, on or during the trial, the accused shall confess the truth of the charges, as stated in the presentment, the Court may dispense with hearing further evidence, and may proceed at once to state their judgment to the Bishop as to the sentence that ought to be pronounced.
- § 226. Upon the application of either party to the Bishop, and it being made satisfactorily to appear to him that any material witnesses cannot be procured upon the trial, the Bishop may appoint a Commissary to take the testimony of any such witness. Such Commissary may be a Clergyman or a Layman, and the party so applying shall give to the other at least six days' notice of the time and place of taking the testimony. And if the person on whom the notice shall be served shall reside more than forty miles from the place of examination, an additional day's notice shall be given for every additional twenty miles of the said distance. And both parties may attend and examine the witness, and the questions and answers shall be reduced to writing and signed by the witness, and shall be certified by the Commissary, and enclosed under his seal, and transmitted to the Court, and shall be received by it as evidence.
- § 227. The Court, having deliberately considered the evidence, shall declare in writing signed by a majority of the members, its decision on the charges contained in the presentment, distinctly stating whether the accused is guilty or not guilty of such charges respectively, and also stating the sentence which, in their judgment, should be pronounced; and a copy of such decision shall be, without delay, communicated to the accused, and the original decision, together with the evidence, shall be delivered to the Bishop,

who shall pronounce such canonical sentence as shall appear to him to be proper; provided, the same shall not exceed in severity the sentence recommended by the Court; and such sentence shall be final. Before pronouncing any sentence, the Bishop shall summ in the accused and any three or more of the Clergy, to meet him at such time as may, in his judgment, be most convenient, in some church to be designated by him, which shall, for that purpose, be open at the time to all persons who may choose to attend, and the sentence shall then and there be publicly announced by the Bishop. But the Bishop, if he shall be satisfied that justice requires it, may grant a new trial to the accused, in which case, a new Ecclesiastical Court shall be appointed, the proceedings before which shall be conducted as heretofore directed.

- § 228. All notices and papers contemplated in this Canon may be served by a summoner or summoners, to be appointed for the purpose by the Bishop, and whose certificate of such service shall be evidence thereof. In case of service by any other person the fact should be proved by the affidavit of such person. A written notice or paper delivered to a party, or left at his place of residence, shall be deemed a last sufficient service of such notice or paper.
- § 229. The defendant and the presenters may have the privilege of appearing by counsel.
- § 230. When there is no Bishop of this Diocese, or in his absence, if authorized to act as the Ecclesiastical Authority of this Diocese, the Standing Committee shall act in the place of the Bishop, for all purposes declared in this Canon.
